Revitalization Project Status Update

October 2012

After a summer break, the Revitalization Committee has resumed its regular meeting schedule. The next Revitalization Committee is scheduled for Thursday, October 25th at 3:30 pm in the Town meeting room, and all are welcome to attend and participate.

Update on Ongoing Projects:

2011 Microenterprise Program Grant - \$200,000

The grant deadline for the initial round of Microenterprise funding was Friday, October 12th. When I checked in with Jim Murphy of AEDC on Friday, 8 applications had been received and 2 more were expected.

AEDC will now review all applications and prepare recommendations for the Program Review Committee. We will convene the Program Review Committee as soon as possible to make the first round of Microenterprise Program awards. If all funds are not awarded in the first round, applications will be accepted and evaluated on a rolling basis.

Main Street Grant

Proposals for façade restoration projects at Maroun's Store and Jim and Sheila Larkin's business in the Junction are currently under review by the Office of Homes and Community Renewal. We hope to receive approval this week of these projects and our request for an extension through next summer. We are also pursuing approval of another commercial property proposal.

These projects will spend down the funds remaining in the Town's grant and successfully complete the project. We are looking forward to a publicity event highlighting the improvements when all are complete next year.

Syracuse University School of Industrial Design Contest

Several Syracuse University School of Industrial Design students visited Tupper Lake again last weekend and enjoyed speaking with local leaders and residents at Oktupperfest. I had the pleasure of participating in a conference call with each of the student teams a few weeks ago, and their enthusiasm for the project and assisting in Tupper Lake's revitalization was a delight.

We expect that the students will present their ideas here in Tupper Lake at a community meeting on the evening of Wednesday, December 12th.

Little Wolf Beach Improvements

This year's building improvements at the Town of Tupper Lake's Little Wolf Beach and Campground, partially funded through the 2011 EPF Local Waterfront grant, are complete.

Fall and Winter Preview:

- We will be issuing a Request for Expressions of Interest (REI) for professional services to conduct the beach feasibility study and to finalize the master plan for the waterfront park, both funded through the 2011 EPF Local Waterfront Grant.
- The Wild Center will be completing its planning and design work on signage and interactive displays for the municipal park. We expect that the signage and displays will be fabricated and installed in the park next year, also using Local Waterfront funds. We have received a \$5,000 donation from the Adirondack Community Trust's Fund for Tupper Lake for the planned Wi-Fi station at the municipal park and for the signage and interactive displays.
- As soon as we receive the executed contract from the state, we will also be issuing an REI for the Brownfield Opportunity Area analysis of OWD and adjacent sites.
- Important Dates to Save:
 - October 25th Revitalization Committee Meeting, 3:30 pm Town Meeting Room
 - December 12th - Syracuse University School of Design team presentations

Re: Drinking Water State Revolving Fund
Project No.: 18061
Village of Tupper Lake
Franklin County

Dear Mayor Desmarais:

Thank you for your recent hardship application to the New York State Department of Health (DOH) and the New York State Environmental Facilities Corporation (EFC) seeking financial assistance from the Drinking Water State Revolving Fund (DWSRF). I am very pleased to inform you that your proposed drinking water project is eligible for a DWSRF hardship assistance grant of \$2,000,000 and \$979,790 in interest-free financing for a term of 30 years.

This determination is based on the information provided in your hardship application, including the following:

- 1,902 equivalent dwelling units (EDUs) within the service area;
- A target annual service charge per EDU of \$351;
- A Median Household Income of \$31,654 based on the 2000 census;
- Projected annual operation and maintenance costs of \$745,748; and,
- A total project cost of \$2,979,790.

This proposed funding package results in a projected service charge (PSC) of \$569 per equivalent dwelling unit and is available for two years from the date of this letter, which expires September 19, 2014.

In order to receive DWSRF financial assistance prior to the aforementioned two-year funding deadline, we request that the Village submit a completed DWSRF application to EFC as soon as practicable, or at the latest, by March 19, 2014, which is six months prior to the expiration date of this letter.

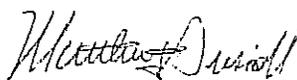

Please note that upon review of your completed application, EFC reserves the right to adjust the financial assistance offered in this letter due to any material changes that may occur in the factors presented in your original hardship application, including for example, the availability of grants from sources other than the DWSRF. In addition, EFC may only provide financial assistance for your project after receiving formal approvals from the Corporation's Board of Directors and the New York State Public Authorities Control Board.

Finally, submission of a completed application is necessary to determine whether your project is compliant with the recently enacted State Smart Growth Public Infrastructure Policy Act.

Should you have any questions or require any assistance in completing your DWSRF application packet, please do not hesitate to contact EFC's Assistant Financial Development Manager Christopher Rienzo at 1-800-882-9721, (518) 402-7085, or christopher.rienzo@efc.ny.gov.

Thank you again for your interest in the DWSRF program and congratulations to you and the community you represent on receiving hardship assistance from this invaluable program. We look forward to working with you to ensure that your community has a safe, affordable and sustainable water supply for generations to come.

Sincerely,

Matthew J. Driscoll
President and CEO

Re: Firm Hydro Energy for November 1-30, 2012

Dear Mr. Bouck:

We are pleased to advise you that we anticipate there will be no reduction in firm hydro energy sales to our hydropower customers for the period of November 1 through 30 2012. The forecasted November 2012 generation is projected to be sufficient to meet our firm hydropower customers' needs. However, if that generation is not sufficient, Substitute Energy will be purchased on your behalf for those customers with signed Substitute Energy agreements.

Since hydro shortfalls may still be anticipated in future months, we remain prepared to provide Substitute Energy to assure continuous flow of the lowest cost power to you. For those customers who have executed a Substitute Energy agreement, the Power Authority will automatically purchase the Substitute Energy on your behalf in months that a shortage occurs, pursuant to those agreements, unless otherwise notified. The monthly price for Substitute Energy is an average of all Substitute Energy provided to firm hydropower customers each month.

The Power Authority continues to be concerned about the river flows projected for 2012 - 2013. Current estimates are no shortage December 2012 through March 2013, a 0.5% shortage for April 2013 and no shortage May 2013. We will continue to analyze more current data monthly and provide this type of rolling 6-month forecast each month.

If you have any questions, please contact me at (914) 390-8117, michael.huvane@nypa.gov or Lenny Catalino at (914) 390-8145, lenny.catalino@nypa.gov.
Thank you for your understanding.
