Trustee Thomas Snyder was absent from the Regular Meeting.

Also present were Buck North and Nielson Snye with the Woodsmen's Association, Hope Frenette, James Frenette and Christopher Keniston from ARTA, Michelle Clement from the Chamber of Commerce, residents Debra Meyer and Ronald LaScala, Electric Department Superintendent John Bouck, Department of Public Works Superintendent Michael Sparks, Water/Wastewater Superintendent Mark Robillard, Police Chief Eric Proulx, Code Enforcement Officer Peter Edwards and News Reporters Shaun Kittle, Ted Morgan and Mary Peryea.

Call Regular Meeting To Order — Mayor Maroun called the Regular Meeting to order and established the agenda at 6:00 pm.

Pledge — Pledge of allegiance to the flag and a moment of silence and prayer for the safe return of missing teen Collin Gillis.

Chamber of Commerce Event Coordinator Update — Ms. Michelle Clement from the Chamber of Commerce gave the Village Board a brief overview of the statistics from this summer's events and visitors to the area. She also advised that the Chamber of Commerce hired Ms. Sally Dickie to be the visitor coordinator, the center is staffed Monday-Saturday from 9:00 am to 5:00 pm.

Ms. Clement suggested we join forces to create a vision planning initiative for the future of the Chamber of Commerce. She strongly echoed the necessity to create a marketing plan for the area and to work closely with other chambers in the tri-lakes.

Tupper Lake Woodsmen Association Update — Tupper Lake Woodsmen Association members Mr. Buck North, President and Mr. Nielson Snye Treasurer visited to thank the Village Board for their continued help and work each year and their efforts in improving their annual event.

Trustee Donah asked them if they'd consider inviting Paul Smiths College students to be involved in the event.

Mr. North advised that they are in the process of planning for next summer's event and are considering alternatives to moving the event to see if they could accommodate incorporation of some of the forestry students attending neighboring colleges.

Mayor Maroun applauded them for their efforts and look forward to our continued work together.

Open Public Period:

ARTA Update — Mr. Christopher Keniston advised that over 85 Tupper Lake Businesses have supported ARTA's initiative to development of recreational trails. He stated people are already here to recreate. On September 11, 2013 the Town of North Elba voted to support an only trials resolution. They have affirmed that rails with trails was not environmental or economically feasibility. He stated we, meaning the community members and business, ask that the Village Board of Trustees consider a trails only resolution similar to that of neighboring communities like the Town of North Elba, Village of Lake Placid, Town of Colton, Town of Piercefield and soon to be Town of Harrietstown and Town of Tupper Lake.

Peter Edwards — Mr. Peter Edwards advised that over 95% of Tupper Lake residents and businesses want a trail to embrace the snowmobile tourism during the winter months.

Trustee Donah — Trustee Donah read from an old newspaper article from the 1940's that he found during some renovation work on his property that outlined the demise of the train industry as it began its decline. He stated he wants the community to proceed with deciding the fate of our community's recreation future.

Sex Offender Local Law

Ronald LaScala — Mr. Ronald LaScala presented the board with a sample law from West Chester County outlining local legislation that he suggested we adopt to protect our youth from sex offenders residing near our schools and homes.

Chief of Police Eric Proulx advised that there hasn't been any new legislation since 2007 when such laws have been challenged and deemed unconstitutional. He stated that the last court case awarded over $1 Million in damages against a community for adopting such a law.

Mayor Maroun advised he would be meeting with our Village Attorney later in the week and would research it further.

Mayor's Announcements:

Special Meeting 9/17/2013 @ 3:00 pm — Mayor Maroun advised that on Tuesday, September 17, 2013 we will be holding a special meeting to host an on-line computer telephone conference with Terrain-ANY our consultants for the Beach Feasibility and Municipal Park Master Plan to discuss alternatives for the gateway construction. It will be limited to 30 minutes.

AATV Resolution — Motion by Trustee Donah, seconded by Trustee Maroun to support a resolution supporting the Adirondack Association of Towns and Villages to support the Five Towns TNC Land Classification Initiative as follows:

RESOLUTION IN SUPPORT OF THE TOWNS OF INDIAN LAKE, LONG LAKE, NEWCOMB, MINERVA AND NORTH HUDSON CONCERNING THEIR PLAN FOR ECONMIC SUCCESS

WHEREAS, we are in receipt of a letter from the Five TNC (The Nature Conservancy) Towns (The Upper Hudson Recreation Hub/Indian Lake, Long Lake, Newcomb, Minerva and North Hudson) expressing concerns over the current Adirondack Park Agency process, and

WHEREAS, we deem the "classification" of the newly acquired TNC lands, and the subsequent management of same, as critically important to the future of the Five Towns and the entire Adirondack Park, and

WHEREAS, we conclude that for all of us to say, "It is a new day in the Adirondack Park", it means we **ALL** have to do business differently, and

WHEREAS, the sense that the Adirondack Park Agency, may be poised to, "do business as usual", is of grave concern, and

WHEREAS, staff references to things like the Snowmobile Guidance Document, as an alleged barrier to recreation, are at a minimum disheartening, and

WHEREAS, these observations only reinforce the message which was previously sent by the Adirondack Park Agency, when they failed to offer a broader range of options for public consideration during the recent Classification process, specifically the sad reality that no option considered a campsite, or any significant Intensive Use Area, and

WHEREAS, based on this pattern of disturbing facts, we find it critical to weigh in.

NOW THEREFORE, BE IT RESOLVED that the Village of Tupper Lake Board hereby asserts that the desires and the direction of the Upper Hudson Recreation Hub (Indian Lake, Long Lake, Newcomb, Minerva And North Hudson) are absolutely consistent with:

1. The Common Ground Alliance stated vision for a more sustainable/usable Park.
2. The Recreation Strategies work asserting the need for more recreational opportunities (the Upper Hudson Recreational Hub was actually showcased as a pilot area).
3. The Adirondack Futures vision for a more usable Park.
4. The highly touted success story involving the Moose River Plains Partnership.
5. The Governor's stated vision for these lands.
6. Commissioner Marten's stated vision for these lands.

AND BE IT FURTHER RESOLVED, that it is critically important that the Adirondack Park Agency recognize the physical and logical reasons to classify these lands as Wild Forest:

1. There is an existing network of roads sufficient to support higher levels of use.
2. There are existing bridges, demonstrating these lands are NOT Wilderness Classification.
3. Rights will remain on these lands for motorized use (authorized through 2018 for lease holders and 2019 for TNC) which is absolutely inconsistent with a Wilderness Classification.

AND ALSO BE IT FURTHER RESOLVED, that the use of an *Intensive Use Corridor,* similar to the successful example demonstrated in the Moose River Plains, is hereby encouraged. This is to allow roadside camping and greater densities of camping, both of which are designed to entice use away from more environmentally sensitive areas. Plus an *Intensive Use Corridor* will open up the opportunity for a groomed cross country ski trail connection between all of the participating towns.

AND BE IT ALSO RESOLVED, the Association of Towns and Villages hereby goes on record, with the strongest level of support possible, for the Governor's vision that these lands provide recreational opportunities for

all recreational users, which is basically captured in the plan set forth by the Upper
Hudson Recreation Hub (The Five Towns), and be it further

RESOLVED, that copies of this Resolution be forwarded to Governor Cuomo, Senator Farley, Senator Little, Assemblyman Butler, Assemblyman Stec, NYSDEC Commissioner Martens, APA Chairwoman Ulrich, Hamilton County Board of Supervisors and Essex County Board of Supervisors. (Carried 4-0)

Chapter 24. MUNICIPAL POLICE POWER AND ORDINANCES
VI. Animals; Keeping and Slaughtering
C. Livestock

§ 24:294. Horses and livery stables—As nuisance

West's Key Number Digest

West's Key Number Digest, Animals 111

Legal Encyclopedias

Am. Jur. 2d, Animals § 72

In exercising reasonable police supervision it is competent for the municipal authorities, in appropriate form, to declare that in particular circumstances and in particular localities a livery stable shall be a nuisance.[FN1] However, a livery stable, even though in an urban center, is not a nuisance per se, but it may become a nuisance per accidens — that is, by reason of facts and circumstances.[FN2] It becomes a nuisance where it is so kept or used as to destroy the comfort of owners and occupants of adjacent premises or so as to impair the value of their property.[FN3] In some locations, indeed, a livery stable, however built or conducted, is a nuisance.[FN4] A livery stable in close proximity to existing residences may be injurious to the comfort and even health of the occupants by the permeation of deleterious gases and by the near deposit of offal removed from it.[FN5] Also, a livery stable close to a church may be a nuisance.[FN6] A livery stable within a certain proximity of a hotel has been said to be prima facie a nuisance.[FN7] A private barn or stable is not a nuisance in itself, but it is a nuisance where it is so kept as to cause annoyance or discomfort to adjoining proprietors or residents.[FN8] This is true of a stable used in connection with a business, e.g., a milk distributing station; its character as a nuisance is a question of fact.[FN9] Similarly, whether or not the penning of one horse upon its owner's land within city limits constitutes a nuisance is a question of fact.[FN10]

Where a livery stable is a nuisance, an appropriate action can be maintained to abate it.[FN11] In some cases injunctive relief against erection and operation of livery stables within a municipality has been granted; in others denied.[FN12] It is no defense to such an action that one has a permit or has filed an application for a permit for a livery stable, since a permit is only for a livery stable that is not a public nuisance.[FN13] A livery stable that is a public nuisance may be summarily abated in the mode appropriate for abatement of public nuisances generally.[FN14] Ordinances relating to livery stables must be reasonable[FN15] and not arbitrary or discriminatory, in violation of the Fourteenth Amendment or of state constitutional guaranties of individual and property rights.[FN16] An ordinance forbidding the building of stables or stalls nearer than a specified distance to a neighbor's residence has been held to violate uniformity.[FN17] Unreasonable requirements and restrictions as to stables far beyond a city's sewer system are invalid.[FN18]

In some locations a livery stable would become a nuisance, however built and conducted, "because of many objectionable features that are inevitably incident to its existence and operation. Its proper location, therefore, depends upon a variety of circumstances which involve the exercise of judgment and discretion when the matter is viewed from the standpoint of public health, safety and comfort, and it is therefore subject to municipal regulation." McQuillin The Law of Municipal Corporations
Database updated July 2007

Chapter 30. STREETS AND ALLEYS
VII. REMEDIES

§ 30.122. Municipal action to abate or enjoin nuisance

That a municipality may sue for an injunction to restrain or remove an obstruction or an encroachment in a street constituting a public nuisance or an unreasonable interference with the free use of the way by the public, is well established.[FN1] However, it is not incumbent upon a court of equity to grant injunctive relief where the encroachment is not a nuisance.[FN2] The jurisdiction of courts of equity to control nuisances by injunction and related processes, and to grant appropriate relief commensurate with the particular circumstances, has been sought with respect to various kinds and types of encroachments and obstructions of streets and public ways.[FN3] Relief by injunction and removal may be sought in one proceeding.[FN4]

It is immaterial, so far as the equitable remedies are concerned, that the encroachment constituting a nuisance is forbidden under penalty by statute, charter or ordinance,[FN5] since provisions, designed to keep streets and public ways in proper condition for public travel in the usual modes at all times, ordinarily do not supplant, but merely supplement the remedies available in courts of equity.[FN6] Also, the fact that the city may summarily remove such obstructions[FN7] does not preclude these remedies in equity;[FN8] these separate forms of relief are frequently said to be cumulative.[FN9]

The city's consequent liability for injuries sustained from obstructions in a street is sufficient to entitle it to pray for an injunction,[FN10] i.e., it is an adequate and sufficient interest to entitle the municipal corporation to complain;[FN11] although in a suit to abate a street obstruction usually the city need not allege damages.[FN12]

It has been held that a municipality may invoke injunction to enable it to carry out its duties of care, supervision, and control of its streets, and its further duty to keep them open, in repair and free from encumbrances and obstructions.[FN13] It has, however, occasionally been said that if the obstruction does not unreasonably interfere with the public use of the street, a municipality cannot obtain equitable relief.[FN14]

The allegations of the bill or complaint must be established before an injunction will issue concerning an encroachment or obstruction of public streets.[FN15] It is essential, for example, to establish that the place complained of is a street.[FN16] Furthermore, the relief granted may not be extended beyond its specific terms.[FN17]

NEWS RELEASE

VIA FAX & E-MAIL TRANSMISSION

To: Tupper Lake News

From: Mary A. Casagrain, Village Clerk

Subject: Tupper Lake Emergency Service Building Status Update

Date: October 22, 2013

The Village of Tupper Lake is pleased to announce that the low bidders on each of the four primary contracts for the Emergency Services Building Project are extending their award of contract date to April 1, 2014 with no changes in their bids. The Village of Tupper Lake and construction manager Hueber Breuer continue to finalize the anticipated state and federal funding for the public safety project and anticipate a resolution prior to April 1, 2014. The intent was originally to start construction in late September 2013, but delays outside the control of the Village of Tupper Lake and Hueber Breuer have extended the start date until the Spring of 2014. Additional questions regarding the project can be addressed to Mary A. Casagrain, Tupper Lake Village Clerk at villtupplake@centralny.twcbc.com or Sean Foran of Hueber Breuer at sforan@hueber-breuer.com. The project has been in development since January 2012, when the Village of Tupper Lake commissioned a feasibility study which outlined the current plan. In May 2013, a bond referendum was passed by a majority of Village voters.

The following is the monthly report for the Tupper Lake Police Department for the month of

NOISE

§ 1431. Short title; repealer.

This chapter shall be known and may be cited as the "Noise Control Law of the Village of New Paltz." The provisions of Chapter 68 of the Municipal Code, as enacted by Local Law No. 35 of the year 1978 and as amended by Local Law No. 6 of the year 1995, currently in effect, are hereby repealed.

§ 1432. Declaration of policy.

A. It is hereby declared to be the policy of the Board of Trustees to prevent unreasonably loud, disturbing and unnecessary noise and to reduce noise level within the Village so as to preserve, protect and promote the public health within the Village of New Paltz by the inhabitants and transients thereof. The Board of Trustees finds that every person is entitled to have maintained noise levels which are not detrimental to life, health and the enjoyment of property, and that excessive and unnecessary noise within the Village of New Paltz affects and is a menace to public health, safety, welfare and the comfort of the people of the Village.

B. This chapter shall be liberally construed so as to effectuate the purposes described in this section. Nothing herein shall be construed to abridge the emergency powers of any Village department or the right of such department to engage in any necessary or proper activities. Nothing herein shall abridge the powers and responsibilities of any police department or law enforcement agency to enforce the provisions of this chapter.

§ 1433. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

EMERGENCY — Public calamity or the exposure of any person or property to imminent danger.

NOISE — Any sounds of such level and duration as to be or tend to be injurious to human health or welfare or that would unreasonably interfere with the enjoyment of life or property.

PERSON — Any individual, partnership, company, public or private corporation, association, firm, organization or any other legal entity whatsoever.

PROPERTY LINE — Either the imaginary line, including its vertical extension, that separates one parcel of real estate from another or the vertical and horizontal boundaries of a dwelling unit that is one in a multiple dwelling-unit building.

REFUSE COMPACTING VEHICLE — Any vehicle which is designated to be used or is actually used to compact and/or transfer refuse, garbage, recyclables or trash.

RESIDENTIAL DISTRICT — Any zoning district in which onefamily detached dwellings or onefamily and multifamily dwellings are permitted principal uses.

SOUND DEVICE OR APPARATUS — Any apparatus or device for the making, reproduction or amplification of the human voice or other sounds.

VEHICLE — Any carrier which is propelled or drawn on land or water by an engine or motor or other artificial or natural means of propulsion.

§ 1434. Unreasonable noise prohibited.

The creation of any unreasonable noise is prohibited. Unreasonable noise shall be any excessive or unusually loud sound which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of a reasonable person of normal sensibilities.

§ 1435. Unreasonable noises enumerated.

The following acts and the causing thereof are declared to be unreasonable noises in violation of this chapter, but the enumeration herein shall not be deemed to be exclusive:

A. Horns and signaling devices. The sounding of any horn or other signal device on any automobile, motorcycle, bus or any other vehicle while stationary, except as a danger signal when an approaching vehicle is apparently out of control or, if in motion, only as a danger signal after or as brakes are being applied and deceleration of the vehicle is intended, the creation by means of any such signal device of any unreasonable loud or harsh sound or the sounding of any such device for an unnecessary period of time.
B. Noisy vehicles. No person shall:
    1. Use an automobile, motorcycle or other vehicle so out of repair, so loaded or in such a manner as to create loud, unreasonable grating, grinding, rattling or other noise;
    2. Operate any vehicle in such a manner as to cause unreasonable noise by spinning or squealing the tires or revving the motor of such vehicle; or
    3. Modify or cause to be modified the muffler, exhaust system or other noisecontrol device or any vehicle in a manner that will increase the noise emitted by such vehicle above that emitted by the vehicle when newly manufactured, regardless of the date of manufacture. The noisecontrol devices of any vehicle operated in the Village of New Paltz shall be maintained and in good working order. No person shall operate or permit to be operated a vehicle where the muffler, exhaust system or other noise control has been so modified or has not been maintained.
C. Discharge of exhaust. The discharge into the open air of the exhaust of any steam engine, stationary internalcombustion engine, motor vehicle or boat engine or motor, except through a muffler or other device which will effectively prevent loud or explosive noises therefrom.
D. Construction, demolition and excavation. The erection (including excavating), demolition, alteration or repair of any building other than between 7:00 a.m. and 9:00 p.m. except in case of an urgent necessity in the interest of public safety and then only with a permit from the Village of New Paltz Building Inspector, which permit may be renewed for a period of three days or less while the emergency continues.
E. Noise near schools or other institutions. The creation of any excessive noise on any street adjacent to any school, institution of learning, church or court, while the same is in session, which unreasonably interferes with the workings of such institutions.
F. Drums, loudspeakers and similar devices. The use of a drum, loudspeaker or any other soundproducing instrument or device for the purpose of attracting public attention by the creation of noise, except where authorized by special permit to be issued by the Board of Trustees.
G. Sound reproduction.

1. No person shall operate, play or permit the operation or playing of any radio, television, phonograph, musical instrument, sound amplifier or similar device which produces, reproduces or amplifies sound so as to produce unreasonable noise at any time, except for activities open to the public or for the public benefit and for which permission has been granted by the Board of Trustees of the Village of New Paltz.
2. Said sound reproduction shall be per se unreasonable if produced:
    a. In such a manner as to create noise that can be heard inside any residence located across any real property boundary lot line from the source of the noise, where all exterior doors and windows are closed;
    b. In such a manner that can be heard 50 feet from such device, when operated in or on a motor vehicle on a public highway or in a boat on public waters or by a person on public or private property; or
    c. In such a manner as to create noise when operated by any passenger on a common carrier.

H. Shouting. No person shall shout, yell, call, hoot, whistle or sing on public streets or in public places in such a manner and for such a period of time as to be unreasonable under the circumstances.

I. Noise from tools, machinery and heavy equipment in the construction, repair or alteration of property. The use of domestic or industrial tools, machinery and equipment of any kind on construction, repair or alteration of property and resulting in loud grinding, hammering, sawing and similar noise shall be prohibited between the hours of 9:00 p.m. and 7:00 a.m. the following day, if said noise can be heard inside any residence, where all exterior doors and windows of the residence are closed, or at any other time if said noise is unreasonable under the circumstances.

J. Noise in the conduct of any business. The creation of noise in the operation, conduct and/or maintenance of any business, factory, plant yard or manufacturing establishment (except as otherwise provided in this chapter), including but not limited to excavating, blasting, grinding, breaking, crushing or processing of any substance (where permitted), shall be prohibited between the hours of 8:00 p.m. and 8:00 a.m. the following day, if said noise can be heard inside any residence, other than in the building where the premises are located, where all exterior doors and windows of the residence are closed, or at any other time if said noise is unreasonable under the circumstances.

K. The operation of restaurants, taverns, bars and discotheques.
    1. No restaurant, tavern, bar, nightclub, discotheques or other similar businesses, whether public or private, shall be operated so that music or other sounds caused by and/or emanating from said use can be heard inside any residence other than in the building where the premises are located, where all exterior doors and windows of the residence are closed if said noise is unreasonable under the circumstances.
    2. The owner, operator, proprietor or person in control of such a business use shall so limit the level of noise emanating from premises.
    3. It shall be the duty of the owner, operator, proprietor or person in control to disperse any assembly of persons loitering, drinking alcoholic beverages or otherwise engaging in loud or disorderly conduct adjacent to or near the premises or to immediately notify the New Paltz Police Department or any other police agency of such conduct.

L. Fraternities and sororities, private clubs, meeting halls and private residences. No noise from parties, entertainment, music or social gatherings of any kind, whether public or private, shall be such that noise caused by and/or emanating from said use can be heard inside any residence, where all exterior doors and windows of the residence are closed.

M. The keeping of any animal, bird or other fowl which, by making frequent or long continuous noise, disturbs the comfort and repose of a reasonable person of normal sensibilities in a residential area.

N. The creation of a loud and excessive noise in connection with the loading or unloading of any vehicle or the opening and destruction of bales, crates and containers in such a manner as to create noise for an unreasonable extent and duration.
O. Sounds created by lawn motors, leaf blowers or similar portable equipment or devices before the hours of 8:00 a.m. and after 8:00 p.m.
P. The operation in the Residential and Gateway Zoning Districts of the Village of a refuse compacting and/or recycling vehicle in the process of compacting or collecting refuse contained in a dumpster or similar receptacle or individual garbage cans after 8:00 p.m. and before 7:00 a.m.

§ 1436. Exceptions.

The following activities shall be exempt from the provisions of this chapter:

A. Operation of lawnmowers, manual and power tools and household appliances between the hours of 8:00 a.m. and 8:00 p.m.
B. Emergency work or emergency operations.
C. Bells, chimes or carillons of religious facilities or houses of worship between the hours of 8:00 a.m. and 8:00 p.m.
D. Noise of aircraft or flight operations.
E. Sounds created by any government agency or its agents or by use of an emergency warning device or authorized emergency vehicle.
F. Sounds created by public utilities in carrying out the operation of their franchises.
G. Sounds created by an audible alarm when actually giving notice of fire, unlawful entry or other damage to or intrusion upon property, for a period of 15 minutes after the alarm device is initially activated.
H. Construction work, including excavation, demolition, erection, alteration or repair of buildings or real property pursuant to a building permit issued by the Building Inspector between the hours of 7:00 a.m. and 9:00 p.m. on Monday through Friday and 9:00 a.m. and 6:00 p.m. on Saturday and Sunday.

§ 1437. Severability.

If any clause, sentence, paragraph, section or part of this chapter shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of this chapter but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the litigation in which such judgment shall have been rendered.

LYME ADIRONDACK TIMBERLANDS I, LLC – VILLAGE OF TUPPER LAKE

MEMORANDUM OF UNDERSTANDING
(easement for well water)

WHEREAS, Lyme Adirondack Timberland I, LLC (herein referred to as "Lyme") owns a parcel of property on Pitchfork Pond Road in the Town of Tupper Lake, Franklin County, New York and the Village of Tupper Lake (herein referred to as the "Village") wishes to provide a drilled well for the purpose of providing municipal water for the Village and town of Tupper Lake residents; and

WHEREAS, the Village has identified an area off Pitchfork Pond Road within the property owned by Lyme, bearing tax map number 460.-1-3 (herein referred to as "Property"); and

WHEREAS, the parties wish to set forth a general Memorandum of Understanding which will define the terms and provisions as they shall relate to the Village's exploration and possible purchase of an easement upon a finding by the Village that such easement will be necessary and in the Village's best interest following various well test drilling for this location and others.

NOW, THEREFORE, the parties agree to the following provisions which shall be binding following a finding by the Village that such easement will be necessary and in the Village's best interest following various well test drillings for this location and others.

1) The Village wishes to drill for a well to provide an adequate water supply for the Village and Town residents to replace the existing facility on Maddox Lane. Said well to be located on the Property owned by Lyme and to be located within an adequate location from Pitchfork Pond Road. The Village may install a building and facilities for treatment of water from said well, which water will then be transferred to the Village and Town residents through a pipe system (estimated 12" main) from the said well to Pitchfork Pond Road and Kildare Road via an easement across Lyme's real property and extending to the Village and Town water supply system. The area necessary for the sites of the well pump house building and facilities shall be no greater than 200 feet in diameter surrounding the well. The facility shall be much smaller in size, however, additional area is necessary for access to and maintenance of the building.

2) Lyme shall provide a permanent easement to the Village for said purposes, identified in Paragraph 1 above, in an adequate area from the Pitchfork Pond Road and including access to Pitchfork Pond Road (the "Easement Area"). The permanent easement for ingress and egress of vehicles shall be no less than 20 feet in width, however, for purposes of construction, the easement shall be 30 feet in width. The Village will remove only the trees and other growth to allow the installation of said facilities within the Easement Area. Ingress and egress shall not be public and shall be limited only to those individuals necessary for the construction, maintenance and repair of the water main.

3) As consideration for the granting of said Easement Area, the Village shall agree to the following:

   i. The Easement Area shall be surveyed at the Village's sole cost and expense; and

   ii. Payment to Lyme in the amount of $50,000.00 at the time of closing for developable well water source.

4) The Village shall have the right to drill for said water supply in the Easement Area and determine that the amount and quality of said water will be sufficient for its purposes and in the best interest of the Village for said well to be located thereupon.

5) In accordance with New York's Public Health Law, Lyme shall not permit the use, storage, sale or consumption of dangerous, toxic, regulated or other hazardous materials which would be harmful for human consumption, nor shall Lyme permit any business conducting itself within said radius who shall use such materials, within the specified distances for such contaminants as defined by New York's Department of Health and the relevant table adopting necessary distances.

6) The Village will indemnify Lyme from any claims or liability arising for the Village's negligent installation, operation and/or maintenance of said pump station and facilities and water lines.

7) This agreement is further subject to the approval of New York State Department of Environmental Conservation, c/o Thomas Martin, P.O. Box 296, Ray Brook, New York 12977-0296.

8) Upon satisfaction all of said approvals, the title documents necessary for the conveyance in fee and the granting of the easement shall be prepared in recordable form and signed containing all of the terms hereof and any other required terms which will be binding upon the parties.

IN WITNESS WHEREOF the parties have duly executed this Memorandum of Understanding this day of October, 2013.

Subject: Firm Hydro Energy November 1-30, 2013

October 7, 2013

Mr. John Bouck
Electric Superintendent
Village of Tupper Lake
53 Park Street
P.O. Box 1290

Re: Firm Hydro Energy for November 1-30, 2013

Dear Mr. Bouck:

We are pleased to advise you that we anticipate there will be **no reduction in firm hydro energy sales to our hydropower customers for the period of November 1 through 30, 2013.** The forecasted November 2013 generation is projected to be sufficient to meet our firm hydropower customers' needs. However, if that generation is not sufficient, Substitute Energy will be purchased on your behalf for those customers with signed Substitute Energy agreements.

Since hydro shortfalls may still be anticipated in future months, we remain prepared to provide Substitute Energy to assure continuous flow of the lowest cost power to you. For those customers who have executed a Substitute Energy agreement, the Power Authority will automatically purchase the Substitute Energy on your behalf in months that a shortage occurs, pursuant to those agreements, unless otherwise notified. The monthly price for Substitute Energy is an average of all Substitute Energy provided to firm hydropower customers each month.

The Power Authority continues to be concerned about the river flows projected for 2013 - 2014. Current estimates are no shortage for December 2013 through May 2014. We will continue to analyze more current data monthly and provide this type of rolling 6-month forecast each month.

If you have any questions, please contact me at (914) 287-3131, keith.hayes@nypa.gov or Vanessa Perez at (914) 390-8147, vanessa.perez@nypa.gov.

Thank you for your understanding.
