Mary,

I just spoke to BC and Raulli their steel supplier confirmed with them by phone yesterday that we are on schedule. I will have an official update for the meeting with dates.

The associated, bar joist, metal deck, metal stair and metal railing shop drawings have also been finalized in the last two weeks. The certificates of the welders that will be onsite have been forwarded to Atlantic Testing and they are also waiting for the confirmed delivery date.

IPITOMY

Telecommunications has been undergoing unprecedented innovation, driven by the fast paced evolution of technology. The information technology revolution brought about by the Internet has spurred world-wide growth of connectivity and infrastructure. Legacy telecommunications services are being replaced by SIP (Session Initiation Protocol) which is rapidly becoming the norm in business communications. The big advantage of SIP is that it makes voice and other media travel on the same data pipeline like the rest of the Internet. IPitomy can become your own cloud communications platform that can increase efficiency and reduce expenses dramatically.

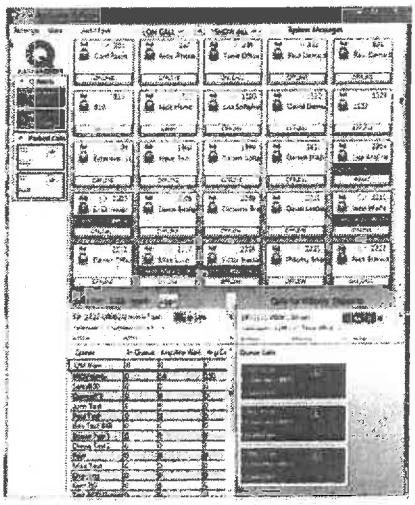
IPITOMY



Your customers appreciate efficiency.
Features like Follow-Me forwarding, corporate text messaging, simple point-and-click transfer and presence management, assure that your customers and prospects will experience the ultimate in customer service and return again and again to do business with you.

Investment protection is the name of the game.
Industry-tested and proven in hundreds of thousands of installations around the world, the open standards architecture on which IPitomy IP2000 is built will ensure that the IP PBX in which you invest today will remain a viable and valuable business asset now and in the future, but also that you will always be able to take advantage of the latest and greatest in technological advancements and feature enhancements. IPitomy uses the SIP protocol. This provides easy access to a world of exciting products and services like SIP Trunks that save money and increase productivity now and in the future.

With IPitomy IP2000, you are in control.
You choose the pace at which you introduce new features and functionality into your business. The IP2000 has all the functionality built-in and ready for you when you want it. Use traditional dial tone or move to SIP Trunks. Want your voice mails to be delivered by email? No problem, it's included. Advanced features like follow-me, Music on Hold, Conferencing are all included. Soft Phones can be used for a great alternative for traveling employees. IPitomy includes tools to allow your employees to control their phone features, forwarding and Voice Mail from an easy to use web page.

Beyond Traditional Expectations in a Business Phone System
The IP2000 has all the features you would expect from a business phone system, but that's just where the excitement starts. IPitomy has enhanced the entire application with IPitomy Q-Manager. IPitomy Q-Manager provides state of the art presence management, status of all users, text messaging plus presence and text on your mobile phone. Calls can be transferred, parked, recorded and monitored with the click of a mouse.

Mobility
Calls can be transfered from IPitomy back through the system from your mobile phone. Smart phones like iPhone and Android can even be an extension on the system by loading a SIP based soft phone.

IPitomy Text Messaging XMPP Server
Every IPitomy IP PBX includes an XMPP server integrated into the system. Employees can collaborate using voice and text messaging adding another dimension to your communications environment. IPitomy Text Messaging is compatible with a wide range of XMPP compliant clients so your communications environment can extend beyond the office to mobile devices such as smart phones and iPAD's.

Receptionist Console
With IPitomy DCM, operators and attendants can find and reach any and all employees and effectively and efficiently manage incoming calls ... whether your company has a single location or multiple branch offices. Knowing the status of all users at a glance improves performance. Transferring calls by clicking on the user icon is much faster than the old traditional DSS console

VIP/Visually Integrated Presence Panel
Keep DCM visible all the time from a VIP Panel. The VIP panel is small and displays the DCM information on a small full color 9" screen that takes up a mere six inches of desk space. Your work won't get interrupted just to see who is available to take a call.

IPitomy IP2000 - Make the Most Out of Open Standards
Don't get stuck in the past with equipment that is already obsolete. IPitomy is state of the art and will keep your investment working for you now and into the future.

Ms. Mary A. Casagrain
Village Clerk
Village of Tupper Lake
53 Park Street P.O. Box 1290
Tupper Lake, New York 12986

Dear Ms. Casagrain,

A Home Rule Request is needed for Senate Bill 4317-A/Assembly Bill 6349-A.

I am enclosing 8 Home Rule Request forms which need to be filled out. You also have the option to complete the forms online at www.nysenate.gov. Once on the site under the Open Senate tab you can find the Home Rule Form which can be filled out electronically (the 2014 is the correct one). Please remember that the 8 forms must be printed on 8.5" x 14" paper and they all must have original signatures and original seals. As you know, the Village Board needs to meet and you need to include the Senate and Assembly bill numbers. The instructions are on the back of the form.

When completed, please send all 8 forms to my attention at:

Office of Senator Betty Little
Room 310
Legislative Office Building
Albany, NY 12247

If you have any questions you can email me at ssloane@nysenate.gov or call me at 455-4811.

Thank you for your attention to this matter.

Sincerely,

Sandra Sloane
Legislative Director

STATE OF NEW YORK

4317--A

2015-2016 Regular Sessions

IN SENATE

March 13, 2015

Introduced by Sen. LITTLE -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the civil service law, in relation to employment of retired members of the division of state police as part-time police officers in certain villages in the county of Franklin

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 58 of the civil service law is amended by adding a new subdivision 1-a to read as follows:

1-a. Notwithstanding any provision of law to the contrary, including any other provision of this section, the board of trustees of the villages of Malone, Saranac Lake and Tupper Lake, in the county of Franklin, may authorize the appointment and employment, without examination or compliance with any other requirement of this section, as a part-time police officer with its village police department, of any retired former member of the division of state police.

§ 2. This act shall take effect immediately.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.

NEW YORK STATE SENATE
INTRODUCER'S MEMORANDUM IN SUPPORT
submitted in accordance with Senate Rule VI. Sec 1

BILL NUMBER: S4317A

SPONSOR: LITTLE

TITLE OF BILL:

An act to amend the civil service law, in relation to employment of retired members of the division of state police as part-time police officers in certain villages in the county of Franklin

PURPOSE:

This bill would allow the employment of retired state police officers as part-time municipal police officers in the county of Franklin.

SUMMARY OF PROVISIONS:

Section one amends section 58 of the civil service law by adding a new subdivision 1-a to authorize the board of trustees of any village in Franklin County to employ, without examination as a part-time police officer, any retired member of the state police.

Section two contains the effective date.

JUSTIFICATION:

This bill has been requested by the county of Franklin, and the villages of Saranac Lake, Malone and Tupper Lake so that they can have the flexibility to hire part-time police officers to meet the safety and fiscal needs of the community.

LEGISLATIVE HISTORY:

New Bill

FISCAL IMPLICATIONS:

none

EFFECTIVE DATE:
This act shall take effect immediately and the rules and regulations required by section one of this act shall be implemented within 120 days of such date.

Mayor Paul Maroun
PO Box 1290
Tupper Lake NY 12986

RECEIVED
APR 17 2015

Dear Mayor Maroun,

Please accept my thanks to you and your board for joining our coalition of Adirondack/North Country towns and villages in attracting the 4 million francophone tourists living within a 2-hour drive of our region. It is exciting to work together on such a project.

Now, we have more exciting news. Our Community Development Director Jeremy Evans, has agreed to seek funding, potentially through a consolidated funding application (CFA,) for the cost of new bilingual gateway and wayfinding signage, on behalf of any municipality within our coalition which chooses to become involved.

Since we believe this next CFA round will focus on "regionalism" when it comes to tourism development, marketing and job-creation, we believe our application will have a greater chance for approval given that we are now working together as a region.

Our application will ask for $12,000 for each participating municipality with this preliminary budget: 4 "Gateway" signs at $2,000 each and $4,000 for general street and traffic signage.

Please let us know as soon as possible whether your municipality would like to partner with the Village in this funding request. There is no charge whatsoever to your municipality for the application preparation and submittal. The most competitive applications, however, show financial commitment, through cash or in-kind services, from the applicant(s). So, it would be helpful if you would please also identify what resources your municipality would be able to commit to this initiative. For example, just taking down a pre-existing sign and putting up a new one is an "in-kind service" with a monetary value.

We hope you will join us in this effort and, as we move forward, the Village will be in contact with you to obtain any additional data required and provide you with further details about this funding opportunity.

For more information, please feel free to contact our community Development Director Jeremy Evans at 891-4150, ext 235.

Sincerely,

Clyde Rabideau
Mayor

Hi All,
I am forwarding this e-mail which I received from Abigail Sexton. As you can see Abigail is looking to shadow for one month this summer since she is pursuing government studies in college. Can you please consider whether this is something we may want to take on. Perhaps we all could help her out while at the same time helping ourselves out with duties Abigail may be able to assist with. Maybe a week in each office. I am not sure what the hours are required but in some instances I have seen 15-20 hours per week. I will contact Abigail for more details and let you all know. Please let me know if you are interested.
Thank you
Patti

> Hi! This is Abigail Sexton (you may remember me from skating so many years ago!).
> I have come quite since my days of skating, though. Currently, I am a freshman at Hamilton College. I am lucky enough to have been chosen for Hamilton's First-Year Forward program, which encourages freshman students from diverse backgrounds to gain career-related experience early on in their time at college.
> In addition to exploring careers and skills through individual and group sessions with employees from my college's career center, part of the way the program helps students prepare for their futures is by providing us with a stipend to enable us to acquire unpaid volunteer or intern positions over the summer without financial burden. This is where I am hoping you will be able to help me.
> I have grown increasingly intrigued with law and government during my freshman year at college. While I have always been intent upon law as a career path, examinations of how the government functions or has functioned in the past to benefit the people in my sociology and history classes, has piqued my interest enough to motivate me to look into governmental side of law. As a result, I will be enrolling in government classes in the fall and running for student assembly.
> This summer, I would like to becoming involved with the town government, because I believe that gaining that experience would help

me gain a greater understanding of a career field I am looking into and provide me with useful skills and knowledge should I choose to pursue that path. Please let me know if you might be willing to have a shadow or intern in your office for a month this summer, or if you know another town official who may, and what steps I should take to follow up.

Sincerely,

Abigail Sexton

To Whom It May Concern,

Although it may be hard to believe, the prom season is quickly approaching. Last year, millions of high school juniors and seniors attended prom and post-prom parties designed to eliminate the use and abuse of substances. Substance free proms and post-prom parties are the leading way to prevent alcohol and substance related accidents and deaths. The Tupper Lake Central School District is proud to host both a substance free prom and post-prom party. However, organizing such events takes not only the effort of the school-community partnership, but the support of the surrounding areas as well. In part, we are asking as a post-prom committee for a donation to help support our cause. In the past, the Tupper Lake Post-Prom Party has been attended by a substantial number of our students and our goal this year is to improve attendance.

The donation we are asking from you is as much as you feel comfortable giving. We only ask that you contribute to this preventative measure to help keep our students safe. The donation will go towards purchasing door prizes and prizes for games and other competitions. In essence, our goal is that every student receives a prize to express our gratitude for their safe decision making. This year, we have 68 seniors graduating and 73 juniors. In this group we have several students whom have already been accepted to high level colleges such as SUNY Geneseo, Elmira College, St. Lawrence and Hofstra University. Also, we have several students working towards acceptance into branches of the military. Overall, over 80 percent of our graduating seniors are pursuing post high school training at either a college, vocational training program or the military. Our district is a supportive and hardworking, safe haven for students and adults – please join us in thanking our juniors and seniors for making safe choices and showing dedication towards their future. Any contributions you can extend to our post-prom goers are appreciated by both our students and staff. If you kindly choose to contribute with a monetary donation, please make checks payable to Tupper Lake Youth Counsel.

Sincerely Thankful,

The Post Prom Committee

Chair, Board of Directors

April 2, 2015

Dear Colleagues,

I am pleased to share that yesterday at the quarterly meeting of the University of Vermont Health Network Board, the trustees voted to approve a Letter of Intent to enter into a formal affiliation with Alice Hyde Medical Center and expand the network to a total of five hospitals in Northern New York and Vermont.

Pending due diligence and regulatory approval, Alice Hyde Medical Center will become the fifth hospital in The University of Vermont Health Network joining:

- The University of Vermont Medical Center
- The University of Vermont Health Network – Central Vermont Medical Center
- The University of Vermont Health Network – Champlain Valley Physicians Hospital
- The University of Vermont Health Network – Elizabethtown Community Hospital

Alice Hyde Medical Center's decision to enter into the Network strengthens and formalizes our institution's relationship with the UVM Health Network – Champlain Valley Physicians Hospital and The University of Vermont Medical Center. It will build upon the existing collaboration through which cardiology, vascular surgery, and pulmonology providers are making services available in Malone, and continue the many years of clinical affiliation that Alice Hyde Medical Center has had with the UVM Medical Center.

Upon the approvals, Alice Hyde Medical Center would become UVM Health Network - Alice Hyde Medical Center, joining a highly integrated health care system focused on improving quality, increasing access and lowering costs of health care in the communities served by these hospitals in Vermont and New York.

Similar to the other hospitals in the network, Alice Hyde Medical Center will retain its own board, management, workforce, licensure, medical staff and endowment. It will be subject to the network's oversight and have representation on the network's board of trustees. It is expected that the affiliation will be finalized by the end of 2015.

This is a major milestone in the history of Alice Hyde Medical Center, and will be an important step to ensuring future success for our community hospital. Attached is a copy of the official press release. Feel free to contact me if you have any questions, and we look forward to continued future collaboration.

Sincerely,

UVM Health Network Votes to Pursue Affiliation with Alice Hyde Medical Center

Five-hospital affiliation would include Alice Hyde Medical Center, Champlain Valley Physicians Hospital, Elizabethtown Community Hospital, Central Vermont Medical Center and UVM Medical Center

Burlington, VT (04/02/2015) – The UVM Health Network Board of Trustees voted yesterday to enter into a formal affiliation with Alice Hyde Medical Center and expand its network to include a total of five hospitals in Northern New York and Vermont.

Pending due diligence and regulatory approval, Alice Hyde Medical Center will become the fifth hospital in The University of Vermont Health Network joining:

- The University of Vermont Medical Center
- The University of Vermont Health Network – Central Vermont Medical Center
- The University of Vermont Health Network – Champlain Valley Physicians Hospital
- The University of Vermont Health Network – Elizabethtown Community Hospital

In voting to pursue this affiliation, Alice Hyde Medical Center will become part of a coordinated, highly integrated health care system focused on improving quality, increasing access and lowering costs of health care in the communities served by the hospitals in Vermont and New York.

"Becoming a part of The University of Vermont Health Network is a wonderful opportunity for Alice Hyde Medical Center and the thousands of North Country residents we serve," said Douglas F. DiVello, MPH, FACHE, President and Chief Executive Officer of Alice Hyde Medical Center. "For the past 18 years, Alice Hyde has been an affiliate of Fletcher Allen - now The University of Vermont Medical Center - and has seen the tremendous benefits of this collaboration. Formalizing and extending this partnership will expand our communities' access to high quality services closer to home."

- more -

The vote to bring Alice Hyde Medical Center into the Network strengthens and formalizes the Malone institution's relationship with CVPH and The University of Vermont Medical Center. It will build upon the existing collaboration through which cardiology, vascular surgery, and pulmonology providers are making services available in Malone, and continue the many years of clinical affiliation that Alice Hyde Medical Center has had with The University of Vermont Medical Center, formerly Fletcher Allen Health Care.

"This is an exciting new milestone in the long collaborative relationship between The University of Vermont Medical Center and Alice Hyde Medical Center," said John Brumsted, M.D., President and CEO of The University of Vermont Health Network and CEO of The University of Vermont Medical Center. "The health care services they provide to the people in the region they serve will bring added value to the network, which in turn, will give the hospital access to more resources to augment that care."

Under this new relationship, Alice Hyde will become UVM Health Network - Alice Hyde Medical Center while remaining a free standing hospital with its own board, management, workforce, licensure, medical staff and endowment. It will be subject to the Network's oversight and have representation on the Network's Board of Trustees. Alice Hyde representatives will participate in developing and implementing system-wide initiatives and programs that promote their shared objectives such as:

- increasing access and improving the quality of health care services through joint clinical initiatives,
- centralizing administrative functions to reduce costs and improve efficiency,
- engaging in regional planning to address regional health care needs,
- integrating clinical services to improve quality and access.

"Every day we see the positive results of this collaborative effort. Together we are indeed stronger. The addition of Alice Hyde Medical Center to our Network presents new opportunities to improve the quality of care provided in our region," explained Stephens Mundy, President and CEO of Community Providers, Inc. and UVM Health Network - CVPH.

Since its inception in 2012, the Network has proven to be an effective partnership:

- Saving $6,000,000 in Network-wide expenses
- Integrating Cardiovascular Services across the Network to improve quality and offer services as close to home as possible and,
- Launching a Family Medicine Residency Program that will ultimately improve access across the region to primary care

It is expected that the affiliation will be finalized by the end of 2015.

###

About Alice Hyde Medical Center
Alice Hyde Medical Center is a private, not-for-profit hospital located in Malone, NY. Established in 1913, Alice Hyde Medical Center is comprised of a 76-bed acute care facility, a 75-bed long term care facility, four family health centers, a walk-in clinic, cancer center, orthopedic and physical rehabilitation center, cardiac rehabilitation unit, and a dental center. The medical center provides a 24-hour MD staffed emergency department, laboratory, a full array of surgical services, and a wide range of outpatient services. For over 100 years, Alice Hyde Medical Center has been providing high-quality, low-cost health care to the more than 55,000 residents of the North Country. In early 2015, Alice Hyde will open The Alice Center, a new, state of the art 135-bed skilled nursing facility with a 30-bed Assisted Living Program. The facility will replace the two current aging skilled care facilities located in Malone, and is the first such facility to be constructed in Franklin County. Alice Hyde Medical Center is governed by a 13-member Board of Directors, and is accredited by the Joint Commission. Learn more at www.alicehyde.com.

About UVM Health Network - Champlain Valley Physicians Hospital
The UVM Health Network - Champlain Valley Physicians Hospital, a subsidiary of Community Partners, Inc. (CPI), is a private, not-for-profit hospital providing top quality health care to the people of the North Country. Established in 1967 with the merger of Champlain Valley and Physicians Hospitals, CVPH is the largest employer and health provider in Clinton, Essex and Franklin counties. Services include an award winning cardiac services program, accredited cancer center, freestanding ambulatory surgery center, comprehensive rehabilitation services and a 24 hour physician-staffed Emergency Care Center. In 2012, CPI joined Fletcher Allen Partners which in 2014 became The University of Vermont Health Network, a four-hospital system working together to provide better access to high-quality, cost-effective care for patients. CVPH is governed by a 15-member Board of Directors, accredited by the Joint Commission licensed by New York State and Medicare/Medicaid Approved. Learn more at UVMHealth.org/CVPH or follow us on Facebook, Twitter and YouTube.

About the University of Vermont Health Network
The University of Vermont Health Network is a four hospital system serving the residents of Vermont and northern New York:

- The University of Vermont Medical Center (formerly Fletcher Allen Health Care)
- The University of Vermont Health Network – Central Vermont Medical Center
- The University of Vermont Health Network – Champlain Valley Physicians Hospital
- The University of Vermont Health Network – Elizabethtown Community hospital

With more than 4,000 health care providers throughout our region, we work together to offer high-quality care more cost-efficiently and as close to home as possible. Strengthened by our academic connection to the University of Vermont, each of our hospitals remains committed to its local community by providing compassionate, personal care shaped by the latest medical advances and delivered by highly skilled experts.

Tupper Lake Marketing & Destination Planning Contract Update:

Prepared: April 9, 2015

Prepared For: The Village of Tupper Lake

The Regional Office of Sustainable Tourism would like to update The Village of Tupper Lake on the current status of the Marketing & Destination Planning Contract. Here is a brief update as to what we have been working on recently with regard to the contract.

- **Tupper Lake Website & Marketing Efforts** - The new Tupper Lake website launched in November. Since then we have been adding new content and developing a baseline for which we can measure future marketing efforts.

  From Nov 17, 2014 to April 8, 2015 **tupperlake.com** has seen:
  - 46,941 Sessions
  - 35,160 Users
  - 95,269 Pageviews

  16,912 visitors from social media
  6,472 visits from email marketing

  Page views by main sections:
  - Events = 15,188
  - Lodging = 14,404
  - Recreation = 4,977
  - Dining = 2,547
  - Shopping = 1,759
  - Attractions = 1,695

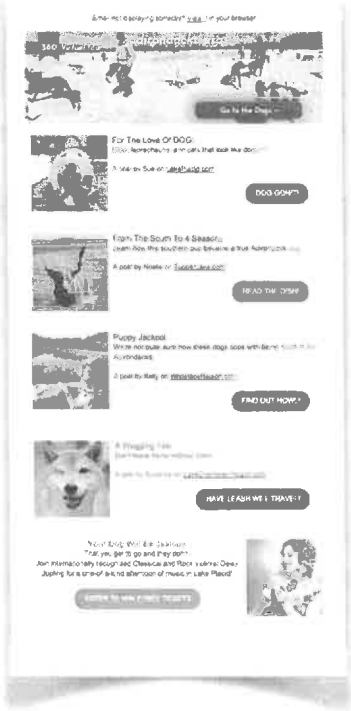
Our recent efforts have been focused on:

- Refreshing the homepage and main navigation pages of the website with spring/ summer images and copy.

- We have also been focused on adding summer recreation database content for hiking, paddling and fishing. Next we will be focusing on adding biking content as well.

- Continuing to blog for Tupper Lake on themed subjects. The blogs are e-mailed out in the weekly Adirondack, USA Newsletter, to a list that is currently at over 100,000 address. In addition, we are add additional blog content to tupperlake.com which we use to engage people via social media.

- We have an upcoming meeting schedule with the lodging properties to encourage their engagement in the summer and fall campaigns.



- **Destination Planning** - The NCREDC Tourism Destination Area Nomination Workbook has been completed. We are currently reviewing the handbook internally and will be making in public in the near future. Once we release it online, we encourage you and the public to review the handbook. In late summer, we will resume the destination planning process by working on developing a DMP for Tupper Lake.

- **Open House and Public Meeting** - The open house and public meeting that was originally scheduled for February but was scheduled due to water pipe burst, has been rescheduled. The new date for the meeting will be May 26, 2015 from 5:30-7:00pm at the Tupper Lake Information Center, 121 Park Street, Tupper Lake.

Hi Mary,

Here is this months update for the board.

The town had requested that I present it in person, let me know if the village would like me to do the same. In June, Jim would like to present an update on the year.

Date: Monday, March 23, 2015
Location: Village Board Room
Meeting: Public Hearing & Special Meeting 6:02-6:56 PM

At the Public Hearing and Special Meeting of the Board of Trustees held this date, the following were present: Mayor Paul Maroun, Trustees Thomas Snyder, Leon LeBlanc and Village Clerk/Treasurer Mary A. Casagrain.

Trustee David Maroun was absent from the Public Hearing and Special Meeting.

Also present were Code Enforcement Officer Peter Edwards, Electric Superintendent John T. Bouck, residents David McManne, Ronald Lascala, Gena Lascala and News Reporters Mary Peryea, and Thomas Salitsky.

Call the Public Hearing To Order – 187 Park Street Unsafe & Dangerous Building — Mayor Maroun called the Public Hearing to order for the purpose of hearing comments from the public concerning proceedings to remove an unsafe and dangerous building located at 187 Park Street.

Peter Edwards Code Enforcement — Code Enforcement Officer Peter Edwards stated he had concerns with the structure sitting in its current state at 187 Park Street. He further recommended the Village Board proceed with the removal of the structure.

David McManne Water St. Resident — Mr. David McManne asked what the difference between this building and other abandoned properties. He stated there is a property located next to his home on Water Street that is a nuisance.

Code Enforcement Officer Peter Edwards stated the property located on Water Street is being maintained by a provider and it is secure and sound.

Mr. David McManne stated the maintenance company isn't maintaining the entire property and in fact is mowing part of the Village's property, probably because there are logs that are more difficult to work around.

Mayor Maroun advised he would have Code Enforcement Officer Peter Edwards contact the mortgage company to inform them of the correct dimensions of the property.

Trustee Richard Donah Entered Public Hearing at 6:07 pm — Trustee Richard Donah entered the Public Hearing at 6:07 pm.

Ronald Lascala — Mr. Ronald Lascala stated the 187 Park Street structure is an eyesore, dangerous and a hazard. He stated he had concerns because it is so close to a bus stop and worried about high winds

Asbestos Survey	It was noted that the first step would be to proceed with an asbestos survey to determine if it is present. If not we may be able to remove it our selves.
Close Public Hearing 6:14 pm	Mayor Maroun called the Public Hearing to a close at 6:14 pm after there were no further comments.
Call to Order and Agenda Established	Mayor Maroun called the Special Meeting to order and established the agenda at 6:15 pm.

Laborer & Heavy Equipment Operator Vacancies

It was noted that we will be advertising in the coming weeks for the vacancies of Laborer for the Municipal Park and Heavy Equipment Operator for the DPW.

W/WW Helper In-House

It was noted that there is now a vacancy for a W/WW Helper and it would be posted in house first, if no applicants are received within, we will also post outside if necessary.

Department & Men's Softball League Storage Building	Town of Tupper Lake Supervisor Patricia Littlefield asked if a decision has been made as to the location of a storage shed for the Town of Tupper Lake Recreation Department and the Men's Softball League. She was surprised it was still being kicked around and now there are others involved. Trustee Donah advised that he wasn't happy with the pictures presented by Councilman Richard Skiff and asked Code Enforcement Officer Peter Edwards to consider other options that might be available in the park to better accommodate their needs as well as budgets. We are now working through those options.

At the Special Meeting of the Board of Trustees held this date, the following were present: Mayor Paul A. Maroun, Trustees Thomas Snyder, Leon LeBlanc, David Maroun and Village Clerk/Treasurer Mary A. Casagrain.

Absent from the Special Meeting were Trustee Richard Donah and Leon LeBlanc.

Also present were Town of Tupper Lake Board Members Patricia Littlefield, Kathleen LeFebvre, Michael Dechene and John Quinn. Fire Chief Carl Steffen, Volunteer Fireman Mark Arsenault, Santa Clara Resident Nancy Howard and News Reporters Daniel McClelland and Thomas Salitsky.

Call to Order and Agenda Established

Mayor Maroun called the Special Meeting to order and established the agenda.

Budget Work Session for Fire, W/WW& Electric Departments

First we reviewed the Fire Department portion of the General Fund budget.

Fire Chief Carl Steffen also explained in detail the ISO Audit Results and possible resolutions to lower our fire rating.

Fire Chief Carl Steffen also explained in detail the three (3) FEMA Grants we applied for this past December and are awaiting funding awards.

Questions from Supervisor Littlefield

Supervisor Littlefield asked if we had any intentions of selling any equipment in the coming year that might offset any portion of the budget and what if a FEMA Grant is received, how would that be handled.

Fire Chief Carl Steffen explained at this time there is no intention of removing any equipment unless we are funded a grant from FEMA or it might negatively affect our ISO fire rating. If we are funded we would retire the oldest equipment first and put it out for bid.

Councilwoman LeFebvre

Councilwoman LeFebvre asked when we plan to start replacing vehicles.

Fire Chief Carl Steffen outlined the age and use of all vehicles and explained our first goal was to replace the fire station and then to start planning for equipment.

Councilman Quinn

Councilman Quinn asked about the Town of Santa Clara Fire

requested it be offset to this year's equalization.

Supervisor Littlefield — Supervisor Littlefield stated she would like a meeting of the Joint Fire Protection Committee in the coming week to discuss the equalization, Santa Clara Contract and the BAN interest as well as a multi-year contract with fixed inflationary figure in it.

It was noted that Trustee Richard Donah would establish that meeting in the coming week with them.

Thank You — Supervisor Littlefield thanked the Village Board for the invitation and looked forward to future discussions to discuss the fire contract for services to the township.

Town of Tupper Lake Board Members exited the Special Meeting and Water/Wastewater Superintendent Mark Robillard and Electric Superintendent John Bouck entered the Special Meeting.

W/WW Budget Review — Next we discussed the Water/Wastewater Department budgets.

Authorization was given to the W/WW Departments to replace a pickup and to further investigate whether or not a Vac-Con was available on NYS OGS Contract.

Derrick Olds In-House Transfer to W/WW — Motion by Trustee Maroun, seconded by Trustee Snyder to approve an in-house lateral transfer from the DPW to the W/WW Department for Mr. Derrick Olds effective May 1, 2015 once the sand is picked up in the coming weeks. (Carried 4-0)

Electric Budget Review — Next we discussed the Electric Department budget.

Authorization was given to the Electric Department to replace a pickup in the coming budget and to check the cost out on the NYS OGS Contract.

The Electric Department was also directed to investigate if there were any alternative utility vehicles available from NYPA through the MAP program.

It was noted that in the coming month we expect to receive a transmission credit from National Grid.

The capital projects highlighted for the coming year are NYS DOT, System Improvements with Northline Utilities, LLC, Capital Property Records completion (80% at this point), SLIC and DANC connections, River Road Upgrade, ESB Project, Summer Park Events and Hemlock Ledge Capital Replacement.

IEEP Initiatives highlighted were furnace for W/WW, Municipal Office Generator and Street Light Replacement from High Pressure Sodium to LED.

No adjustments were made at this point in the budget process.

NYPA Tree Power Program — It was noted that the New York Power Authority was offering their Tree Power Program again this year with an order deadline of April 30, 2015

Formally Adopt TL Revitalization Strategy & Action Plan & Design Concepts	Motion by Trustee Maroun, seconded by Trustee Snyder to formally accept the Tupper Lake Revitalization Strategy and Action Plan that was presented back in December of 2013 and the Tupper Lake Demars Blvd. Design Concepts for NYS Route 3 to present to the Joint Planning Board for reference, review and as guidelines for future community projects. (Carried 3-0)
Adjournment	Motion by Trustee Maroun, seconded by Trustee Snyder to adjourn the Special Meeting at 9:40 pm. (Carried 3-0)

Chief of Police Eric T. Proulx
proulx@tupperlakepd.com

Dear Mayor Maroun,

The intent of my letter is to explain to you the continued growth of a fairly new event hosted by the Tupper Lake Police Department and Tupper Lake Kiwanas Club. The event is coming fast and I am still in need of funds to be able to put it all together.

The Tupper Lake Police Department /Kiwanas Bicycle rodeo was started in 2008. We have had 7 years of successful turnouts, with both weather, and participation. In the beginning years we would get between 30-50 kids a year participating in the event. The event grew to 75-100 kids and this year we had about 150 total kids and with adults we had approximately 250 people enjoying the event.

From 2008-2012 we ran the rodeo in July at the Tupper Lake Municipal Park successfully. It was then decided in 2013 that we would approach the Tupper Lake School District and propose moving the Rodeo to the L.P.Quinn Elementary property and move the date to June to catch the children before they leave for summer break.

The 2013 Bike Rodeo was a huge success and the L.P.Quinn lower parking lot , field , and playground proved to be the perfect location for the ever growing rodeo and family event. As now we had the use of a playground for the very young children.

For the first time we were able to add a off road skills course which proved to be very popular amongst the older kids, and the on road course the younger kids would go through numerous times without hesitation, and all while exhibiting good safety techniques. Children as young as 3 were watching for stop signs acknowledging them by stopping their bike without instruction. The children seemed to stay stopped until either instructed to go or if a light changed from red to green.

The services we provide prior to the children starting the course is we first fit the children for a new bicycle helmet if they do not have one or their current one is no longer serviceable, we then test their skills using small signs for identification purposes, like RR Crossing, Crosswalk, Stop, Hand Signals, etc… After successfully getting fit for a helmet/ helmet check, and passing the Sign/Hand Signal test we have their bicycle professionally checked out by a local bicycle mechanic who makes minor repairs, to make sure the bikes are safe to go through the course as well as safe to drive daily, as far as the frame not cracked, the tires and brakes good etc.. The technician also makes sure the bike is fit to the child correctly and is not too big or too small.

The children are then off to the road course which is set up to challenge the awareness of the children. We construct numerous intersections where the children have to read signs like yield, stop, one way, right turn only, etc. We make sure the children follow the signs and we change the signs often to keep them on their toes. We test their other skills like balance, the ability to go down hills, stop, start, hand signals, etc. Basically we are trying to cover numerous different real world scenarios so the children have a working knowledge of how to be the safest on the road as possible.

After they "Master" the road course they head to the Off Road course where their skills are challenged even more. They take their skills learned in the On Road course and apply them to a less forgiving terrain. They will traverse uneven, bumpy, rocky situations and they are taught how to do it safely. They then have an obstacle course they go through crossing things like balance beams 16 feet long and from 6"-4"-2" in thickness. After they get a handle on that they will do the same thing at the next station but with the added challenge of it being a Teeter Totter set up so they peddle up the beam and after crossing the center point they begin to go downhill, again we start off with a 6" beam and go down to 2".

The children are then tested on going up steep hills from a dead stop at the bottom to climbing up and switching gears as they go up the hill so they learn how to use their gears instead of being dependant on just one or two of them. The kids will then show off their control of the bike by having a slow race where balance and slow speeds win the race.

After completing all the events the kids go see the balloon twisting clown who is a big hit. She makes balloon animals for all the kids who want one.

They then can go over and bounce on a bounce house that is provided by Woodmen of the World Insurance Company.

We have a showing from the fire department they will usually bring a fire truck for the kids to look at and fireman for them to talk to.

The Tupper Lake Volunteer Rescue Squad will show up with a rig for kids to look at and can get that necessary band aid if they get a scrape on the course

Last but definitely not least the children and parents are treated to a free lunch which offers fresh pizza, cheeseburgers, hot dogs, and for drinks they get water, and slush puppies. Then if they still have room left they get to go to the Stewarts table that is set up and they make their own Sundae's which are a big hit for all.

All the children participating go home with a few great door prizes like glow in the dark water bottles, as well as Frisbee's, medals, certificates etc....

To date all of this is offered free of charge and is done through donations. But as we all know you can only go so long and you only can ask for so much money.

I am hoping that you will be able to assist me in finding additional sources of funding to continue to make the event grow in size. Every year it is a tough fight begging, and borrowing to make this event happen. Any money you could find at the state or county level would be greatly appreciated. With your help the event will continue to support the youth of our community.

Bike rodeos are solid investments in children's safety

For the past seven years Mike Vaillancourt and the Village of Tupper Lake's Police Department have been teaching youngsters here about bicycle safety at their annual bike rodeo each June.

The event had been held at the firemen's strip at the Tupper Lake Municipal Park, but in recent years the site has been the lower parking lot at the L.P. Quinn. Unlike the park where the prevailing winds from the west blow almost every day, the elementary school site is tucked out of the wind. It's a better place for it when the weather doesn't cooperate, as it sometimes does.

The event was created by Officer Vaillancourt in 2008 when he was the bike officer on the village PD. The village and its police department have been the event's sponsor, in concert with the Tupper Lake Kiwanis Club volunteers.

The local Kiwanians gave away another free bicycle again this year, as they have in the past.

The event has grown in popularity with each passing year and this year saw the most youngsters yet at about 150. That's a remarkable number in our small community. Another 100 or so parents came with them.

Part of the reason for all the interest is the amount of prizes and treats that are given out. Mike does a remarkable job button-holing local and area businesses for donations of merchandise to popularize the event with kids.

He also generates for his event a considerable amount of cash donations which are used to buy bicycle helmets for the kids who come. This year over 125 helmets were given to children and over the event's seven year history the number of helmets given out to protect youthful noggins has exceeded 1,000.

The event has attracted the support of a number of local businesses.

Pete Richer from Day Wholesale was there with the company's Slush Puppy trailer, from which 16 gallons of the magic flavor mix were transformed into hundreds of delicious treats.

Next door Mike Russell and other members of the Tupper Lake Volunteer Fire Department were busy cooking on the grill hundreds of hot dogs and hamburgers donated by Shaheen's Supermarket. Jrecks Subs of Tupper Lake donated water to wet the whistles of the thirsty rodeo contestants.

Gary Kucipak of Guido's Pizzeria produced 15 pizzas for the participants to enjoy.

Many of the lunch-time meals were capped off with "all you can eat" ice cream sundaes, provided by the local Stewarts' Shop.

When they weren't riding their bikes through the obstacle courses, many of the younger kids had a chance to bounce away their stress in the Woodmen Life Insurance firm's bounce house, which many youngsters seem to love.

The Woodmen fraternity here has become a primary supporter of the bike rodeo in recent years and has pledged to do more in upcoming years to help make the event grow.

The volunteers from the Tupper Lake Rescue Squad were on duty, should there have been a spill on one of the bike courses that day. Fortunately their skilled services weren't called up Saturday.

Even the army was there this year with Sgt. James Kohl making the trip from his headquarters in Plattsburgh to volunteer. So impressed with Saturday's event the army recruiter is talking about bringing a rock wall and an Army Humvee to the event next year for the kids to climb on and through.

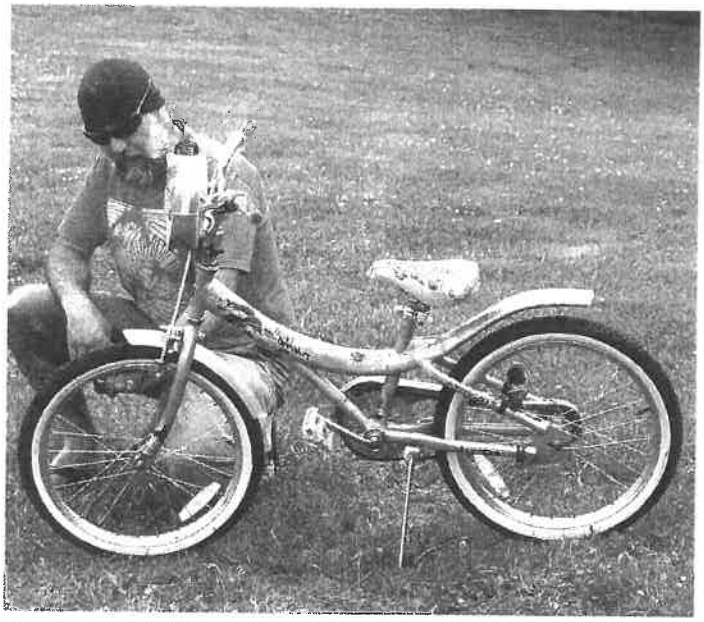
For the older bike riders there was an obstacle course on the adjacent playing field featuring jumps, bumps and even a teeter-totter unit to navigate on bicycle. Also there was a slow race to point up the rider who could go the slowest and still maintain control of his two-wheeler. The aim of that race is to show control, according to Officer Vaillancourt.

One important feature of the bike rodeo is the winding course that is designed to familiarize young riders with the traffic signs of the road. Riders, for example, learn that a stop sign means they must stop before proceeding.

The sign recognition lesson to make for more street savvy kids, plus a drumming into the young bikers' heads of the necessity of wearing bike helmets, will go a long way to keeping more young bike riders safe on the road.

If only one child can be kept out of harm's way by the lessons they learn at our local bike rodeo each year, then every ounce of effort and every dime of donated funds spent on these events of the past seven years will be more than worth it. Kudos to organizers and supporters!

-Dan McClelland



Kevin LaDue, co-owner of the Faust Motel in downtown Tupper Lake, has become something of a fixture at the local bike rodeos of the past eight years. He was back Saturday to volunteer his bike repair talents to the children who took part in the annual June event here. Many took advantage of his tune-up offers. Kevin works part-time as a bike technician at High Peaks Cyclery in Lake Placid and has for the past 16 years.

Parker Thomas Kriegal was one of the more than 150 kids who came out to learn bike safety and win prizes and treats Saturday at the L.P. Quinn lower parking lot.

Pete Richer of the Day Wholesale staff brought the company's Slush Puppy trailer to Saturday's eighth annual bike rodeo, sponsored by the Tupper Lake Police Department. Joining Pete for a chat that day between dispensing the tasty ice treats was Tupper Lake native Barbara Gillis

U.S. Army Recruiter Sgt. James Kohl of Plattsburgh came to Saturday's bike rodeo to volunteer his time and hand out some free gifts for participants. The army sergeant read a news item recently that the organizers of Tupper Lake's event needed volunteers, so here he came to volunteer. He anticipates he'll be joined by several of his army buddies next year.

Dear Carl,

Sorry it took so long for this, the rubber supplier I use to buy from, went out of business.

Anyway the estimate to replace all the rubber that is or has fallen out from under the water tank would be $ 2600.00 to include all materials and labor.

This includes removal of the hose bed, raising the water tank and installing new extruded U shaped rubber that will not move.

If you have any questions, please don't hesitate to call.

Sincerely,

Randy S. Preston

MEETING AGENDA

PRE-CONSTRUCTION MEETING

for

Tupper Lake Multi-Use Trail Connector

Village of Tupper Lake, Franklin County
PIN 7804.81

April 21, 2015
10:00 A.M.

I. GENERAL – INTRODUCTION AND ATTENDANCE

This meeting is a Pre-Construction Meeting for the Tupper Lake Multi-Use Trail Connector project. This pre-construction conference is intended to review the Contract Documents and the Administration of Construction. This is informal only and in no way changes the Contract, which stands by itself. The Contract shall be read in its entirety for more information.

Round table introductions.

II. MATTERS:

a. Commencement and Completion of the Work

All work shall be substantially completed by within 12 calendar weeks following the date the Contractor mobilizes the site or August 1, whichever occurs first.

Process for Notice to Proceed

Review Contractor's proposed schedule if available at meeting. If not available, a schedule shall be submitted to the ENGINEER for review.

b. Utilities

There are no overhead or underground utilities that will require relocation/removal prior to construction. The Village has executed a Lease Agreement with National Grid for use of the utility corridor and construction of proposed trail. The Village will notify NYSEG of contractor mobilization.

- NYSEG: Contact Person – Scott Graham, Real Estate Representative, Asset Management – 315-428-5663, scott.graham@us.ngrid.com

c. EEO & Subcontractor Filing Forms

The necessary administrative paperwork is reviewed here

- A maximum of 50% of the total project cost may be subcontracted without prior written approval from the OWNER. The CONTRACTOR has submitted a list of subcontractors and suppliers for the project. Review of EEO requirements on project.
  - 6.9% of the workforce is the workforce goal for female workers
  - 2.1% of the workforce is the workforce goal for minority workers
  - There is no DBE goal for this project
- Collect EEO paperwork provided by Contractor at meeting
- AAP 35 – Workforce Participation Plan (attached)
- AAP19 – M/W/BE Schedule of Utilization (attached)
- Prepare Affirmative Action Contract Requirements (HC 183) at Meeting

d. Engineer's Field Office

An Engineer's office was included in the project bid for this project in accordance with the specification included in the contract documents, however the Village has indicated there may be available space in the Village Hall to utilize as the project field office.

- The CONTRACTOR is responsible for supplying office supplies and equipment except for the computer and digital camera.
- A bulletin board shall be erected at a common location at the site. Wage rates, required labor law notices, permits, etc., shall be displayed on this board.
- Job meetings (review required attendees).

e. Wage Rates: LABOR LAW REMINDER

- Dispensation Request?
- Wages paid must not be less than prevailing rate of wages as provided. This project incorporates both State and Federal Wage Rates.

- The CONTRACTOR and Sub-Contractor must post wage rates and supplements in a prominent location.
- The CONTRACTOR and Sub-Contractor shall provide payroll records when submitting monthly payment requests to the ENGINEER.
- Non-discrimination is the law, and contractors may not discriminate in hiring by reason of race, creed, color, age, sex or national origin.
- Worker Notification – Effective 10/10/2014. Contractors and subcontractors are required to provide written notice to all laborers, workers, or mechanics the prevailing wage rate for their particular job classification on each pay stub or attached to each pay stub.
- OSHA 10-hour Construction Safety and Health Course – Effective July 18 2008. On all public works projects of at least $250,000 all laborers, workers, and mechanics must be certified as having successfully completed the 10-hour OSHA construction safety and health course. Certificates for each worker will be supplied with each certified payroll submission.

f. Safety at the Work Site

The CONTRACTOR is reminded that safety during construction should be of primary concern. The CONTRACTOR shall hold weekly safety meetings to ensure that safety is stressed to all personnel:

- Use common sense … be constantly vigilant ... look out for co-workers.
- Expect & be prepared for the worst ... You can't control all the variables.
- Safety is doing the job the right way ... it starts with the right attitude.
- A Project Safety and Health plan is required. Provide EIC a copy before work begins.

g. Submittals

The Contract Documents list the required submittals. The CONTRACTOR shall submit to the ENGINEER (for distribution) two (2) copies plus what they need returned. The CONTRACTOR can proceed with/initiate the acquiring of submittals immediately. Shop Drawings are to be submitted and reviewed by the ENGINEER before any materials are to be installed. Failure to comply may lead to the installed materials being removed at the CONTRACTOR's expense if found to be unacceptable. Submittals shall be emailed to Gregory Miller at Barton & Loguidice, D.P.C. (gmiller@bartonandloguidice.com).

"FAXed" submittals will not be accepted for Shop Drawing review. Drawings and other data may be "FAXed" for information purposes only.

Electronic submittals will be accepted for Shop Drawing review. Electronic submittals should be emailed to the ENGINEER. The CONTRACTOR is responsible to check all

shop drawings before submitting to the OWNER for review.

h. Payments

The CONTRACTOR shall prepare and submit a schedule of values for review and approval. This schedule of values will be utilized to base on percent complete as the basis for the monthly pay estimate. The OWNER will prepare a monthly payment estimate and review it with the CONTRACTOR for quantities completed to date (at a designated time of the month discussed at this meeting). Review any voucher format that may be required.

i. Changes in the Work

The Contract is set up as a series of lump sum items to accomplish the work as shown or specified in the Contract Documents. Should additional work be required, as directed by the OWNER, written requests for the change shall be made by the OWNER requesting the CONTRACTOR to include detailed costs broken down into labor, material and equipment. Changes in work shall be in accordance with the Contract Documents.

- The CONTRACTOR is to notify the ENGINEER as soon as possible if major details cannot be constructed as shown on the drawings. The ENGINEER and OWNER will determine what change (if necessary) is to be instituted.

j. Specific Construction - Related Topics

- Construction Administration and Inspection will be performed on a full time basis by the ENGINEER. Review Construction Administration Team.
- This contract incorporates the NYSDOT Standard Specifications for work performed in the States right-of-way. The CONTRACTOR should also be made aware that this contract is bound by Federal Aid contract provisions (see Special Notes for F. Aid Projects).
- It is noted that the ENGINEER will procure the services of an independent laboratory for testing of concrete and other materials as required by the specifications. Coordination with the testing laboratory will be completed by the ENGINEER. The CONTRACTOR shall notify the ENGINEER a minimum of two (2) days prior to completing any work which will require field testing and shall furnish the materials required for field tests (i.e. concrete, fill, etc.)
- All suppliers must be New York State certified suppliers.
- Emergency contact list.
- The project shall meet the conditions of the permits/variances issued by APA, USACE, NYSDEC, NYSDOT, and the Village.
- Discuss material stock pile requirements.

- The CONTRACTOR shall notify the EIC and plants no later than 3:00 pm the day before concrete or asphalt is required.
- The CONTRACTOR shall provide a list of material suppliers.
- All material suppliers for site work and work performed in State right-of-way shall be on the NYSDOT approved material source for Granular material (ie: select granular fill, select structure fill, stone filling, etc.). The CONTRACTOR must provide notification six weeks in advance of any materials being used, if the source is not approved by NYSDOT.

- **Site Specific Conditions:**

- Installation of an 8-foot wide stone dust trail surface following an existing primitive trail along the former New York and Ottawa railbed from the existing train depot to the Aubuchon Hardware store parking lot;
- Provide striping and trail sections along the perimeter of the Aubuchon store parking lot to NYS Route 3, across NYS Route 3 to the existing park area;
- Installation of an 8-foot wide stone dust trail surface along a trail spur from the former railbed to McLaughlin Avenue;
- Provisions for shared roadway signage and pedestrian accommodations along existing streets, including McLaughlin Avenue, Pleasant Avenue and Boyer Avenue, Park Street and Hosley Avenue;
- Installation of two segments of low impact boardwalk systems using helical pile systems spanning delineated wetland areas;
- Wetland areas will be required to be separated from construction activities using silt fence and construction fence per APA/USACE instructions
- Contractor will be required to meet the provisions of the permits of the Adirondack Park Agency and USACE, NYSDEC regarding wetland areas
- All construction work within the former New York and Ottawa railbed (now under NYSEG ownership) and existing utility corridor will be required to maintain required clearances as indicated by NYSEG and Village of Tupper Lake Municipal Electric

New York State Department of Transportation has approved Northline Utilities, LLC as the contractor to relocate the Village's electric distribution system for the project show above. The Village should use the Unit Prices and Extended Prices as show in Exhibit 10 of Curtis R. Wilson's letter address to me dated April 8, 2015. At this time please award your relocation project to Northline Utilities and have them start the relocation work as soon as possible.

As always, should you have any questions regarding this project, please feel free to call me at any time. My telephone number is (315)785-2340.

Very truly yours,
