Village of Tupper Lake Best Value Procurement Procedures

On July 19, 2017, the Village of Tupper Lake Board of Trustees duly adopted a local law to allow the best value award methodology to be used in the competitive bidding process for purchase contracts (including contracts for service work, but excluding any purchase contracts necessary for completion of a public works contract pursuant to Article Eight of the NY state Department of Labor Law) to be awarded on the basis of best value, as authorized in section 103 of the General Municipal Law, and as defined in Section 163 of the State Finance Law. The purpose and intent of this law is to authorized the use of Best Value criteria when awarding purchase contracts to provide the Village greater flexibility in awarding contracts and to ensure that taxpayers obtain the highest quality goods and services at a low cost while ensuring fairness to all competitors.

Traditionally, price has been the main factor considered in the award of competitive bids. Best-value procurement allows other factors, such as qualifications, schedule, quality, references, and performance-based criteria to be used in the evaluation and selection process. Taxpayers are not well served when public procurement results in low unit costs at the outset but ultimately produce cost escalations due to factors such as inferior quality, poor reliability and difficulty of maintenance. The term "best value" means a basis for awarding contracts for commodities and services that optimized quality, cost and efficiency, among responsive and responsible offerers. Both of these methods of competitive solicitation follow the same requirements of sealed bidding, but vary in the way that the award is decided. Procedures for utilizing best value as a basis for awarding a request for competitive offers are outlined here.

The determination of quality and cost efficiency criteria, may include, but shall not be limited to, any or all of the following: reliability of products; responsibility of supplier, efficiency and/or difficulty/ease use; cost of maintenance; useful lifespan and/or life cycle cost; ability to meet needs regarding timeliness of performance, proximity to the end user, if distance and/or response time is of significant importance; durability, availability of replacement parts or maintenance contractors, quality of craftsmanship, supplier's financial resources and ability to perform; delivery time lines, compatibility of proposed equipment with current equipment, warranty and accessibility of repair parts, vendor's status as a certified or woman owned business enterprise, if required by state or federal funding source; and experience of a service provider with similar contracts.

Where the basis for the award is the best value offer, the Village shall document in the procurement record, and in advance of the initial receipt of offers, the determination of the evaluation criteria that shall be used. The documentation shall, where practicable, include a quantification of the application of the criteria to the rating of offers and the evaluation results, on, where not practicable, such other justification which demonstrates that best value will be achieved.

The solicitation shall prescribe the minimum specifications or requirements that must be met in order to be considered responsive and shall describe and disclose the general manner in which the evaluation and selection shall be conducted. Where appropriate, the solicitation shall identify the relative importance and/or weight of cost, and the overall technical criterion to be considered by the Village in its determination of best value.

Whenever any contract is awarded on the basis of best value instead of lowest responsible offerer, the basis for determining best value shall be thoroughly and accurately documented.

These procedures shall become an appendix to the Village of Tupper Lake Purchasing Policy and reviewed annually by the Village of Tupper Lake Board of Trustees.

Rotary Club of Tupper Lake

Mayor Paul Maroun,

We are writing this to you as members of The Rotary Club of Tupper Lake and The Little League Association of Tupper Lake.

How can we help? The Rotary Club of Tupper Lake would like to take on this project as one of the next phases of their commitment to the youth of Tupper Lake. In our opinion the perfect spot for a new field would be adjacent to the Palmer Pavilion, with home plate and the dugouts closest to Raquette Pond. In years past there was a Little League field sited there, which received tremendous use. There has been a need shown for at least one more field in Tupper Lake.

Is there anything our organizations can do ***now*** to move this along in a timely manner? This past season proved that there is a need for at least one more field, since our season is so short, mostly due to weather conditions. We would like to get back to a more traditional Summer baseball season; with an added regulation field located in town we could even entertain the notion of hosting Little League tournaments for teams outside our area, We could also then attempt to get other service organizations involved. For example the American Legion has an extensive baseball program that is nation wide. If we have the facilities we could approach them about having some of their events here.

The Little League in Tupper Lake has a storied past which rivals that of any American community. At one time our community had a league with as many as twelve (12) teams. There was also a Junior League, which included the next age group for players - these students participated in Little League , but then needed more when they graduated to the bigger field. Many players from these leagues went on to play for college teams, in semi-pro leagues and in a few notable cases played in Major League farm systems.

A designated field for youth will allow the Tupper Lake Youth Baseball & Softball Association to rebuild an all-inclusive program for our community. This will be sustained through the hard work which the Rotary Club of Tupper Lake has proven to provide time and time again.

We understand that the revitalization committee is awaiting word on funding and grants that they've applied for. With this undertaking our groups would be responsible for all funding through donations of cash and in-kind services. We are not asking the Village to finance this; one idea that has arisen is for the Village Board to put this up for vote in this Fall's elections. Let the people of Tupper Lake decide if they want this, and let them know that it will not affect their taxes at all.

Sincerely,

James Merrihew

Dear Mary :

I am pleased to inform you that Stewart's is donating $ 600.00 to Village of Tupper Lake Police for support of the street festival/Arts Council.

It may be of interest to know that our contribution to you is part of our overall commitment to give back to the communities that have supported us. Stewart's Shops will contribute $2.5 million with related family foundations each contributing an equal amount.

We divide that amount into the following categories: Children/Recreation, Education, Arts, Health, Civic Programs, Social, United Way and Miscellaneous, along with matching the contributions from customers' donations to our Holiday Match program, which benefits children year round. Our contribution to you falls under the Arts category.

Since we try to accommodate as many non-profit groups as possible, we must limit our donations to once per year. **To make the donation process even easier, please know that we do offer an ONLINE REQUEST FORM on our website: www.stewartshops.com/contributions. This online form can be used for product, gift certificate and monetary requests. We do require a three week lead time.**

Also, we often like to highlight our donation to you on our shop TVs, website, and social media (find us on Facebook, Twitter, and Instagram!). This will increase your organization's visibility and encourage others to support your organization. **Please email your photos of how this donation was used to photo@stewartsshops.com (.jpg or .png preferred) with your organization's name in the subject line.**

We ask that you refer to us as **Stewart's Shops** in all recognition. Please note our current logo, as seen at the top of this letter. To obtain this logo, go to: stewartsshops.com/branding.

We fully understand the concerns about cultivating donors, but a simple letter from a person who benefited or from the organization may be just as effective, rather than a plaque or other form of recognition. We find that these hard times can often make us better and this may be an area where "less is more."

We wish you success with your program and fund raising efforts. We appreciate your cashing your check as soon as possible. Please do not hesitate to call me at (518) 581-1201 extension 2115 with any questions.

We are closer to you,

Susan Law Dake

Executive Director Mr. Eric Aycock from the Tupper Lake Housing Authority was asked by his board of directors to ask the Village of Tupper Lake if they would like to join in a class action suit with other housing authorities for unpaid subsidies from 2012. Mr. Aycock stated the Tupper Lake Housing Authority can not use federalized funds to join the class action suit but instead would have to receive those funds from the Village's general fund. There is a chance that the Tupper Lake Housing Authority and Village

The Village Board took no action at this time.

Dear sir,

I am writing this LONG over-due letter to you to compliment your local police department.

On October 19, 2016 while transporting my son (who is severely Autistic and non-verbal) from his residential school in Rome for a visit home in Dannemore, he had a complete "melt-down" at the Stewart's shop in Tupper Lake. I managed to get him back to my vehicle where he proceeded to get aggressive and violent with his step-mother and his four year old brother. A bystander called the Tupper Lake police, and Sgts. Hoyt and ~~Elton~~ Carmichael responded to the scene.

Sgts Hoyt and Carmichael were very courteous and professional. They were also very friendly and helpful while my son and I waited several hours at the station for a van to arrive from my son's school to bring him back to Rome.

On closing, I would like to thank Sgts. Hoyt and Carmichael for their service and assistance, they helped make what was a pretty rough day for me and my son much more bearable.

Sincerely,

Dan Shadrick

PRESENT: Mayor Paul A. Maroun

Trustee David Maroun

Trustee Ronald LaScala

The following resolution was offered by Trustee_____, who moved its adoption, seconded by Trustee_____, to-wit:

SECOND AMENDED AND RESTATED BOND RESOLUTION OF THE BOARD OF TRUSTEES OF THE VILLAGE OF TUPPER LAKE, FRANKLIN COUNTY, NEW YORK (THE "VILLAGE"), AMENDING AND RESTATING IN ITS ENTIRETY THE BOND RESOLUTIONS OF THE VILLAGE DATED MARCH 19, 2012 AND MARCH 4TH, 2016 AND AUTHORIZING THE ISSUANCE OF UP TO $7,000,000 IN SERIAL BONDS OR BOND ANTICIPATION NOTES OF THE VILLAGE TO FINANCE THE COST OF CONSTRUCTION AND INSTALLATION OF A REPLACEMENT GROUND WATER SOURCE AND ASSOCIATED TREATMENT AND TRANSMISSION FACILITIES

WHEREAS, the Board of Trustees (the "Board") of the Village of Tupper Lake, Franklin County (the "Village" or "Tupper Lake"), by a Bond Resolution adopted on March 19, 2012 (the "Original Bond Resolution"), previously authorized the issuance of $3,500,000 in serial bonds of the Village to finance the estimated cost of the replacement of its potable water source and construction of a ground water source, including (i) installation of two (2) production wells on the grounds of the Village's existing wastewater treatment plant, located on Water Street (each, a "Production Well"), (ii) construction of two (2) treatment and control buildings to be located at the site of each Production Well (collectively, the "Buildings"); (iii) construction and installation of a twelve-inch transmission main from the Buildings to the existing water main on Demars Boulevard; and (iv) including any ancillary or related work required in connection therewith, including the acquisition of equipment and furnishings, machinery, apparatuses, appurtenants, and any engineering and other preliminary costs, legal expenses and other costs incidental to the financing thereof (the "Original Project"); and

WHEREAS, the Original Project was being undertaken by the Village in response to and in compliance with a State of New York Department of Health ("DOH") Administrative Tribunal Stipulation, dated April 13, 2010, as amended to date (Docket No. 20100192) (the "2010 Consent Order"), which 2010 Consent Order identified a violation of applicable DOH regulations and required the Village to undertake certain specified actions towards completion of capital improvements to the Village's water supply system, consisting of upgrades to the

Village's filtration plant or replacement of the filtration plant with a new groundwater source of supply (the "DOH Mandated Corrective Actions"); and

WHEREAS, the Village Board learned that the capital improvements to be undertaken as part of the Original Project would not be adequate to develop a replacement potable water source, as required by the 2010 Consent Order; and

WHEREAS, the Village adopted on March 4th, 2016 a second bond resolution in the amount of $6,500,000.00 (First Amended Bond Resolution) and modified the capital improvements to be undertaken to the Village's water supply system to comply with the 2010 Consent Order and the 2016 Consent Order (as hereinafter defined), in accordance with the recommendations set forth in the "Preliminary Engineering Report for Potable Groundwater Supply & Water Distribution System Improvements", dated September 2014 (the "Engineer's Report"), prepared for the Village by Capital Consultants, Inc. (d.b.a. Capital Consultants Architecture and Engineering, Inc.), which recommended improvements consisting of the following: (a) the installation of two (2) new production wells, to be situated on a parcel owned by Lyme Adirondack Timberlands I LLC, located near Pitchfork Pond (Tax Map Parcel 469-1-1) (the "Lyme Adirondack Timberlands Property"); (b) the construction of a well station building to house such production wells (the "Well Station Building"); (c) the construction and installation of a new three-phase electric transmission service line along Kildare Road and across the Lyme Adirondack Timberlands Property to the Well Station Building, (d) the construction of a new booster pump station, (e) the construction and installation of approximately 23,000 linear feet of new water main, including new 12-inch transmission main, along Kildare Road in the Town of Tupper Lake (the "Town"), and the replacement, upgrade and looping of 8-inch water main along McLaughlin Avenue and various other roads within the Town and the Village, and (f) all ancillary and related work in connection therewith, including the acquisition of lands or easements or rights of way therein, installation of fire hydrants and valves, road restoration, the acquisition of equipment, machinery, apparatus and furnishings, and all engineering and preliminary costs, legal expenses, and other costs incidental thereto or the financing thereof (collectively, the "Project"); and

WHEREAS, the bid amounts to complete the work the Village contemplates is necessary to satisfy the Village's obligations under the Consent Orders and to provide safe, and convenient water supply and distribution system that works in the best interests of the residents of the Village exceeded the Village's authority to borrow and spend pursuant to the Original and First Amended Bond Resolution; and

WHEREAS, by resolutions dated September 21, 2015 and October 19, 2015, the Village Board determined that (i) the actions and improvements included in the Project constitute a "Type I" action pursuant to the provisions of the New York State Environmental Quality Review Act and the regulations promulgated thereunder (6 NYCRR Part 617) (collectively, "SEQRA"), (ii) the Village Board assumed lead agency status for purposes of conducting a coordinated review of the Project for purposes of SEQRA, (iii) the Project will not result in any significant

adverse environmental impacts, and (iv) a "negative declaration" shall be issued and circulated, in accordance with the requirements of SEQRA; and

WHEREAS, the Project is being undertaken in response to both the 2010 Consent Order and a separate DOH Administrative Tribunal Stipulation, dated February 22, 2016 (Docket No. 20160131) (the "2016 Consent Order"), which 2016 Consent Order identified an additional violation of applicable DOH regulations and requires the Village to undertake the DOH Mandated Corrective Actions; and

WHEREAS, the Board now intends to amend and restate the Original and First Amended Bond Resolutions in their entirety pursuant to the terms of this resolution for the purpose of, among other things, (a) restating the improvements to be made to the Village's potable water supply system to include all of the improvements included in the Project; and (b) increasing the amount of serial bonds authorized to be issued thereunder from $6,500,000 to $7,000,000.

NOW THEREFORE, THE BOARD OF TRUSTEES OF THE VILLAGE OF TUPPER LAKE, FRANKLIN COUNTY, NEW YORK HEREBY RESOLVES (by the affirmative vote of not less than two-thirds of all the members of such body), TO AMEND AND RESTATE THE ORIGINAL AND FIRST AMENDED BOND RESOLUTIONS IN THEIR ENTIRETY, TO READ AS FOLLOWS:

SECTION 10. The intent of this resolution is to give the Village Treasurer sufficient authority to execute those applications, agreements and instruments, or to do any similar acts necessary to affect the issuance of the aforesaid serial bonds or bond anticipation notes without resorting to further action of this Board.
