Ground Water Supply Project Update

Mr. Timothy Burley with C2AE addressed the board about our next steps with exploring for a new ground water supply to replace our surface water supply system on Maddox Lane.

In detail we discussed the next areas we are going to test, and dependent on what the water drilling yields we will explore additional sites.

Also discussed were at what point do we pull our NYS EFC Hardship application and reapply for next year. It was collectively decided to hold off making any decisions until we received the water sample results.
