Village of Tupper Lake
Board of Trustees
**Agenda**

Date: Monday, June 22, 2015
Start: 5:00 pm Executive & 6:00 pm Regular Session
Location: Board Room
Meeting: Regular Monthly

1. Executive Session from 5:00 pm to 6:00 pm to discuss information relating to the employment history of several individuals currently in our employ or who may be considered for future employment.
2. Call Regular Monthly Meeting to order at 6:00 pm and establish the agenda.
3. Pledge of allegiance and moment of silence for the safe return of Collin Gillis.
4. Mr. Chris Alcocer will be present to give the board a brief update on our Emergency Services Building project and the construction progress.
   - Approve change order #5 for $7,167.00 for additional door hardware
   - Review bid tabulations for the Kitchen Hood
   - APA Permit for the communication tower is complete and comments are being accepted until July 2, 2015
   - Request for a meeting with fire and police chief to review FFE budget in the coming days
   - He will also discuss proposed change orders and budget
5. Public Comment Period.
   - Mr. Timothy Robillard would like to address the board about the end of Hebert Lane.
6. Approve a resolution recognizing the Tri-Lakes Student Leadership in Climate Change as requested from Jason Leon from the LP Village Board.
7. Approve a resolution for the Franklin County Soil and Water Conservation District to apply for an EPF grant.
8. Discuss letter of expression from Ms. Betsy Lowe for the purchase of the former Poyiatzi lot on the corner of Mill & Park Street. She has since purchased the two adjoining properties and would like the property for future development. Since most of the property will be taken by eminent domain by NYSDOT for the road project the substandard lot remaining no longer is needed for municipal purposes. Authorize an appraisal be completed to ensure we receive fair and adequate consideration for the property.
9. Review sample laws from NYCOM for smoking ban for the Municipal Park and advise how Village wants to proceed.
10. Authorize the TL Moose Lodge #640 to host a "Chicken BBQ" at the Municipal Park Pavilion July 3, 2015 from 10:00 am to 9:00 pm.
11. Authorize the Piercefield Fire Department Auxiliary to sell popcorn, cotton candy and soda during the Independence Day Fireworks.
12. Authorize the Tupper Lake Chamber of Commerce to utilize the Municipal Park on July 3, 2015 to host their Annual Independence Day Firework Display.
13. Authorize Adirondack Dental Service Mobile Van to utilize the Municipal Park for the summer months as requested.
14. Review ROOST Update dated June 11, 2015; review and authorize Mayor Maroun to execute amendment to ROOST contract as presented.
15. Approve the Board Minutes from May 18 & 27, 2015 and June 10, 2015 respectively.

## Department Reports

To Whom it May Concern;

Franklin County Soil & Water Conservation District is preparing for the next round of grants from the New York State Department of Environmental Conservation under the Urban and Community Forestry Program, to be located in your Village.

DEC is committed to providing support and assistance to communities in comprehensive planning, management, and education to create healthy urban and community forests, and enhance the quality of life for urban residents through its Cost Share Grant program. Eligible project categories include tree inventories and management plans; tree planting, maintenance and invasive pest detection survey, and $1,000 Quick Start Arbor Day Grants. Funds are made available from the Environmental Protection Fund and will be managed and allocated by DEC.

The first activity to take place would be a street tree inventory. This inventory would assist in locating trees that suffer from disease and decay, trees that should be removed or that are in need of pruning and trees that are high risk of insect and disease infestation, locate sites that could be planted and improved. The inventory would also be an essential part of creating a management plan. The management plan would assist in providing the best management options for different concerns and prioritize the need of different treatments, which can also lead to additional funding.

Attached is a resolution for you to sign showing your support of our application. Your participation will require no financial obligation from your Village.

The Franklin County Soil & Water Conservation District would like to apply to complete the first step: Tree Inventories for the Villages in Franklin County. The district plans on completing them and providing all the technical and administrative costs for this section of the grant. The tree inventory is the first step and in the future the district would like to apply for additional money through the NYS DEC to implement the management plan.

If you have any questions regarding this grant opportunity or your participation please feel free to contact Chastity Miller, District Manager at (518) 483-4061 ext. 5.

Sincerely;

Chastity Miller, District Manager
Franklin County Soil & Water Conservation District

## Resolution No. _____

**WHEREAS,** the Franklin County Soil and Water Conservation District is applying to the New York State Department of Environmental Conservation for a project grant under the Urban and Community Forestry Program to be located in the Village of Tupper Lake, a site located within the territorial jurisdiction of this Board of Trustees; and

**WHEREAS,** as a requirement of these programs, said Franklin County Soil and Water Conservation District must obtain the "approval/endorsement of the governing body of the municipality in which the project will be located",

**NOW, THEREFORE,** be it resolved that the Board of Trustees of Village of Tupper Lake hereby does approve and endorse the application of Franklin County Soil and Water Conservation District for a grant under the Round 13 Urban and Community Forest Program for a project known as Round 13: Urban and Community Grant- Tree Inventories: Tupper Lake Village and located within this community.

The village is not required to bid it publicly. There are two requirements - 1) the board must determine that the land is no longer needed for municipal purposes and then enact a resolution to that effect and 2) sell it for fair and adequate consideration. An appraisal would help with that.

The steps would be in that order - in a meeting discuss the parcel and decide if it is still needed. If no, pass a resolution stating so. Then have it appraised. Sell it for the appraised price and the village is covered.

Dear Nathan,

We have been made a purchase offer on a corner lot on Park Street, we are unsure how to proceed. Do we publicly bid the property or do we get an appraisal and sell to the interested party.

NYS DOT will be taking most of the lot to reconstruct their highway and there will only be a really small substandard lot I believe only .04 of an acre.

Please advise how to proceed. I've attached a copy of her request letter.

Thanks,
Mary C.

Re: Purchase of Village Corner Lot
129 Park Street
SWIS: 162001
Tax ID: 490.59-4-13

Dear Mayor Maroun,

This is to formally express my interest in purchasing the small Village Corner lot located at 129 Park Street. This property is adjacent to 9 Mill Street and 131 Park Street which I have recently purchased. I am aware that DOT has taken a portion of this property through eminent domain for widening the road for the turning lane at that location, so understand that my purchase would just involve the portion of the lot that remains following that process.

This property make most sense for me to own and maintain now that I own the apartment building and former Distefano Liquor Store lot adjacent to that property. In addition, the apartment building has had a right-of-way to the garage in back across this corner lot for many years and the overall site is valuable to the plans we have to develop a boutique hotel at that location through Tupper Lake Crossroads, LLC. We are really excited about the potential of the project to help revitalize the Village of Tupper Lake, provide a wonderful lodging facility with associated amenities to add to the tourism accommodations in the Village, as well as to compliment the other developments and activities underway for the business district and Tupper Lake overall.

I also understand that DOT will be putting in a sidewalk along the edge of the property and some trees which would fit in nicely with our overall plans I have to green the site in preparation for the development of the hotel at that location.

I really appreciate your assistance. Let me know if need additional information in reviewing this request.

Sincerely,

Elizabeth M. Lowe

## ARTICLE II, General Rules and Regulations [Adopted 5-16-1978 by L.L. No. 4-1978]

### § 147-4 Definitions.

As used in this article, the following terms shall have the meanings indicated:
TOWN PARK -- Lands owned or used by the Town of Niskayuna for the purpose of operating and maintaining thereon a park area, recreational area or hike-and-bike trail.

### § 147-5 Rules and regulations.

The following rules, regulations and restrictions shall be applicable to all Town parks:

A. No one shall throw, break or dispose of any bottle, tin can, paper, clothes, rubbish or offal of any description in any park under the jurisdiction or control of the Town Board. All items and refuse brought into a Town park shall be carried out (carry in/carry out). [Amended 12-22-1998 by L.L. No. 16-1998]

B. No one shall destroy, deface, remove, injure or tamper with any object, item or material in any Town park or damage, deface or destroy any drive, path, walk, parking lot, structure, building or any appurtenance connected with the park or other property or equipment, real or personal, owned by the Town or under the jurisdiction and control of the Town Board.

C. No one shall kindle, build, maintain or use a fire within the confines of any park except in park grills provided there for the preparation of food.

D. Drug and alcohol restrictions; special permit requirements. [Amended 4-21-1998 by L.L. No. 3-1998]

   (1) No one shall have, possess, carry, consume or transport any illegal substance, drug, stimulant, depressant or hallucinogenic agent in or upon any Town parkland or lands under the jurisdiction of the Town Board. No one shall have, possess, carry, consume or transport any liquor, wine, beer or other alcoholic beverage in or upon any Town parkland or lands under the jurisdiction of the Town Board, except by special permit from the Recreation Department of the Town of Niskayuna. [Amended 12-22-1998 by L.L. No. 16-1998]

   (2) All persons or groups requesting a special permit for the above purposes shall be required to submit proof of personal liability insurance in the amount of $500,000, which shall remain in effect at all times during which the application permits the use of alcoholic beverages on Town property. If the special permit for use of alcoholic beverages on Town property is in conjunction with a catering service, then the caterer shall be required to provide liquor legal liability insurance in the amount of $1,000,000 per occurrence/$2,000,000 aggregate, in compliance with the Dram Shop Act.

E. All Town park areas shall be closed from 1/2 hour after sunset to 1/2 hour after sunrise, except for areas lighted by the Town for approved activities. [Amended 12-22-1998 by L.L. No. 16-1998]

F. Golfing shall not be allowed within the confines of any park under the jurisdiction of the Town Board, except for the driving range. [Added 12-22-1998 by L.L. No. 16-1998]

G. The use of off-road motorized vehicles of any type is expressly prohibited within the confines of any park under the jurisdiction of the Town Board. [Added 12-22-1998 by L.L. No. 16-1998]

H. Smoking is expressly prohibited within the confines of any Niskayuna Town park. "Smoking" means inhaling, exhaling, burning or carrying any lighted cigar, cigarette, pipe, or any form of lighted object or device which contains tobacco. [Added 6-12-2008 by L.L. No. 5-2008]

### § 147-6 Responsibility for loss, damage or theft of personal property.

The Town of Niskayuna will not be responsible for loss, damage or theft of personal property on or from Town parks or lands under the jurisdiction of the Town Board. Such loss shall be the patron's responsibility.

### § 147-7 Additional provisions to apply.

All state and local laws and/or ordinances of the Town of Niskayuna and the State of New York shall form or constitute a part of this article. However, such additional directions for traffic and motor vehicles as may be posted on signs shall be regarded as part of this article for traffic control.

### § 147-8 Speed limit.

The speed limit in any Town park shall be 15 miles per hour.

### § 147-9 Penalties for offenses. [Amended 11-19-1991 by L.L. No. 12-1991]

Any person committing an offense against any provision of this article shall, upon conviction thereof, be guilty of a violation pursuant to the Penal Law of the State of New York, punishable by a fine not exceeding $250 or by imprisonment for a term not exceeding 15 days, or by both such fine and imprisonment. The continuation of an offense against the provisions of this article shall constitute, for each day the offense is continued, a separate and distinct offense hereunder.

**§ 168-22.1. Tobacco and tobacco products. [Added 12-17-2002 by L.L. No. 12-2002]**

No person shall smoke or carry lighted cigarettes or other smoking substances, including but not limited to cigars, pipes and the like, at the public beaches and parks owned or operated by the Town of Oyster Bay or any of the Town of Oyster Bay Park Districts, except in designated smoking areas as indicated by posted signs.

## ARTICLE III, Smoking [Adopted 6-26-2007 by L.L. No. 7-2007]

### § 112-14. Findings and declaration of policy.

The Board of Trustees declares that the intent and purpose of this article is to preserve and improve the public's health by improving the air quality in public park areas. This Board hereby finds that the effects of secondary smoke generated by the smoking of cigars, cigarettes, pipes and similar articles poses a threat to the health, safety and well-being of the Village's residents who do not smoke.

### § 112-15. Definitions.

For the purposes of this article, the following terms shall have the meanings respectively ascribed to them in this section:
PUBLIC PARK AREA -- Includes every park and playground area which may lawfully be used by the general public.
SMOKING -- Includes inhaling, exhaling or burning any tobacco products, weed, or other plant in any manner or in any form.

### § 112-16. Prohibition.

It shall be unlawful for any person to smoke in any public park area within the Village.

### § 112-17. Posting of signs.

SMOKING IS PROHIBITED or NO SMOKING signs, using the international no smoking symbol -- consisting of a pictorial representation of a burning cigarette enclosed in a red circle with a red bar across it -- shall be prominently and conspicuously posted in every place where this article prohibits smoking.

### § 112-18. Penalties for offenses.

Each violation of § 112-16 shall be a violation punishable by a fine of not more than $100. The penalty provided in this section shall be in lieu of all other penalties prescribed in this Code.

### § 112-19. Other applicable laws.

This article shall not be interpreted or construed to permit smoking where it is otherwise restricted by other applicable laws, rules or regulations.

## Main Beach Rules

1. No skateboarding or rollerblading on parking lots, sidewalks or road ends adjacent to pavilion.
2. No cooking, open fires, or grills are permitted on the deck of the Main Beach Pavilion or within a distance of 500 feet of said building; or within any lifeguard-protected designated area during the hours of 9:00 a.m. through 6:00 p.m. beginning on the date of Memorial Day through and including Labor Day of each year.
3. No smoking in any buildings or on any decks.
4. Access to indoor locker areas for locker permittees only.

## ARTICLE II, Use of Parks [Adopted 4-15-2002 by L.L. No. 3-2002[EN]]

### § 153-11. Rules and regulations.

A. The following rules and regulations apply to all parks within the Village of Irvington except as noted.
   (1) Use or possession of alcoholic beverages is prohibited within park areas.
   (2) Smoking is prohibited within park areas.
   (3) No pets are allowed within park areas except guide dogs. Pets on a leash shall be permitted at Halsey Pond Park.
   (4) No biking, skateboarding, in-line skating, roller-skating or use of scooters is allowed within park areas except during scheduled times as determined by the Irvington Recreation and Parks Department. All participants during such scheduled times must wear proper safety equipment pursuant to § 148-14 of the Village Code.
   (5) Use of athletic fields requires a permit issued by the Irvington Recreation and Parks Department.

Good Morning Mary,

Attached please find an update for the Village Board. In addition, please find the marketing plan for the upcoming contract year (June 2015-May 2016). Should you have questions on these documents, please feel free to let me know.

Last time I checked in, the Village board was not requesting an update. When and if they are requesting that a representative be present to update them, please let me know so that we can do our best to accommodate.

Best regards,

## Tupper Lake Marketing & Destination Planning Contract Update:

**Presented:** June 11, 2015

**Prepared For:** The Town of Tupper Lake,
Village of Tupper Lake &
Town of Piercefield

On July 10, 2014 the Regional Office of Sustainable Tourism (ROOST) entered into a 3-year marketing contract with the Town of Tupper Lake and the Village of Tupper Lake. As we approach the one year mark, ROOST would like to provide a recap of the first year and provide overview of the marketing plan for the next year.

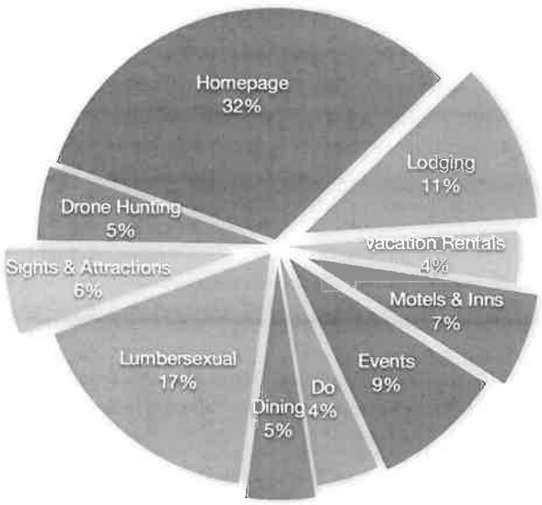
### Tupper Lake Website

A newly designed website for Tupper Lake was launched on November 17, 2014 under the newly acquired domain name www.tupperlake.com. Once the site launched, staff has been working to add compelling content to the site. In addition, blogs have been added to the site on a weekly to bi-weekly basis. To date, 53 original blogs have be created. All of this work was focused on generating organic traffic to the site based on assets Tupper Lake has to offer to the leisure traveler.

## Web Statistics (November 17, 2014 - May 31, 2015)

### Site Traffic

- 66,146 Sessions
- 49,061 Users
- 95,269 Pageviews



### The Top 10 Page Views

1. Homepage: 20,176
2. Blog/Home of the Lumbersexual: 10,653
3. Lodging: 6,973
4. Events: 5,642
5. Motels & Inns: 4,073
6. Sights & Attractions: 3,690
7. Blog/Senate Approves Drone Hunting: 3,207
8. Dining: 2,992
9. Do: 2,699
10. Vacation Rentals: 2,213

Since this is a newly designed site and there are little web statistics from the previous website for Tupper Lake, the first year of the new website we are developing a benchmark in which we can measure future marketing efforts.

### Adirondacks USA

Under our umbrella Adirondacks USA, Tupper Lake is represented with a variety of virtual tours which we continue to expand on, on a regular basis.

In addition, since the launch of tupperlake.com, Tupper Lake has been included int he weekly e-blast sent out to our e-mail database of over 100,000 subscribers. We maintain a weekly blog topic content schedule for the three counties we represent. Emails are currently running at a 29% open rate with a 14% click through rate.

To date, the e-mail newsletters have generated 10,254 new visitors on tupperlake.com. Once the e-mail is sent, the content is then shared on social media. Social media during the same time frame of Nov 17, 2014 - May 31, 2014 has generated 19,875 site acquisitions.

## Paid Advertising

This spring we have started with paid campaigns directed at driving traffic to the site. Currently we are running a digital fishing and hiking campaign separately which to date have reached a combined audience of 85,607 potential travelers. As we move forward, we have drafted out a media schedule to promote a variety of different digital advertising campaigns. (date shots below are from 9:00am 6/11/15)F

**Fishing -** June 1-July 31
Reach: 38,759
Website Clicks: 1,452

**Hiking (Family) -** June 2-July 31
Reach: 49,848
Website Clicks: 1,458

**Tinman -** June 10-June 22
Reach: 9,428
Website Clicks: 93

## Public Relations

Our public relations team has been working to help generate press releases to help promote different events throughout the year.

In addition, we have cooperatively retained the services of the Nancy J. Friedman Public Relations firm out of New York City cooperatively with The Wild Center to take advantage of the newsworthy opening of Wild Walk and to promote Tupper Lake as a destination.

A series of reporters are being brought to the area from national media via Nancy's work. These include Outside Magazine, Family Circle, Shape, the AP national, Hudson Valley magazine and others. In each case we are taking them on a Tupper tour expressly so they can write about what to do in the area. Other reporters with trips scheduled include National Geographic Traveler, Yahoo Travel, New York Daily News.

A lot of press is driving tremendous traffic to the wildcenter.org website, which features tupperlake.com as a resource. The Wild Center website is the 4th greatest source of referrals to the site over the last month.

## Destination Planning

The North Country Regional Economic Development Council's (NCREDC) Tourism Destination Area Nomination Workbook for Tupper Lake has been completed and is now available for public reference on www.roostadk.com. We would like to thank everyone involved in this process and look forward to reconvening in the fall to begin the Destination Master Plan.

## Office Space

Since November, ROOST has been operating the Tupper Lake Information Center at 121 Park Street in conjunction with The Tupper Lake Chamber of Commerce. On May 26, 2015 we held a well attended Open House to welcome the community to come check the new location and present us with any questions or concerns they might have.

# Executive Summary

## Introduction and Overview

On July 15, 2014, the Regional Office of Sustainable Tourism (ROOST) entered into a three-year marketing contract with the Town of Tupper Lake and the Village of Tupper Lake. Additionally, the Town of Piercefield has agreed by resolution to support the effort by contributing to the contract annually.

The newly designed website for Tupper Lake was launched was launched in October 2014. Prior to this time, our office was reviewing previous marketing strategies, assessing the current website content, securing the web domain www.tupperlake.com, generating new content and media assets and working on web design and coding.

Once the site launched, staff worked to add compelling content to the site and debugged any issues that come with the launch of a new website. Since then, blogs have been added to the site on a weekly to biweekly basis. As of May 31, 2015, 52 original blogs have be created. All of this work is focused on generating organic traffic to the site based on assets Tupper Lake has to offer the leisure traveler.

With the launch of the new site, Tupper Lake began utilizing the Adirondacks, USA umbrella campaign. Since that time, more than 38 weekly emails have been distributed resulting in over 10,172 new visitors to the site. The emails are then shared across a series of social networks and have resulted in additional new users to the site.

In recent months, we have cooperatively retained the services of the Nancy J. Friedman Public Relations firm out of New York City cooperatively with The Wild Center to take advantage of the newsworthy opening of Wild Walk and to promote Tupper Lake as a destination.

A series of reporters are being brought to the area from national media via Nancy's work. They will write for a variety of organizations, including Outside Magazine, Family Circle, Shape, Hudson Valley magazine, and the Associated Press, a national organization that distributed content to newspapers throughout the country. In each case, we are taking them on a Tupper tour expressly so they can write about what to do in the area. Other reporters with trips scheduled include National Geographic Traveler, Yahoo Travel, and the New York Daily News.

Lastly, this spring we started paid campaigns directed at driving traffic to the site. Currently we are running a fishing and hiking campaign separately, which to date has reached a combined audience of 85,607 potential travelers.

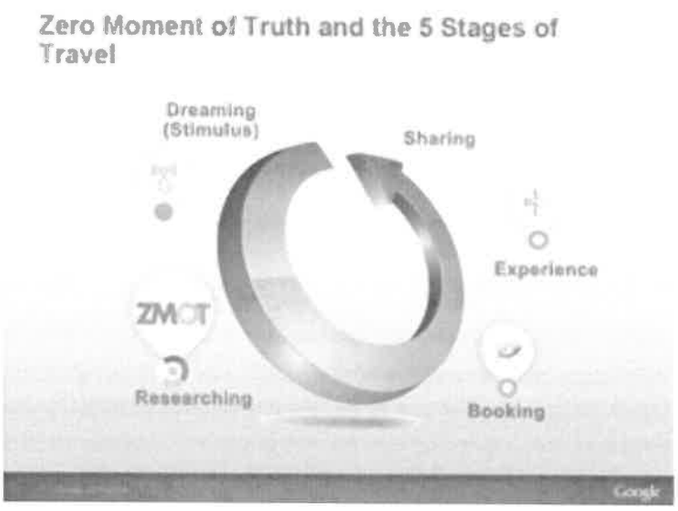
## Proposed Marketing Budget

The budget that follows reflects these revenues and expenditures. The following report will provide an overview of how these funds will be expended.

| Item | Breakdown | Total |
|---|---|---|
| **Income** | | |
| Town of Tupper Lake | $ 12,500 | |
| Village of Tupper Lake | $ 12,500 | |
| Town of Piercefield | $ 5,000 | |
| Franklin County Allocation | $ 20,000 | |
| DOS Grant | $ 30,000 | $ 80,000 |
| | | |
| **Expense** | | |
| Staff Costs (Salary + Benefits + Administrative) | $ (42,500) | |
| Office (Rent Expense December-June) | $ (4,800) | |
| Misc. Office Expenses (Electricity, Heat, Office Supplies, etc.) | $ (2,000) | |
| Creative | $ (1,500) | |
| Blog Authors/Site Content | $ (6,000) | |
| Web-based Marketing/Advertising | $ (12,500) | |
| Site Storage & Email | $ (500) | |
| Broadcast Email System/Sends | $ (1,200) | |
| PR | $ (5,000) | |
| Travel Expenses | $ (1,000) | |
| DMP Expenses | $ (3,000) | $ (80,000) |

## Strategy

The overall strategy that our office employs for leisure travel marketing is derived from research conducted by Google Corp.



Google has a branch that works specifically with the travel industry.

This travel vertical at Google has compiled research data they gathered on users and travel-related websites. With it, they have outlined the consumer experience from initial stimulus through research, booking, experience, and sharing. The entire process of travel planning is cyclical in nature and helps feed itself.

## History of ZMOT

In 2005, the Wall Street Journal published an article about the critical importance of the first few seconds that a customer considers his or her product choices. Proctor & Gamble called that moment the First Moment of Truth. This theory was so important to the company that they created the position of Director of FMOT. Later that year in a book entitled "Lovemarks," A.G. Lafley proposed that the Second Moment of Truth occurs when the consumer uses the brand in their home for the first time — and determines if they like the experience or not.

In 2011, Google proposed that the Zero Moment of Truth (ZMOT) occurred during the research phase in the consumption process.

Perhaps as little as 10 years ago, the ZMOT for travel would occur when a consumer would call a tourism office or fill out a reader response card requesting more information on a destination. In the case of reader response mechanisms, they were probably asking for a variety of brochures from many different destinations. Marketers streamlined the time between request and fulfillment in hopes that their marketing materials would reach the potential customer first and impact the FMOT.

With the invention of the internet, this whole process has changed.

## Dreaming

The Dreaming phase of the travel booking process is related to the impetus of the idea to travel.

Our teams help support the Dreaming Phase through the following activities:

- Social media posts
- Public relations efforts
- Blog writing and email campaigns
- Paid advertisements

## Social media

Third-party validation is important when it comes from trusted sources. Many Adirondack research reports indicated that word of mouth (often from friends or family) is the number-two influencer for visitation to the region. But this isn't surprising; it has just been a difficult stage in the process for marketers to impact. Again, with the development of the internet and social media channels, this is changing.

Word of mouth is stronger than ever. For the first time in human history, word of mouth is a digitally archived medium. [1]

Digital word of mouth is impacted through social media channels and message boards. With the prevalence of social media platforms, our office can help steer a conversation with our followers and potentially influence their followers. The communications department will implement a social media distribution plan intended to drive traffic to the website utilizing a mix of photography, video and links to blog, news and event content. Social media platforms will include Facebook, Twitter, Google+, and Pinterest.

## Public relations

The communications department will develop SEO news release content for the website to promote the themes, events and activities that are consistent with the region's visitor experiences and the overall website content strategy/calendar. These releases will also be distributed via online web PR distribution mechanisms, such as PR Web, in order to gain additional exposure via online news outlets.

The department will also pitch story ideas to a targeted selection of media, and invite travel writers/bloggers to experience Tupper Lake's attractions, outdoor recreational opportunities and other unique experiences in person to gain third-party exposure in appropriate media outlets.

## Blog writing and email efforts

ROOST employs several content managers as well as sub-contracted blog authors.

We maintain a weekly blog topic content schedule for the three counties we represent. Staff and contractors are tasked with writing one blog per region that is relevant to the weekly subject. Then, the following week those blogs may be included in our weekly email.

These emails are sent under the Adirondacks, USA newsletter header to a list that currently has more than 100,000 addresses. Emails are currently running at a 29% open rate with a 14% click-through rate.

## Paid advertising

For the upcoming contract year, we have drafted an initial paid media overview for Tupper Lake. It should be noted that as part of the contract with Franklin County, Tupper Lake will receive marketing efforts that may exceed what is listed below.

***Projected Advertising Expenditures (June 2015-May 2016)***

| Topic | J | J | A | S | O | N | D | J | F | M | A | M | TOTAL |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Hiking | | | | | | | | | | | | | $ 1,000 |
| Fishing | | | | | | | | | | | | | $ 1,000 |
| Fall Travel | | | | | | | | | | | | | $ 2,000 |
| Ice Fishing | | | | | | | | | | | | | $ 1,500 |
| Snowmobiling | | | | | | | | | | | | | $ 2,000 |
| Skiing | | | | | | | | | | | | | $ 500 |
| Winer Events/Packages | | | | | | | | | | | | | $ 1,000 |
| Spring Golf Packages | | | | | | | | | | | | | $ 500 |
| Family Fun/Hiking/Paddling | | | | | | | | | | | | | $ 1,500 |
| Packages/Event | | | | | | | | | | | | | $ 1,000 |
| Fishing | | | | | | | | | | | | | $ 500 |
| **Total** | | | | | | | | | | | | | $ 12,500 |

## Other regional upcoming programming

- As part of the contract with Tupper Lake, ROOST is working on the development of a 90-Miler Blueway Website to market the 90-Miler Blueway and the towns along the adjacent roadway.

- Brian McDonnell is working with area paddlers to help generate at least a top 10 "must-paddle" waters in the county.

- ROOST's staff photographer is visiting local events and assets. Having a strong photo library helps considerably to show the traveling public the great reasons to visit Tupper Lake.

## Research

The Research phase of the travel booking process is characterized as the time when the consumer actively looks for travel-related matter to help them narrow down their choices of destinations. Since most travel-related research is conducted online, it is imperative that the website is displayed at the top of search engine results. To do this, our office will focus on website content development.

Ensuring that the site contains all the materials needed to engage travelers will be a large portion of our day-to-day work.

## Websites and search engines

Day in and day out, we all use computers. We all use the internet. Often we research topics of interest using search engines (Google, Bing, Yahoo, etc.).

Search engines are at their most basic level a directory of the internet: a giant library. To be able to find the topics the consumer is looking for, they simply enter their query in the search box and the search engine returns a list of results that meet their criteria.

To be able to provide the most relevant results, the search engines have to know what's on the internet. (That's their whole job.) To do this, they literally read the available pages contained on the entire internet one page at a time. The length of time required to do this is most recently reported at six weeks; however, Google chooses to re-crawl some websites more frequently.

Once they crawl a website, they rank the site in relation to the content on the site. This is called indexing. Indexing can take anywhere from a few days to four weeks. There are a variety of factors that impact whether a site can be indexed quickly and much of this is related to site architecture as well as content.

The criteria by which the search engines determine whether a website should be indexed higher than others is a highly complex algorithm that the search engines keep secret. However, best practices have been established to guide web managers.

It is these best practices that we will employ on behalf of Tupper Lake to help raise the website (www.tupperlake.com) in search engine rankings.

Note: An additional reason to continue with site content and blogging is the beneficial impact that additional content has on site indexing.

## Website traffic

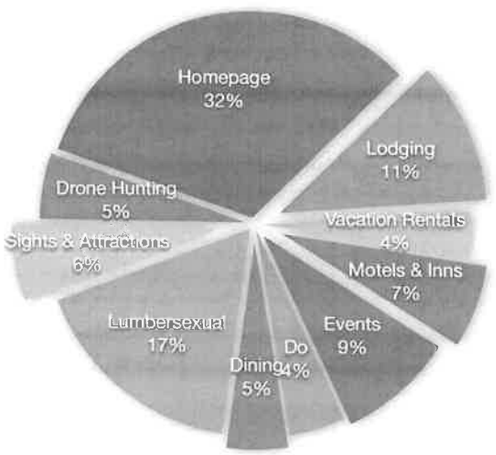
From the launch of the website on November 17, 2014, to the end of the first year's contract (May 31, 2015), tupperlake.com received 66,149 sessions, with 95,269 page views. Since this is a newly designed website and there are few web statistics from the previous Tupper Lake website, we are using the first year to create a benchmark which we will use to measure future marketing efforts.

## Acquisition

Organic traffic to the site from launch until May 31, 2015, accounts for 32.28% of the total traffic. Of that number, 30.05% came from social media, 14.37% came from the Adirondacks, USA e-mail campaign, and 10.39% was referral traffic. Once we establish the benchmark, we will be able to use it to gauge and make adjustments to the different marketing strategies based on changes in these numbers.

## The top 10 page views (Nov. 17, 2014 - May 31, 2015)

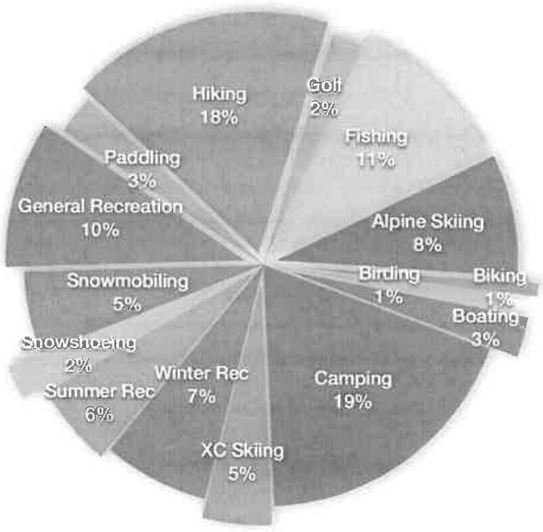
1. Homepage: 20,176
2. "Home of the Lumbersexual" blog: 10,653
3. Lodging: 6,973
4. Events: 5,642
5. Motels & Inns: 4,073
6. Sights & Attractions: 3,690
7. "Senate Approves Drone Hunting" blog: 3,207
8. Dining: 2,992
9. Do: 2,699
10. Vacation Rentals: 2,213



## Content & search engine optimization

In previous sections of this report, we've mentioned the importance of increasing site content to increase the number of times the site is indexed by search engines in an effort to raise the site in relevant searches.

***Recreation Pageview Breakdown***



Our primary focus is to get people who are searching for travel options to see the Tupper Lake website. The photos and copy needs to engage them to induce them to move around the site and learn more about vacationing opportunities. Our staff, in addition to bloggers such as Spencer Morrissey, Joan Collins, Noel Short, and Don Meissner, have been writing blogs to share their experiences with the traveling public.

In addition, we are continuing to create more database-type listings on different recreational assets to highlight the variety of outdoor recreational opportunities Tupper Lake has to offer (i.e. trails, paddles, bike routes, etc). In 2015, our goal is to add bloggers with knowledge on snowmobiling, biking and hunting.

## Booking

The third stage of the travel experience is booking. This is the step the consumer takes to secure their travel plans. Recently our office has been working more closely with the lodging properties as well as some of the destinations (such as the Tupper Lake Golf Club) to encourage package development and distribution through ADKGetaways.com, tupperlake.com and golfmalone.com. The paid campaign previously outlined includes promotion of these packages.

## Experience

The Experience stage is the time during which the consumer is visiting. Our marketing team doesn't have the capacity to effect this phase, but the Destination Master Planning program that ROOST is assisting Tupper Lake with is geared to have a long-range impact on this portion of the travel cycle.

## Sharing

The last stage is Sharing, which represents the actions of the consumer when they engage with their friends and family and encourage visitation — leading back to the dreaming phase in a whole other group of potential visitors.

Share buttons will be incorporated into the new site design to help facilitate this message amplification.

To date, the Tupper Lake Facebook page has 5,139 likes, gaining 1,084 new likes since the launch of the contract. As we employ paid social media campaigns, we expect to see this number increase. In 2015, we will continue to build Facebook engagement as well as increase Pinterest, Google+ and Reddit postings to increase site traffic.

## Tracking, Goals & Measurement

Throughout the year, our staff will be tracking our efforts using site analytics, email open rates, and social shares. These tools will assist us in measuring the effectiveness of our messaging and allow us to tweak and hone our work.

AMENDMENT

Amendment to "Destination Marketing and Planning Contract" dated July 10th, 2014 between the parties of:

The Town of Tupper Lake, 120 Demars Boulevard, Tupper Lake, NY 12986, and

Dear Mayor Maroun,

The Adirondack Canoe Classic, The 90 Mile Canoe Race from Old Forge to Saranac Lake will take place September 11 – 13, 2015. The event draws 275 canoes, kayaks and guide boats, over 600 participants, 500 supporters and lots of spectators to our region the weekend after Labor Day. We would like to thank you for agreeing to support the event last year with a police officer providing assistance at the Crusher on Route 3/30 – the location of the day two finish line.

On behalf of the Central Adirondack Association, we would like to again request the assistance of the Village of Tupper Lake Police Department during the event on Saturday, September 12, 2015 at the entrance to the Fishing access site on Routes 3/30 from 1 to 4 PM.

The race day two starts at Bissell's field on Long Lake at 8:30 AM. Paddlers will make their way up Long Lake and follow the Raquette River downstream headed toward Tupper Lake. Many of the participants stay in Tupper Lake motels as it is a convenient base to stage from for the weekend.

I have included a copy of the request for support we have mailed to Chief Proulx for your information. Thank you for your interest in the continuation of the Adirondack Canoe Classic as a premier paddle sport event that brings thousands of people to the region. Please let me know if we can count on your continued support.

The Adirondack Canoe Classic starts in Old Forge, New York on the weekend after Labor Day. Paddlers gather on Thursday evening to register and make final preparations prior to launching off from Old Forge Pond beginning at 8 AM on Friday. The event is limited to 250 vessels. There are guideboats, voyageur canoes, kayaks and solo, tandem and 4 person canoes. Age range of the participants is 10 to 75 plus! There is a large contingent of "in it to finish" folks in the OPEN TOURING Class. These people are not officially competing for plaques, though they are awarded mileage pins for completion of the 3 days of paddling.

There are approximately 500 participants, 100 direct volunteers, 250 pit crew, and thousands of spectators following the event.

The Route: Day One - The 90 Miler starts in Old Forge and follows the Fulton Chain of lakes up through Eighth Lake, to the Brown's Tract, across Raquette Lake to St. Huberts Bay, up the Marion River across the Railroad grade to Lakes Utowana and Eagle to the finish line at Blue Mountain Lake. Participants carry their boats from Fifth to Sixth Lakes, Seventh to Eighth Lakes, and Eighth Lake to Brown's Tract and across the Marion River Carry. Approximate Day One distance is 35 miles.

Day Two - Begins at Endion on Long Lake. Paddlers go off in waves toward the North end of the lake, following the Raquette River down to the DEC Fishing access east of Tupper Lake. There is one carry around Raquette Falls. Approximate Day Two distance is 30 miles.

Day Three - Begins at the DEC's Fish Creek Campground. Paddlers cross Square Pond, go down Fish Creek to Upper Saranac Lake, across Middle Saranac, through Lower Saranac Lake, down the Saranac River, across Oseetah Lake to the Finish line on Lake Flower in the Village of Saranac Lake. Approximate Day Three distance is 25 miles.

Brian and Grace McDonnell of the Adirondack Watershed Alliance organize the event. Sponsor organizations include The New York State Department of Environmental Conservation, The Central Adirondack Association, Long Lake Recreation, Franklin County Tourism, Wenonah Canoes, Campmor, Hyde Fuel's Nice n Easy Shoppe's, , and a host of businesses supporting the paddlers along the 90 Mile route.

The Adirondack Watershed Alliance was organized to assure the continued promotion and organization of paddlesport activities; develop a stewardship network to enhance recreational opportunities; and provide outdoor employment opportunities. For more information contact the AWA at (518) 891 – 2744.

**APA PROJECT NO. P2015-12**

Date: June 10, 2015

The purpose of this notice is to inform you that on **June 10, 2015** the Agency conditionally approved the project and issued Permit 2015-12.

The project is located in the **Town of Tupper Lake , Franklin County**, on or near Village of Tupper Lake.

The project is the Tupper Lake Multi-Use Trail connector involves the construction of an 8 foot wide shared use trail along a former railroad bed, on some sections of private property and along short sections of local and state roads. The project involves some minor improvements to local and state roads within the project limits. The trail will provide connectivity to the train station, the Village center, parks, schools, the Adirondack Museum and other local destinations of interest. Part of the trail will be along NYS Route 3/30 and there will be minor wetland impacts to undertake this project.

Please contact Tom Saehrig , the Environmental Program Specialist 2 if you should have any questions.

**Tupper Lake Multi-Use Connector Trail**
**DEC #5-1620-00417/00001**
**Tupper Lake (T), Franklin Co.**

Dear Mr. Maroun:

We received your Section 401 Water Quality Certification (WQC) application, to construct a multi-use connector trail. It has been determined that the project does not require an individual WQC. This determination is based on the following:

- The project is subject to U.S. Army Corps of Engineers Nationwide General Permit (NWP) #42, for Recreational Facilities. The DEC has granted blanket WQC for NWP #42 provided that all the required general conditions are met. Plans received January 29, 2015, March 11, 2015, and April 10, 2015, appear to meet all NYSDEC issued blanket WQC thresholds and conditions.

Please review the required general conditions in "List 2" of the DEC letter dated April 19, 2012. This letter is on the DEC website at www.dec.ny.gov/permits/6546.html. On the right side of the page, please click on "Important Links, Section 401 Water Quality Certificate for USACOE Nationwide Permits."

This determination does not eliminate the need to obtain approvals that may be required from other agencies. If you have any questions, please feel free to contact me at (518) 897-1234.

Sincerely,

Erin M. Donhauser

**VILLAGE OF MALONE**
**RESOLUTION NO. 59-2015**

**AUTHORIZING VILLAGE MAYOR TO SIGN A CONTRACT FOR SHARED HIGHWAY SERVICES ON BEHALF OF VILLAGE OF MALONE**

AT A MEETING of the Village Board of Trustees of the Village of Malone ("Village Board") held at NCCC, Malone, New York on the 26th day of May, 2015, the following members were present:

Mayor Todd LePine
Trustee Hugh Hill
Trustee Andrea Dumas
Trustee Michael Maneely
Trustee Joseph Riccio

The following resolution was offered by Trustee Maneely who moved its adoption, and seconded by Trustee Dumas, to-wit:

RESOULTION: authorizing the Village Mayor to sign a contract on behalf of the Village to permit the DPW Supervisor to share services with highway department heads in other municipalities who possess similar authorization for the borrowing or lending of materials and supplies and the exchanging, leasing, renting or maintaining of machinery and equipment, including the operators thereof, for the purpose of aiding the DPW Supervisor in the performance of his duties.

WHEREAS, all municipalities, including the Village of Malone have power and authority to contract with other municipalities for the purpose of renting, leasing, exchanging, borrowing or maintaining of machinery and equipment, with or without operators; and

WHEREAS, all municipalities, including the Village of Malone, have the power and authority to borrow or lend materials and supplies to other municipalities; and

WHEREAS, it is hereby determined that the Village of Malone and other municipalities have machinery and equipment which is not used during certain periods; and

WHEREAS, it is determined that the Village of Malone and other municipalities often have materials and supplies on hand which are not immediately needed; and

WHEREAS, it is hereby determined that by renting, borrowing, exchanging, leasing or maintaining highway machinery and equipment and the borrowing or lending of materials and supplies, the Village of Malone and other municipalities may avoid the necessity of purchasing certain needed highway machinery and equipment and the purchasing, or storing, of a large inventory of certain extra materials and supplies, thereby saving money for the taxpayers; and

WHEREAS, it is recognized and determined, from a practical working arrangement, that no program of borrowing, exchanging, leasing, renting or maintaining of highway machinery and equipment or borrowing or lending of materials can be successful if each individual arrangement or agreement must receive prior approval by the Village Board and the governing board of each of the other municipalities which may be parties to such agreements, since such agreements must often be made on short notice and at times when governing boards are not in session; and

WHEREAS, it is incumbent upon each municipality to design a simple method whereby materials, supplies, equipment and machinery, including the operators thereof, may be obtained or maintained with a minimum of paperwork and inconvenience and with a swift approval process; and

WHEREAS, it is the intent of the Village Board to give the DPW Supervisor the authority to enter into renting, exchanging, borrowing, lending or maintaining arrangements with the persons serving in similar capacities in other municipalities without the necessity of obtaining approval of the Village Board prior to the making of each individual arrangement; and

WHEREAS, a standard contract has been prepared which is expected to be adopted and placed into effect in other municipalities, and will grant the person holding the position comparable to that of the head of the highway department in each of those other municipalities the authority to make similar arrangements; and

WHEREAS, it is hereby determined that it will be in the best interests of the Village of Malone to be a party to such shared services arrangements.

NOW, THEREFORE, BE IT RESOLVED that the Village Mayor of the Village of Malone is hereby authorized to sign the following contract on behalf of the Village:

"1. For purposes of this contract, the following terms shall be defined as follows:

"a) 'Municipality' shall mean any county, town or village which has agreed to be bound by a contract for shared services or equipment similar in terms and effect with the contract set forth herein, and has filed a copy of said contract with the Clerk of the Village of Malone.

"b) 'Contract' shall mean the text of this agreement which is similar in terms and effect with comparable agreements, notwithstanding that each such contract is signed only by the chief executive officer of each participating municipality filing the same, and upon such filing each filing municipality accepts the terms of the contract to the same degree and effect as if each chief executive officer had signed each individual contract.

"c) 'Shared Service' shall mean any service provided by one municipality for another municipality that is consistent with the purpose and intent of this contract and shall include but not be limited to:

"i) the renting, exchanging, or lending of highway machinery, tools and equipment, with or without operators;

"ii) the borrowing or lending of supplies between municipalities on a temporary basis conditioned upon the replacement of such supplies or conditioned upon the obtaining of equal value through the provision of a service by the borrower or by the lending of equipment by the borrower, the value of which is equal to the borrowed supplies;

"iii) the providing of a specific service for another municipality, conditioned on such other municipality providing a similar service, or a service of equal value, in exchange.

"iv) the maintenance of machinery or equipment by a municipality for other municipalities.

"d) 'Superintendent' shall mean, in the case of a county, the county superintendent of highways, or the person having the power and authority to perform the duties generally performed by county superintendents of highways; in the case of a town, the town superintendent of highways; and in the case of a village, the superintendent of public works.

"2. The undersigned municipality has caused this agreement to be executed and to bind itself to the terms of this contract, and it will consider this contract to be applicable to any municipality which has approved a similar contract and filed such contract with the Clerk of the Village of Malone.

"3. The Village of Malone by this agreement grants unto the DPW Supervisor the authority to enter into any shared service arrangements with any other municipality or other municipalities subject to the following terms and conditions:

"a) The Village of Malone agrees to rent, exchange or borrow from any municipality any and all materials, machinery and equipment, with or without operators, which it may need for the purposes of the Village of Malone. The determination as to whether such machinery, with or without operators, is needed by the Village of Malone shall be made by the DPW Supervisor. The value of the materials or supplies borrowed from another municipality under this agreement may be returned in the form of similar types and amounts of materials or supplies, or by the supply of equipment or the giving of services of equal value, to be determined by mutual agreement of the respective superintendents.

"b) The Village of Malone agrees to rent, exchange or lend to any municipality any and all materials, machinery and equipment, with or without operators, which such municipality may need for its purposes. The determination as to whether such machinery or materials is available for renting, exchanging or lending shall be made by the DPW Supervisor. In the event the said Supervisor determines that it will be in the best interests of the Village of Malone to lend to another municipality, the said Supervisor is hereby authorized to lend to another municipality. The value of supplies or materials loaned to another municipality may be returned to the Village of Malone by the borrowing municipality in the form of similar types and amounts of materials or supplies, or by the use of equipment or receipt of services of equal value, to be determined by the respective superintendents.

"c) The Village of Malone agrees to repair or maintain machinery or equipment for any city/county/town/village under the terms that may be agreed upon by the DPW Supervisor, upon such terms as may be determined by the DPW Supervisor.

"d) An operator of equipment rented or loaned to another municipality, when operating such equipment for the borrowing municipality, shall be subject to the direction and control of the superintendent of the borrowing municipality in relation to the manner in which the work is to be completed. However, the method by which the machine is to be operated shall be determined by the operator.

"e) When receiving the services of an operator with a machine or equipment, the receiving superintendent shall make no request of any operator which would be inconsistent with any labor agreement that exists for the benefit of the operator in the municipality by which the operator is employed.

"f) The lending municipality shall be liable for any negligent acts resulting from the operation of its machinery or equipment by its own operator. In the event damages are caused as a result of directions given to perform work, then the lending municipality shall be held harmless by the borrowing municipality.

"g) Each municipality shall remain fully responsible for its own employees, including salary, benefits and workers compensation. Each municipality shall be liable for salaries and other compensation due to their own employees for the time the employees are undertaking a joint service pursuant to this contract, however the borrowing municipality shall reimburse the lending municipality for actual and necessary expenses upon receipt of written notice of such claim.

"4. The renting, borrowing, leasing, repairing or maintaining of any particular piece of machinery or equipment, or the exchange or borrowing of materials or supplies, or the providing of a specific service, shall be evidenced by the signing of a memorandum by the Village DPW Supervisor. Such memorandum may be delivered to the other party via mail, personal delivery, facsimile machine, or any other method of transmission agreed upon. In the event there is no written acceptance of the memorandum, the receipt of the materials or supplies or the acceptance of as service shall be evidence of the acceptance of the offer to rent, exchange or lend.

"5. In the event any shared services arrangement is made without a memorandum at the time of receipt of the shared service, the superintendent receiving the shared service shall, within five days thereof, send to the provider a memorandum identifying the type, time and date of the acceptance of the repair or maintenance shared service. In the event such shared service related to or included any materials or supplies, such memorandum shall identify such materials or supplies and the time and place of delivery.

"6. In the event a municipality wishes to rent machinery or equipment from another municipality or in the event a municipality wishes to determine the value of such renting for the purposes of exchanging shared services of a comparable value, it is agreed that the value of the shared service shall be set forth in the memorandum.

"7. All machinery and the operator, for purposes of workers compensation, liability and any other relationship with third parties, except as provided in paragraph e of section three of this agreement, shall be considered the machinery of, and the employee of, the municipality owning the machinery and equipment.

"8. In the event machinery or equipment being operated by an employee of the owning municipality is damaged or otherwise in need of repair while working for another municipality, the municipality owning the machinery or equipment shall be responsible to make or pay for such repairs. In the event machinery or equipment is operated by an employee of the borrowing, receiving or renting municipality, such municipality shall be responsible for such repairs.

"9. Records shall be maintained by each municipality setting forth all machinery rentals, exchanges, borrowings, repair or maintenance and other shared services. Such records will be available for inspection by any municipality which has shared services with such municipality.

"10. In the event a dispute arises relating to any repair, maintenance or shared service, and in the event such dispute cannot be resolved between the parties, such dispute shall be subject to mediation.

"11. Any party of this contract may revoke such contract by filing a notice of such revocation. Upon the revocation of such contract any outstanding obligations shall be settled within thirty days of such revocation unless the parties with whom an obligation is due agree in writing to extend such date of settlement.

"12. Any action taken by the DPW Supervisor pursuant to the provisions of this contract shall be consistent with the duties of such official, and expenditures incurred shall not exceed the amounts set forth in the Village budget for highway purposes.

"13. A record of all transactions that have taken place as a result of the Village of Malone participating in the services afforded by this contract shall be kept by the DPW Supervisor, and a statement thereof, in a manner satisfactory to the Village Board of Trustees, shall be submitted to the Village Board semiannually on or before the first day of June, and on or before the first day of December, of each year following the filing of the contract, unless the Village Board requests the submission of records at different times and dates.

"14. If any provision of this contract is deemed to be invalid or inoperative for any reason, that part shall be deemed modified to the extent necessary to make it valid and operative, or if it cannot be so modified, then it shall be severed, and the remainder of the contract shall continue in full force and effect as if the contract had been signed with the invalid portion so modified or eliminated.

"15. This contract shall be reviewed each year by the Village of Malone Board of Trustees and shall expire five years from the date of its signing by the Village Mayor. The Village of Malone Board of Trustees may extend or renew this contract at the termination thereof for another five year period.

"16. Copies of this contract shall be sent to the clerk and the superintendent of each municipality with which the DPW Supervisor anticipates engaging in shared services. No shared services shall be conducted by the DPW Supervisor except with the superintendent of a municipality that has completed a shared services contract and has sent a copy thereof to the clerk of his or her municipality and the DPW Supervisor."

"IN WITNESS THEREOF, the said Village of Malone has by order of the Village Board caused these presents to be subscribed by the Village Mayor this 26th day of May, 2015.

- "iii) the providing of a specific service for another municipality, conditioned on such other municipality providing a similar service, or a service of equal value, in exchange.
- "iv) the maintenance of machinery or equipment by a municipality for other municipalities.

"d) **'Superintendent'** shall mean, in the case of a county, the county superintendent of highways, or the person having the power and authority to perform the duties generally performed by county superintendents of highways; in the case of a town, the town superintendent of highways; and in the case of a village, the superintendent of public works.

"2. The undersigned municipality has caused this agreement to be executed and to bind itself to the terms of this contract, and it will consider this contract to be applicable to any municipality which has approved a similar contract and filed such contract with the Clerk of the Town of Piercefield.

"3. The Town of Piercefield by this agreement grants unto the Town Superintendent of Highways the authority to enter into any shared service arrangements with any other municipality or other municipalities subject to the following terms and conditions:

"a) The Town of Piercefield agrees to rent, exchange or borrow from any municipality any and all materials, machinery and equipment, with or without operators, which it may need for the purposes of the Town of Piercefield. The determination as to whether such machinery, with or without operators, is needed by the Town of Piercefield shall be made by the Superintendent of Highways. The value of the materials or supplies borrowed from another municipality under this agreement may be returned in the form of similar types and amounts of materials or supplies, or by the supply of equipment or the giving of services of equal value, to be determined by mutual agreement of the respective superintendents.

"b) The Town of Piercefield agrees to rent, exchange or lend to any municipality any and all materials, machinery and equipment, with or without operators, which such municipality may need for its purposes. The determination as to whether such machinery or material is available for renting, exchanging or lending shall be made by the Superintendent of Highways. In the event the said Superintendent determines that it will be in the best interests of the Town of Piercefield to lend to another municipality, the said Superintendent is hereby authorized to lend to another municipality. The value of supplies or materials loaned to another municipality

may be returned to the Town of Piercefield by the borrowing municipality in the form of similar types and amounts of materials or supplies, or by the use of equipment or receipt of services of equal value, to be determined by the respective superintendents.

"c) The Town of Piercefield agrees to repair or maintain machinery or equipment for any city/county/town/village under terms that may be agreed upon by the Highway Superintendent, upon such terms as may be determined by the Highway Superintendent.

"d) An operator of equipment rented or loaned to another municipality, when operating such equipment for the borrowing municipality, shall be subject to the direction and control of the superintendent of the borrowing municipality in relation to the manner in which the work is to be completed. However, the method by which the machine is to be operated shall be determined by the operator.

"e) When receiving the services of an operator with a machine or equipment, the receiving superintendent shall make no request of any operator which would be inconsistent with any labor agreement that exists for the benefit of the operator in the municipality by which the operator is employed.

"f) The lending municipality shall be liable for any negligent acts resulting from the operation of its machinery or equipment by its own operator. In the event damages are caused as a result of directions given to perform work, then the lending municipality shall be held harmless by the borrowing municipality.

"g) Each municipality shall remain fully responsible for its own employees, including salary, benefits and workers compensation. Each municipality shall be liable for salaries and other compensation due to their own employees for the time the employees are undertaking a joint service pursuant to this contract, however the borrowing municipality shall reimburse the lending municipality for actual and necessary expenses upon receipt of written notice of such claim.

"4. The renting, borrowing, leasing, repairing or maintaining of any particular piece of machinery or equipment, or the exchange or borrowing of materials or supplies, or the providing of a specific service, shall be evidenced by the signing of a memorandum by the Town Superintendent of Highways. Such memorandum may be delivered to the other party via mail, personal delivery, facsimile machine, or any other method of transmission agreed upon. In the event there is no written acceptance of the memorandum, the receipt of the materials or supplies or the acceptance of a service shall be evidence of the acceptance of the offer to rent, exchange or lend.

"5. In the event any shared services arrangement is made without a memorandum at the time of receipt of the shared service, the superintendent receiving the shared service shall, within five days thereof, send to the provider a memorandum identifying the type, time and date of the acceptance of the repair or maintenance shared service. In the event such shared service related to or included any materials or supplies, such memorandum shall identify such materials or supplies and the time and place of delivery.

"6. In the event a municipality wishes to rent machinery or equipment from another municipality or in the event a municipality wishes to determine the value of such renting for the purposes of exchanging shared services of a comparable value, it is agreed that the value of the shared service shall be set forth in the memorandum.

"7. All machinery and the operator, for purposes of workers compensation, liability and any other relationship with third parties, except as provided in paragraph e of section three of this agreement, shall be considered the machinery of, and the employee of, the municipality owning the machinery and equipment.

"8. In the event machinery or equipment being operated by an employee of the owning municipality is damaged or otherwise in need of repair while working for another municipality, the municipality owning the machinery or equipment shall be responsible to make or pay for such repairs. In the event machinery or equipment is operated by an employee of the borrowing, receiving or renting municipality, such municipality shall be responsible for such repairs.

"9. Records shall be maintained by each municipality setting forth all machinery rentals, exchanges, borrowings, repair or maintenance and other shared services. Such records will be available for inspection by any municipality which has shared services with such municipality.

"10. In the event a dispute arises relating to any repair, maintenance or shared service, and in the event such dispute cannot be resolved between the parties, such dispute shall be subject to mediation.

"11. Any party to this contract may revoke such contract by filing a notice of such revocation. Upon the revocation of such contract any outstanding obligations shall be settled within thirty days of such revocation unless the parties with whom an obligation is due agree in writing to extend such date of settlement.

"12. Any action taken by the Town Superintendent of Highways pursuant to the provisions of this contract shall be consistent with the duties of such official, and expenditures incurred shall not exceed the amounts set forth in the Town budget for highway purposes.

"13. A record of all transactions that have taken place as a result of the Town of Piercefield participating in the services afforded by this contract shall be kept by the Town Superintendent of Highways, and a statement thereof, in a manner satisfactory to the Town Board, shall be sub- mitted to the Town Board semiannually on or before the first day of June, and on or before the first day of December, of each year following the filing of the contract, unless the Town Board requests the submission of records at different times and dates.

"14. If any provision of this contract is deemed to be invalid or inoperative for any reason, that part shall be deemed modified to the extent necessary to make it valid and operative, or if it cannot be so modified, then it shall be severed, and the remainder of the contract shall continue in full force and effect as if the contract had been signed with the invalid portion so modified or eliminated.

"15. This contract shall be reviewed each year by the Town of Piercefield and shall expire five years from the date of its signing by the Town Supervisor. The Town Board may extend or renew this contract at the termination thereof for another five year period.

"16. Copies of this contract shall be sent to the clerk and the superintendent of each municipality with which the Town Highway Superintendent anticipates engaging in shared services. No shared services shall be conducted by the Town Highway Superintendent except with the superintendent of a municipality that has completed a shared services contract and has sent a copy thereof to the clerk of his or her municipality and the Town Highway Superintendent."

**IN WITNESS THEREOF**, the said Town of Piercefield has by order of the Town Board caused these presents to be subscribed by the Town Supervisor this 14th day of May, 2014.

ATTEST:

Re: Firm Hydro Energy for **July 1 – 31, 2015**

Dear :

We are pleased to advise you that we anticipate there will be **no reduction in firm hydro energy sales to our hydropower customers for the period of July 1 through 31, 2015.** The forecasted July 2015 generation is projected to be sufficient to meet our firm hydropower customers' needs. However, if that generation is not sufficient, Substitute Energy will be purchased on your behalf for those customers with signed Substitute Energy agreements.

Since hydro shortfalls may still be anticipated in future months, we remain prepared to provide Substitute Energy to assure continuous flow of the lowest cost power to you. For those customers who have executed a Substitute Energy agreement, the Power Authority will automatically purchase the Substitute Energy on your behalf in months that a shortage occurs, pursuant to those agreements, unless otherwise notified. The monthly price for Substitute Energy is an average of all Substitute Energy provided to firm hydropower customers each month.

Current estimates are no shortage for August 2015 through January 2016. We will continue to analyze more current data monthly and provide this type of rolling 6-month forecast each month.

If you have any questions, please contact Jerry McLoughlin at (914) 390-8222 or by e-mail at

# MEMORANDUM

June 4, 2015

TO: ALL NYPA MUNICIPAL AND RURAL ELECTRIC COOPERATIVE CUSTOMERS

FROM: Jerry McLoughlin

SUBJECT: Revised Hydro Allocations—Effective May 1, 2015 Billing Period (June 2015 Bill)

The purpose of this memorandum is to inform you of the revised firm hydro allocations (see below) for the municipal and rural cooperative systems.

These changes were due to the recent EDP Audit which was conducted earlier this year.

If you have any questions, please feel free to contact me at (914) 390-8222 or by e-mail at Gerard.McLoughlin@nypa.gov.

Thanks very much and have a good day.
