Town of Tupper Lake

Recreation Report for 08-13-2015

BEACHFEST

I hope everyone can come down for a bit for BeachFest this Saturday. We have a full day of activities planned including the popular paintball triathlon. We'll also be celebrating Amy Farrell and Bob Tebo at 11am at the pavilion with some short speeches and ice cream and cake. Sand Sculptor Phil Singer will start working tomorrow night so be sure to come down then if you'd like to see him at work.

ZOMBIEFEST

This year's installment will be bigger and better than last year. Although the wind took down the maze last year, it was wildly popular. Instead this year we'll try doing it on the tennis courts. This will allow us to easily anchor the walls. Below is a request for items for the event

BOUNCE HOUSE RENTAL - \$300 (by charging a nominal fee most this cost should be recoverable)

BAND - \$200

ZOMBIE MAKEUP - \$150

This is actually under budget from last year.

DANCE

As the school year approaches so does another season of dance. The inaugural program was such a hit the Lake Placid Center for the Arts feels confident enough to add three more classes. New this year will be a musical theater class which I anticipate will fill up quickly.

Mrs. Patricia Littlefield, Supervisor, Town of Tupper Lake and
Town Board Members Town of Tupper Lake

Ladies and Gentlemen,

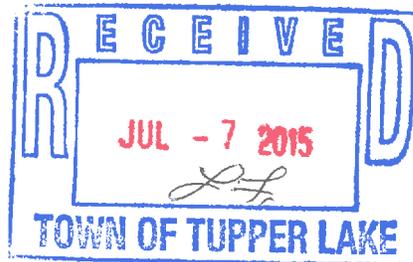

Please accept my request to leave the Town and Village of Tupper Lake Joint Planning Board. I have enjoyed the work and, as many of you know, I took a great deal of interest in the work of planning for our growth.

Since I am a Town appointee you must replace my seat with an appointee of your choosing. The effective date of request is **1 October, 2015**. I would suggest the new member be appointed effective that date. I would be happy to work with him or her until the effective date so that there would be a short learning period.

It has been a great pleasure to have served you and our neighbors in this great community. Thank you for the opportunity.

Sincerely,

Jim Ellis

NEW YORK STATE
Unified Court System

OFFICE OF COURT ADMINISTRATION

RONALD P. YOUNKINS, ESQ.
EXECUTIVE DIRECTOR

EUGENE W. MYERS
CHIEF OF OPERATIONS

NANCY M. SUNUKJIAN, ESQ.
DIRECTOR, OFFICE OF JUSTICE COURT SUPPORT

July 7, 2015

Dear Town and Village Justices:

We are pleased to invite you to apply for a 2015-2016 Justice Court Assistance Program (JCAP) Grant. The Unified Court System's budget includes \$2.5 million in JCAP funding this fiscal year. The maximum JCAP award is \$30,000 per court. It may be used for a variety of purposes, including office and security equipment, furniture, courtroom and court facility improvements and renovations.

Applications for JCAP Grants must be submitted by Justice Court personnel only. Each court should designate one individual from within the court to submit the application. Applications and accompanying paperwork must be submitted no later than **October 16, 2015**.

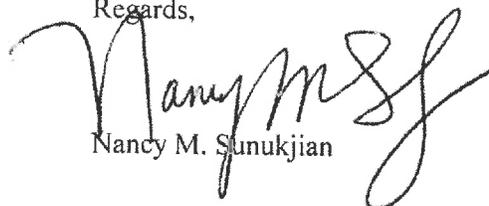

THE APPLICATION ITSELF MUST BE SUBMITTED ONLINE. However, the following items must be submitted separately either by mail, faxed to us at 518-438-3518, or scanned/emailed to jcap@nycourts.gov:

- Signature Page
- Board Resolution
- Court's Annual Budget
- Estimates

A link to the online grant application can be found on the Town and Village Courts website at www.nycourts.gov/justicecourts under "What's New." Click on the online grant application to go directly to the application. To start the application you must enter the *account name* as: **court** and the *password* as: **jcap**, all lower case letters. You will be asked to create a unique password once you begin an application. Please do NOT utilize numbers/digits when creating your individualized password as the application is not programmed to recall numbers/digits within a password.

If you have any questions about JCAP, or if you need assistance completing the application, please contact the Office of Justice Court support at 1-800-232-0630.

Regards,

Nancy M. Sunukjian

ADULT CENTER ROOF COVERING PROJECT

179 DEMARS BLVD.

Project Background:

The Adult Center was built in 1998. The Adult Center is the hub for all senior citizen activities. The first level contains a dining area and kitchen. The second story is office space for senior adult service personal. Subsidizes meals are prepared in the kitchen and served in the dining area. The Meals on Wheels program is based out of the adult center.

Project need:

The existing roof covering is 17 years old.

The structure roof covering has deteriorated. The south facing roof covering has deteriorated at a much faster rate than the north facing roof covering. The south facing portion of the roof covering is in such did repair that it may be compromised and causing significant water damage.

Project Scope:

Total roof covering is approximately 3,000 square feet.

- Remove existing roof covering and dispose at the Franklin County Solid Waste Management's Tupper Lake facility.
- New roof covering product shall be a 30 year architectural asphalt shingles, color to be approved.
- New roof covering shall be installed in accordance the 2010 Building Code of New York State sections 1503, 1506, and 1507.
- Contractor to conform to all building and zoning codes
- Contractor to acquire and post all necessary permits, licensing and insurance for this project.
- Contractor to clean work site daily and keep site free from hazards: walkways and driveways will be clearly marked for safe and secure passage by people and equipment
- Remove and properly dispose of all debris from site
- Contractor will provide a written five-year warranty against faulty workmanship
- All excess material and debris will be removed from the worksite and discarded properly and the entire worksite will be cleaned of all debris, screws, nails and returned to its original condition or better

At no point shall the interior of the structure be exposed to damaging weather. It shall be the contractor's responsibility to maintain a reasonable weather tight construction project.

The contractor shall comply with all Federal and State prevailing wage requirements.

The contractor shall comply with all Federal and State work area safety regulations.

Project should completed by November 1, 2015.

Proposal

TOWN GARAGE ROOF PROJECT

3 PINE STREET A 10 ACRE LOT WITH A 17,972 FT² BUILDING

PROJECT BACKGROUND:

Late in 1959, the push to attract new industry here paid off when Helen Whiting, Inc. of Pleasantville, New York, dress manufacturers, began looking into the advisability of establishing a plant in Tupper Lake. A pilot plant was set up in the former Adams Garage on High Street, where some 50 machines were installed and training operators began.

Construction of a new dress factory was decided on and the \$100,000 (\$803,400 in today dollars) goal was met by a \$25,000 (\$200,850 in today dollars) contribution from the Greater Tupper Lake Industrial Development Corp., \$25,000 by the manufacturer and the balance borrowed. A site was purchased off lower Pine Street, downtown, and Roderick Beaulieu, was awarded the construction job in 1960.

The Plant gave employment to 80 people, a figure which fluctuated over the years as market conditions dictated. In 1972, the factory was sold to McRann Associated Corp., U.S. subsidiary of MacDonald, Stewart Textile, Ltd. Of Montreal, which took over its operation in July, 1972. Bea-Jay Co., the final owner, closed the dress factory plant permanently in October, 1976.

In 1980 the Town of Altamont was looking for a suitable site for a new town garage, and the board authorized purchase of the dress factory building for \$120,000 (346,300 in today dollars), subject to public referendum. The public rejected that proposal, as it did a subsequent offer with a \$90,000 (\$259,700) price tag. In May 1982, the Town purchased the building for \$50,000 (\$123,200), and after renovation and remodeling to suit its new role, the building has since housed all vehicles and equipment used in the town road construction, maintenance, and snow removal operations.¹

Upon purchase of the structure, the existing shallow pitch roof was covered with a 5/12 pitch roof structure. The roof is constructed with 2X6 rafter, 2 foot on center. The rafter span is supported with a series of structural walls transferring the roof load to the existing roof carrying beams. The metal roof is installed in the typical fashion, 2x4 purling's attached to the rafters with the metal roof nailed to the purling's with typical 1982 fasteners, ring shanked nails with rubber washer. This project was completed over a two year time frame. During the winter of 1982-83 half of the roof was reconstructed and metal roof was installed. During the winter of 1983-84 the remaining half was completed. The main garage metal roof is 32 years old.

In 2007, a 1,782 ft² addition to the annex of the main garage was constructed and the roof of the existing annex was replaced.

Project need:

The main garage roof is in disrepair. A significant portion of the roof's exterior is rusted; with a small area rusted through resulting in possible water damage. Interior side of the roof has rust issues as well, though not as

¹Town of Altamont 1890-1990 Centennial Observance booklet compiled by Louis J. Simmons.

extensive as the exterior. The rubber gaskets on the fasteners are deteriorated and nonfunctional causing water to enter the building. One of the characteristic of a metal roof is expansion and contraction from temperature change, as a result of the contraction and expansion the fasteners have moved and become ineffective compromising the integrity of the roof. This has caused many panels to be loose and in danger of being blowing off the structure.

The main garage roof soffits have been compromised as well as portions of the gable end resulting in a significant infestation of pigeons. The pigeons are roosting and nesting inside the attic. Pigeon droppings are spread throughout the attic.

Garage annex needs to have the soffit replaced with the proper product and the fascia and rake boards are in disrepair. One of the roof panels has a significant hole that needs to be replaced. Pervious contractor failed to properly install the fascia board resulting water damaging the fascia, soffit and rafter tails.

Project Scope:

Main garage coverage area is 15,662 square feet

- Remove and recycle existing metal roof and fasteners.
- Replace rotten purling's and rafters where needed.
- Attach existing purling's to rafters where needed with approved fasteners
- Replace fascia and rake boards where needed.
- Secure existing fascia and rake boards with approved fasteners.
- Install new commercial grade pre-painted steel roof panels using approved fasteners per manufacturer instructions.
- Owner to choose finish
- Install approved ridge cap using approved fasteners.
- Install approved gable end cap using approved fasteners.
- Replace rotten, damaged soffit where needed.
- Secure existing soffit with approved fasteners.
- Stain/seal all exterior wood using approved products.
- Install snow guards where needed.

Garage Annex:

- Replace damaged roof panel with similar product and fasten with approved fastener.
- Remove roof panel and rake board on east side and rebuild rake to an approved dimension to bypass the utility pole properly.
- Install removed rake board and roof panel trimming roof panel to the correct dimension.
- Remove fascia boards and soffit material cut back rafter tails to approved length.
- Install fascia and approved soffit product and approved soffit vent.
- Stain/seal all exterior wood using approved products.
- Install snow guards where needed.

Other:

- Contractor to conform to all building and zoning codes
- Contractor to acquire and post all necessary permit, licensing and insurance for this project.
- Contractor to clean work site daily and keep site free from hazards: walkways and driveways will be clearly marked for safe and secure passage by people and equipment
- Remove and properly dispose of all debris from site
- Contractor will provide a written five-year warranty against faulty workmanship
- All excess material and debris will be removed from the worksite and discarded properly and the entire worksite will be cleaned of all debris, screws, nails and returned to its original condition or better

It is the goal of the Town of Tupper Lake Town Board to have a safe and secure building that will foster a productive work environment for the town highway department employees. This new roof and appropriate maintenance will allow the highway superintendent and crew to focus their efforts on keeping the Town of Tupper Lake roads well maintained. The town garage contains over five million dollars' worth of equipment and equipment related parts and products that need to be properly protected. This protection will be achieved with the installation of a new roof.

At no point shall the interior of the structure be exposed to damaging weather. It shall be the contractor's responsibility to maintain a reasonable weather tight construction project.

The contractor shall comply with all Federal and State prevailing wage requirements.

Project should be completed by November 1, 2015.

NON-COLLUSIVE BIDDING CERTIFICATION

- (a) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:
1. The prices in this bid have been arrived at independently without collusion, consultation, communication or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
 2. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly, disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
 3. No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.
- (b) A bid shall not be considered for award nor shall any award be made where (a) 1., 2., and 3., above have not been complied with; provided, however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (a) 1., 2., and 3., above have not been complied with the bid shall not be considered for award nor shall any award to be made unless the head of the purchasing unit of the political subdivision, public department, agency or official thereof to which the bid is made, or his designee determines that such disclosure was not made for the purpose of restricting competition.
- (c) The fact that a bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of paragraph (a) of this certification.
- (d) Any bid hereafter made to any political subdivision of the State or any public department, agency or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, regulation, or local law, and where such bid contains the certification referred to in subdivision one of the section, shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

August 11, 2015 3:15 P.M.

Dear Ms. Fuller;

Graymont Materials is pleased to quote the Town of Tupper Lake for 3,000 tons of crusher run sub-base materials delivered to your job site in Tupper Lake. This material meets NYS Department of Transportation Specifications.

Fine Crusher Run \$13.20 per ton delivered

Fine Crusher Run \$7.50 per ton FOB

We look forward to potentially supplying your material needs. In the event you require further information, please do not hesitate to contact me. I can be reached at the Graymont main office at 518-536-7731 (direct line). A non-collusive bid certificate is enclosed.

Very truly yours,

Mark Coombs
Sales Manager

NON-COLLUSIVE BID CERTIFICATE

By submission of this bid or proposal, the bidder certifies that: (A) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of knowledge and belief:

- (1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition as to any matter relating to such prices with any other bidder or with any competitor:
 - (2) Unless otherwise required by law, the prices which have been quoted in this bid have not prior to opening, directly or indirectly, to any other bidder or to any competitor: and
 - (3) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.
- (B) A bid shall not be considered for award nor shall any award be made where (A), (1), (2), and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency of official thereof to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder (A) has published price lists rates or tariffs covering items being procured. (B) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (C) has sold the same items other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph one (A).

2. Any bid hereafter made to any political subdivision of the state or any public department, agency, or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold where competitive bidding is required by statute, rule, regulation, or local law, and where such bid contains the certification referred to in subdivision one of this section, shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

Resolved that – Mark Coombs, Sales Manager of Graymont Materials (NY) Inc. be authorized to sign and submit the bid or proposal of this corporation for the following project: Town of Tupper Lake – Item 4 Crusher Run

And to include in such bid or proposal the certificate as to non-collusion required by section one hundred three-D of the General Municipal Law as the act and deed of such corporation and for any inaccuracies or misstatements in such certificate this corporate bidder shall be liable under the penalties of perjury.
