Good Afternoon,

Sorry for the short notice, however after having a preparation meeting with AdWorkshop, we have determined that we should postpone this gathering until June 6, 2016. This determination was made after we came to a consensus that would be a more effective use of your time if we were to present conceptual designs along with our most recent survey findings.

Do you see any major conflicts with the next Brand Study Public Meeting meeting to be at 6:00pm on Monday, June 6?

Again, my apologies for the reschedule.

Best regards,

GOVERNOR ANDREW M. CUOMO

GOVERNOR COUMO ANNOUNCES PLAN TO CREATE 119-MILE TRAVEL CORRIDOR TO BOOST TOURISM BETWEEN REMSEN AND LAKE PLACID

Plan is part of long-term strategy to create multi-use recreation trails and scenic railways

Governor Andrew M. Cuomo today announced the final plan to govern the use of the 119-mile travel corridor from Remsen to Lake Placid. The final plan, signed by New York State Department of Environmental Conservation and Department of Transportation will maximize the use and economic benefits of the corridor. The state will also immediately invest in the implementation of the plan, including $15 million to upgrade the rail line between Big Moose and Tupper Lake and $8 million to build a multi-use trail between Tupper Lake and Lake Placid. The rail line will be rehabilitated and the trail will be built within the next three years.

"From Tupper Lake to Lake Placid, the Adirondacks is home to unparalleled natural beauty, and today we are building on what makes this region so special," **Governor Cuomo said.** "By rehabilitating the railway and building a scenic trail, we are better utilizing the corridor and its surrounding lands to create more economic and recreational opportunities for residents and visitors alike. I am proud the state is moving forward on this important project and this is yet another example of our commitment to ensuring the Adirondacks remain a first-class tourism destination for generations to come."

"We thank Governor Cuomo for his leadership and commend our colleagues at the Department of Environmental Conservation and the Department of Transportation for preparing a comprehensive travel corridor plan," **said Adirondack Park Agency Chairwoman Leilani Ulrich.** "This plan represents over two years of extensive public outreach and regional planning. It maximizes public recreational opportunities in a way that minimizes environmental impacts. The Adirondacks benefit immensely when we come together and find solutions which result in the greatest possible good for the greatest number of individuals."

Actions called for in the 2016 Unit Management Plan Amendment include:

· Providing for snowmobile use, under permit by DOT, to continue along the entire length of the Corridor, starting December 1 of each year;
· Developing snowmobile community connector trails between Tupper Lake and Old Forge on Forest Preserve and conservation easement lands;
· Encouraging the development of snowmobile trails that connect with existing trail systems on the Tug Hill and Western Adirondacks;
· Bolstering the recreation-connectivity along the Corridor;
· Link Lake Lila to active rail Corridor;
· Establishing railway stops in adjacent communities for visitors and recreationists;
· Constructing snowmobile trails connecting adjacent communities with the local system; and
· Evaluating and possibly develop Hut-to-Hut cross-country ski trail between Beaver River and Horseshoe Lake; and
· Continuing consultations with the State Historic Preservation Office to examine mitigation measures to address the impacts of removing the rails with regards to the Corridors listing on the National Register of Historic Places.

Minutes

Date:	Tuesday, April 19, 2016	
Start:	6:00 PM	
Location:	Board Room	
Meeting:	Special Meeting	6:00 – 6:45 PM

At the Special Meeting of the Board of Trustees held this date, the following were present: Mayor Paul A. Maroun, Trustees Thomas Snyder, Leon LeBlanc, Ronald LaScala, David Maroun and Village Clerk/Treasurer Mary A. Casagrain.

Absent from the Special Meeting were Trustee LeBlanc and Trustee Maroun.

Also present were Town of Tupper Lake Supervisor Patricia Littlefield and Deputy Supervisor John Quinn and New Reporter Daniel McClelland.

Call to Special Meeting To Order — Mayor Paul A. Maroun called the Special Meeting to order and established the agenda.

Water Rate Discussion For Capital Projects — The Village Board discussed three options with the Town of Tupper Lake representatives of possible water rate schedules to consider down the road should the Village of Tupper Lake attain tax exempt status for their two water supply properties.

Mayor Maroun Supports Option #3 — Mayor Maroun stated he has three options for consideration and that he supports option #3.

Option #1 — Option #1 increased both water rates inside and outside the Village equally 24.4% or for a residential user Village Water Rate would increase from $17.00 to $21.15 per month and Town Water Rate would increase from $24.20 to $30.10 per month.

Option #2 — Option #2 would equalize the water rates both inside and outside the Village. The Village Water Rate would increase from $17.00 to $21.56 per month and the Town Water Rate would decrease from $24.20 to $21.56 per month, assuming the Town, School and County would exempt us from taxes.

Option #3 — Option #3 wouldn't equalize the water rates both inside and outside the Village but it would bridge the gap some. The Village Water Rate would increase from $17.00 to $20.74 per month and the Town Water Rate would stay the same at $24.20 per month, assuming the Town, School and County would exempt us from taxes.

Tax Status Date Has Passed — Town of Tupper Lake Supervisor Patricia Littlefield noted that the tax status date has passed and didn't believe we could make a change this late in the year but she would check in to it and let us know.

Phasing Increases — Town of Tupper Lake Deputy Supervisor John Quinn asked if we could phase the increase progressively.

Exemption Process — Both boards were not sure of the process of applying exemption to the Village owned water properties and needed additional time to consult with each respective attorney for guidance.

Set Public Hearing To Set New Water Rates	Motion by Trustee Snyder, seconded by Trustee LaScala to establish a public hearing for Thursday, May 12, 2016 at 8:00 am to set new water rates for both inside and outside the Village. (Carried 3-0)
ROOST Contract Questioned	Mayor Paul Maroun advised Town of Tupper Lake Supervisor Patricia Littlefield that he wanted to wait until later in the year to assess the value of our contract with ROOST to see what type of Bed Tax Revenues are generated by Franklin County before we demand we no longer contribute once the revenue stream is there from the county.
Adjournment	Motion by Trustee Snyder, seconded by Trustee LaScala to adjourn the Special Meeting at 6:45 pm. (Carried 3-0)

Sad to hear this news!

Are you available on Wednesday morning?

If so, maybe we can discuss this and catch up on all the projects?

Thank you,

Good morning Melissa,

After a great deal of thought and two projects that are beginning to gather momentum, I have to opt out of the Village of Tupper Lake NYMS CFA submission this year. I have all my files and notes that I can bring up to you. The re-submit should be easy and, of course, we would be happy to help out the new administrator of the grant if needed.

Mariann and I are in Tupper Lake at the Wild Center on Friday, May 20th for a meeting which should end by 3. Let me know if you are available.

Look forward to seeing you - it's been too long!

My best,
Sharon

Hello All,

As follow up from our discussion on Wednesday, here is my understanding of how we plan to proceed to decide whether we have a project to submit.

Please take a look and let me know what you think.

Thank you,
Melissa

A) Confirm Village Board support -

Mary and Pete to brief the Mayor about our planned approach, described below and refer to Village Board at May meeting

B) Choosing a Target Area

The exit conference made it clear that we need to pick one target area. Here is what I propose:

1) Pete work with Amy to identify areas of no more than 4 blocks in the Junction and on Park Street that have the most historic buildings with commercial potential

2) Pete reach out to the property owners in each district and see if there is interest.

3) Melissa to reach out to possible program administrator. My sense is that without an experienced administrator, it is going to be challenging to convince HCR to award funds to a community our size.

If there is sufficient interest and we can find an administrator to partner with, we can send out application packets.

Applications will require:

a) a detailed scope of work and contractor bids, preferably a sketch of the facade improvements
b) a signed commitment to pursue the project if funding is awarded
c) demonstrated funding in place

We can set date for responses (June 20th?) at which time we will need to evaluate if we have a project that has a good likelihood of being funded in either target area.

Since we can make a good case for either target area (Park Street's importance to the ACR and the Junction's importance as the terminus of the rail/trail) we can decide based upon which area has more ready to go projects.

Finally, I have attached notes Amy and I took in our exit conference that should serve as our guide as we work on this year's grant app.

Tupper Lake Main Street Exit Interview

2.1.16 call with HCR
(HCR, Melissa, Sharon, Pete)

Key Takeaways:

Target Area

The Village will need to choose one target area, with a high concentration of ready to implement projects, with:

1) Detailed scopes of work, bids or quotes from contractors, architectural renderings if available
2) Documented ability to finance improvements

Other Key Points:

- Projects that will result in occupancy of previously vacant commercial space have highest value
- Readiness is more important than need or impact
- Do not like to fund minor repairs or deferred maintenance; want to see visible improvements in design/character of district
- Can do interior improvements if adds leasable space
- Want housing, but commercial OK with out

Technical Improvements:

- Need to implicitly detail match percentage – they thought ours was slightly under

- Commitment letters – add acknowledgment of understanding of reimbursement program, match commitment, length of regulatory term

- For each project:
    - Detailed scope
    - Description of financing

Other Technical Details:

- Eliminate "gap" in timeline :)

- "Firm up" monitoring details?

- Program design – include more detail on project selection criteria

- Note how program administrator will be involved in design
- Link to use of design guidelines

- Provide clear statement about condition of property and commercial area

- Explain what lead to problems, vacancy rates and how the proposed funding for renovations help address this problem

- Be sure proposed projects make up a high percentage of total units

- Show more commitment than dollar amount requested; expect some will drop out

- Draw stronger connection between the ACR and the downtown need

- Be explicit about how program will be run:
  - Selection criteria and process
  - Design
  - Administration
  - Monitoring

- Tie scope of work to photos for each address, explain how costs calculated

2016 Action Plan for Review:

1) Determine if Village wishes to file follow up application
2) Prepare written selection criteria
3) Send out information, hold meeting, explain selection criteria – early April
4) Set deadline for responses
5) Choose target area and prepare application

From Amy's notes:

Possible reasons for our low score (our Regional Council score was a 10) 15 would have been better:

- Our application did not show adequate match – we only had 23% of the required 25%. They did say that the soft costs and admin costs were good and should be kept the way they are.

- Seemed like the fact that we had two NON-contiguous target areas was a detriment to our application, as they look for concentrated areas. HCR questioned why the two areas were eventually decided upon. Melissa explained that the Park Street target area had

been established, but then the need was also there for the "Junction" and it was decided that that area should also be included, as BOTH areas have a real need

- The application is more competitive if we have committed funds, although it isn't required
- Time line could use some more consideration, there was a 6 month gap between project completion and reimbursement
- Monitoring plan could be more detailed
- Could use more detail in project selection criteria
- Could use more detail on how the program admin will work
- Our Need section was strong but could use more detail on condition of properties and what led the property to get to this point
- Try to be more specific on procedural information
- With LOS – try to provide more detail on the scope of work that they would like to complete. Also, if the project says they want $20,000, any information that can be given to tell how these figures were obtained

During the course of the conversation, HCR reiterated that prior performance and success is helpful to an application. Also, readiness and implementation capacity are HUGE!!

Melissa asked if our total asking amount was too high. The answer seemed to be that they did make awards for less than the actual asking amount. So, some communities may have asked for the full $500,000 but were awarded less.

Pete asked if it would have been better to have each participant get a contractor to give an estimate for the project. Response – it would be helpful, but because those estimates aren't "in stone" they are difficult to use.

Basically – I took away from the conversation that more detail would have been very helpful so that they could really have a complete picture of each project - from how it was chosen to how it will get completed and a step-by-step detailed layout of everything in between.

RESOLUTION IN SUPPORT OF

NEW YORK STATE WATER GRANT ASSISTANCE

FOR THE VILLAGE OF TUPPER LAKE WATER SYSTEM IMPROVEMENT PROJECT

WHEREAS, a notice of funding availability from the 2016 Round 2 of the NYS Water Infrastructure Improvement Act Water Grant Assistance Program was announced for the current round of funding which will provide a maximum grant award of $3,000,0000 or 60% of total eligible project costs; and

WHEREAS, the Village of Tupper Lake seeks to construct water system infrastructure improvements essential to addressing critical water quality issues; and

RESOLUTION IN SUPPORT OF

NORTHERN BORDER REGIONAL COMMISSION GRANT APPLICATION

FOR THE VILLAGE OF TUPPER LAKE WATER SYSTEM IMPROVEMENT PROJECT

WHEREAS, a notice of funding availability for the Northern Border Regional Commission 2016 Economic and Infrastructure Development Investment Program was announced for the current round of funding; and

WHEREAS, the Village of Tupper Lake seeks to construct water system infrastructure improvements essential to construction of the Adirondack Club and Resort project; and

WHEREAS, developing this infrastructure to support the Adirondack Club and Resort project is essential to advancing Tupper Lake's economic goals as identified in the community's Tourism Destination Master Plan Workbook and 2007 Economic Development Strategy; and

WHEREAS, the Village of Tupper Lake has received a $1,000,000 grant award from the 2015 Consolidation Funding Application (CFA) program administered by NYS Empire State Development (ESD), and

WHEREAS, a grant award from the Northern Border Regional Commission (NBRC) would provide the funding needed to proceed with this critical infrastructure project that will provide significant economic benefits to Tupper Lake and the North Country region as a whole; and

WHEREAS, the Village of Tupper Lake Board of Trustees fully supports the proposed funding application;

NOW, THEREFORE, BE IT:

RESOLVED that Mayor Paul A. Maroun, as Mayor of the Village of Tupper Lake, is hereby authorized and directed to file an application for funds to the Northern Border Regional Commission.

CERTIFICATE OF RECORDING OFFICER

I, Mary A. Casagrain, the duly qualified and acting Clerk of the Village of Tupper Lake, New York, do hereby certify that the attached resolution was adopted at a regular meeting of the Tupper Lake Village Board held on May 18, 2016 and is incorporated in the original minutes of said meeting, and that said resolution has not been altered, amended or revoked and is in full force and effect.

GOVERNOR

ROSSANA ROSADO
ACTING SECRETARY OF STATE

May 2, 2016

Dear Friend,

As part of Governor Cuomo's continued efforts to transform and improve the state's economic development model, the web-based New York State Consolidated Funding Application (CFA) is accepting round six applications. I am pleased to announce that the New York State Department of State is dedicating $19.5 million in Environmental Protection Fund Local Waterfront Revitalization Program (EPF LWRP) resources to advance community and waterfront revitalization priorities through the CFA.

The Local Waterfront Revitalization Program provides, on a competitive basis, matching grants to villages, towns, cities, and counties (on behalf of one or more villages, towns or cities) located along New York's coasts or designated inland waterways, to foster community and waterfront revitalization as well as local and regional economic development. This program provides funding for a variety of projects that advance waterfront revitalization, community sustainability and regional economic development.

Funding is available for the following grant categories:

- Preparing or Implementing a Local Waterfront Revitalization Program (LWRP)
- Updating an LWRP to Mitigate Future Physical Climate Risks
- Redeveloping Hamlets, Downtowns and Urban Waterfronts
- Planning or Constructing Land and Water-based Trails
- Preparing or Implementing a Lakewide or Watershed Revitalization Plan
- Implementing a Community Resilience Strategy
- Celebrating the Bicentennial of the Erie Canal - Improving Public Waterfront Access for Canal Communities

The EPF LWRP Request for Applications and related information can be found on the Department of State's website at: http://www.dos.ny.gov/funding.

The CFA is now open and completed applications are due by 4:00 PM on July 29, 2016. Applications must be submitted through the web-based CFA.

To apply or to access related CFA materials and the schedule of workshops being held across the State go to: http://regionalcouncils.ny.gov.

Sincerely,

Rossana Rosado
Acting Secretary of State

Mary,

I was, again, asked about speed signs from the Mayor not long ago. I did some more work and attached here is a quote and a description of the product in the quote. Would you please give this to the Mayor and if he is still interested, tell him to call me and I can further explain the quote and why we should go with this company if he wishes to proceed with this project. Thanks!

TERMS AND CONDITIONS

1. **APPLICABILITY.** Unless otherwise specified in a written bid, quote or contract, the following terms and conditions shall apply.

2. **PRICES AND TAXES.** Prices will be Kustom Signals, Inc.'s ("Seller") prices in effect on the date a purchase order is accepted by Seller, and Seller may change its prices at any time, in its sole discretion. All prices will be F.O.B. Chanute, Kansas, and net of any duties, sales, use or similar taxes, fees or assessments, and do not include shipping, packaging or any insurance costs, all of which are Buyer's responsibility.

3. **PAYMENT.** Unless otherwise provided on the face of the invoice, payment is due **30 days after invoice date** in US dollars. Partial payments are not permitted unless authorized in writing. Partial payments will be treated as non-payment. Each invoice is independent from shipping sequence and disputes relating to other invoices. Failure to pay an invoice within 30 days will be considered a default.

4. **DELIVERY AND PERFORMANCE.** Delivery dates are approximate. Seller disclaims all liability for late or partial delivery. Seller may deliver in such lots and at such times as is convenient for Seller.

5. **LOSS IN TRANSIT.** Risk of loss will pass to Buyer upon delivery of the goods to the carrier. In case of breakage or loss in transit, Buyer will have notation of same made on expense bill before paying freight. Seller may reject claims for shortages not made within 15 days of Buyer's receipt of the goods.

6. **TERMINATION, RESTOCKING CHARGES.** Buyer may terminate this purchase order for its convenience, in whole or in part, by written, faxed or telegraphic notice at any time. If Buyer terminates this purchase order for convenience, Buyer will be liable to Seller for Seller's reasonable costs incurred in the performance of this purchase order that Seller cannot mitigate. Unless otherwise agreed upon in advance in writing by Seller, Seller may charge Buyer a 25% restocking fee, if: (a) upon approval by Seller, the Buyer returns any non-defective goods covered by this invoice; or (b) prior to shipment, but after the goods are produced by Seller, Buyer cancels the order for the subject goods.

7. **WARRANTY.** Seller's warranty is provided separately.

8. **LIMITATION OF LIABILITY.** SELLER IS NOT LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, OR INCIDENTAL DAMAGES, OR ANY LOST PROFITS OR LOST SAVINGS, EVEN IF A SELLER REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS, DAMAGES, CLAIMS OR COSTS, NOR IS SELLER LIABLE FOR ANY CLAIM BY ANY THIRD PARTY. SELLER'S AGGREGATE LIABILITY UNDER OR IN CONNECTION WITH THIS PURCHASE ORDER IS LIMITED TO THE AMOUNT PAID FOR THE GOODS.

9. **INDEMNIFICATION.** Buyer will indemnify, defend and hold Seller harmless from all losses, damages, liabilities and costs, including attorneys' fees, incurred or sustained by Seller as a result of any third party claim made against Seller, including a claim by a customer of Buyer, arising from its negligent, reckless, willful, or intentional actions in marketing and reselling the goods.

10. **EXPORT RULES.** Exports and re-exports of the goods may be subject to United States export controls and sanctions administered by the U.S. Department of Commerce Bureau of Industry and Security under its Export Administration Regulations ("EAR"). Buyer shall comply with all laws, rules and regulations applicable to the export or re-export of goods including but not limited to EAR which includes, among other things, screening potential transactions against the U.S. Government's (i) list of prohibited end users, and (ii) list of prohibited countries. Buyer represents and warrants that (i) it has not been charged with, convicted of, or penalized for, any violation of EAR or any statute referenced in EAR §766.25, and (ii) it has not been notified by any government official of competent authority that it is under investigation for any violation of EAR or any statute referenced in EAR §766.25.

11. **MISCELLANEOUS.** These terms and conditions, together with any other written agreement between Buyer and Seller, if any: (i) are the exclusive statements of the parties with respect to the subject matter and supersedes any prior or contemporaneous communications; (ii) may not be amended except in writing executed by the parties and will prevail in any case where the terms of Buyer's purchase order or other communication are inconsistent; (iii) will be interpreted and enforced in accordance with the laws of the State of Kansas without giving effect to principles of conflicts of law. These terms and conditions are: (1) solely for the benefit of the parties, and no provision of these terms and conditions will be deemed to confer upon any other person any remedy, claim, liability, reimbursement, cause of action or other right. Each party consents to the exclusive personal jurisdiction of the state and federal courts located in the State of Kansas for purposes of any suit, action or other proceeding arising out of this Agreement, waives any argument that venue in any such forum is not convenient and agrees that the venue of any litigation initiated by either of them in connection with this Agreement will be in either the District Court of Johnson County, Kansas, or the United States District Court, District of Kansas. If any provision of these terms and conditions is unenforceable, the remaining provisions will remain in effect. No waiver (whether by course of dealing or otherwise) is effective unless it is made in writing and signed by the party to be charged with such waiver. Unless otherwise specified in writing, notices must be given in writing by registered or certified mail, return receipt requested, addressed to:

Mayor Paul Maroun
Tupper Lake Village Board
PO Box 1290
Tupper Lake, NY 12986

Dear Mayor Maroun,

The Adirondack Canoe Classic, The 90 Mile Canoe Race from Old Forge to Saranac Lake will take place September 9 - 11, 2016. The event draws 275 canoes, kayaks and guide boats, over 600 participants, 500 supporters and lots of spectators to our region the weekend after Labor Day. We would like to thank you for agreeing to support the event last year with a police officer providing assistance at the Crusher on Route 3/30 – the location of the day two finish line.

On behalf of the Central Adirondack Association, we would like to again request the assistance of the Village of Tupper Lake Police Department during the event on Saturday, September 10, 2016 at the entrance to the Fishing access site on Routes 3/30 from 1 to 4 PM.

The race day two starts at Bissell's field on Long Lake at 8:30 AM. Paddlers will make their way up Long Lake and follow the Raquette River downstream headed toward Tupper Lake. Many of the participants stay in Tupper Lake motels as it is a convenient base to stage from for the weekend.

I have included a copy of the request for support we have mailed to Chief Proulx for your information. Thank you for your interest in the continuation of the Adirondack Canoe Classic as a premier paddle sport event that brings thousands of people to the region. Please let me know if we can count on your continued support.

Regards,

Brian McDonnell

The Adirondack Canoe Classic starts in Old Forge, New York on the weekend after Labor Day. Paddlers gather on Thursday evening to register and make final preparations prior to launching off from Old Forge Pond beginning at 8 AM on Friday. The event is limited to 250 vessels. There are guideboats, voyageur canoes, kayaks and solo, tandem and 4 person canoes. Age range of the participants is 10 to 75 plus! There is a large contingent of "in it to finish" folks in the OPEN TOURING Class. These people are not officially competing for plaques, though they are awarded mileage pins for completion of the 3 days of paddling.

There are approximately 500 participants, 100 direct volunteers, 250 pit crew, and thousands of spectators following the event.

The Route: Day One - The 90 Miler starts in Old Forge and follows the Fulton Chain of lakes up through Eighth Lake, to the Brown's Tract, across Raquette Lake to St. Huberts Bay, up the Marion River across the Railroad grade to Lakes Utowana and Eagle to the finish line at Blue Mountain Lake. Participants carry their boats from Fifth to Sixth Lakes, Seventh to Eighth Lakes, and Eighth Lake to Brown's Tract and across the Marion River Carry. Approximate Day One distance is 35 miles.

Day Two - Begins at Endion on Long Lake. Paddlers go off in waves toward the North end of the lake, following the Raquette River down to the DEC Fishing access east of Tupper Lake. There is one carry around Raquette Falls. Approximate Day Two distance is 30 miles.

Day Three - Begins at the DEC's Fish Creek Campground. Paddlers cross Square Pond, go down Fish Creek to Upper Saranac Lake, across Middle Saranac, through Lower Saranac Lake, down the Saranac River, across Oseetah Lake to the Finish line on Lake Flower in the Village of Saranac Lake. Approximate Day Three distance is 25 miles.

Brian and Grace McDonnell of the Adirondack Watershed Alliance organize the event. Sponsor organizations include The New York State Department of Environmental Conservation, The Central Adirondack Association, Long Lake Recreation, Franklin County Tourism, Wenonah Canoes, Campmor, Hyde Fuel's Nice n Easy Shoppe's, , and a host of businesses supporting the paddlers along the 90 Mile route.

The Adirondack Watershed Alliance was organized to assure the continued promotion and organization of paddlesport activities; develop a stewardship network to enhance recreational opportunities; and provide outdoor employment opportunities. For more information contact the AWA at (518) 891 – 2744.

LEGAL SERVICES AGREEMENT – LOCAL COUNSEL

THIS AGREEMENT made this __ of _____, 2016 between the Village of Tupper Lake (the "Village"), 53 Park Street, P.O. Box 1290, Tupper Lake, New York 12986 and Eric J. Gustafson, attorney at law, of Pease and Gustafson, LLP (the "Attorney"), 40 Main St., Massena, New York 13662.

WITNESSETH:

WHEREAS, the Village intends to complete certain improvements to its water supply located in and around the Village of Tupper Lake, County of Franklin, including but not limited to the replacement of its potable water source and the construction of a ground water source under the provisions of the Village Law and Local Finance Law of the State of New York;

WHEREAS, the Village wishes to retain the Attorney in connection with various legal matters related to said improvements, excluding bond-related or financing matters; and

WHEREAS, the Attorney has been selected to provide the desired legal services on the terms and conditions set forth herein;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained herein, the parties do hereby agree as follows:

Section 1. **Authorization to Proceed as the Attorney**. The Village shall by appropriate resolution adopt and ratify this Agreement, and the Attorney is hereby authorized to provide legal services as described in this Agreement and for the professional fees specified herein.

Section 2. **Legal Services.** The Attorney agrees to provide its professional services in connection with the Village's improvements subject to the conditions and in consideration of the payment of fees set forth herein. The Attorney agrees, at the request of the Village, to:

(A) Prepare, file, supervise and assist in the taking of such actions as may be necessary or incidental to cause the Village to become duly authorized to undertake the proposed improvements;

(B) Advise and assist the Village in connection with (i) the notice and conduct of meetings; (ii) the preparation of minutes of meetings; (iii) the preparation and enactment of such resolutions as may be necessary in connection with the authorization, construction, and initial

operation of the improvements; (iv) entering into construction contracts; (v) preparation and adoption of by-laws, rules and regulations, and rate schedules; and (vi) such other corporate actions as may be necessary in connection with the construction and initial operation of the improvements;

(C) Review construction contracts, bid-letting procedures, and surety and contractual bonds in connection therewith;

(D) Prepare, negotiate, and review any contract with another Village or other source of water supply when necessary;

(E) Prepare, where necessary, and review deeds, easements and other rights-of-way documents and other instruments for sites for source of water supply, pumping stations, treatment plants, and other facilities necessary to the improvements, provide continuous rights-of-way therefore, render title opinions with reference thereto, and provide for the recordation thereof;

(F) Obtain necessary permits and certificates from county and municipal bodies, State regulatory agencies, and from other public or private sources with respect to the approval of the improvements, the construction and operation thereof, pipeline crossings, and the like; and

(G) Cooperate with the engineer employed by the Village in connection with preparation of tract sheets, easements, and other necessary title documents, construction contracts, water supply contracts, health permits, crossing permits, and other such instruments.

Section 3. Professional Fees and Expenses. The Village shall pay to the Attorney for professional services rendered hereunder the following fees: $135.00 per hour with **$10,000.00** maximum. Reimbursement of expenses shall be made by the Village for reasonable out-of-pocket expenses including, but not limited to, photocopying, postage, court costs, and travel costs incurred by the Attorney in the performance of the duties hereunder. Said fees and expenses shall be payable monthly as billed.

Section 4. Construction and Amendments. This Agreement shall be governed and construed in accordance with the laws of the State of New York. This Agreement may be amended only by a writing duly entered into by the Village and the Attorney.

IN WITNESS WHEREOF, the Village and the Attorney have executed this Agreement as of the date first written above.

LEGAL SERVICES AGREEMENT – BOND COUNSEL

THIS AGREEMENT made this ___ of _____, 2016 between the Village of Tupper Lake (the "Village"), 53 Park Street, P.O. Box 1290, Tupper Lake, New York 12986 and Eric J. Gustafson, attorney at law, of Pease and Gustafson, LLP ("Bond Counsel"), 40 Main Street, Massena, New York 13662.

WITNESSETH:

WHEREAS, the Village intends to undertake improvements to the water supply system located in and around the Village of Tupper Lake, County of Franklin, including but not limited to the replacement of its potable water source and the construction of a ground water source, under the provisions of the Village Law and Local Finance Law of the State of New York;

WHEREAS, the Village wishes to retain Bond Counsel in connection with various bond matters related to said improvements; and

WHEREAS, Bond Counsel has been selected to provide the desired bond-related services on the terms and conditions set forth herein;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained herein, the parties do hereby agree as follows

Section 1. **Authorization to Proceed as Bond Counsel**. The Village shall by appropriate resolution adopt and ratify this Agreement, and Bond Counsel is hereby authorized to provide legal services as described in this Agreement and for the professional fees specified herein.

Section 2. **Bond Counsel Services**. Bond counsel agrees to provide its professional services in connection with all bond issuance and other debt activities of the Village subject to the conditions and in consideration of the payment of fees set forth herein. Bond Counsel agrees, at the request of the Village, to:

(A) Review proposed financing programs as to their legal feasibility and compliance with applicable law, including U.S. Treasury regulations;

(B) Advise as to structuring procedures, required approvals and filings, and schedule of events for timely issuance;

(C) Attend meetings with the Village, the Village's financial advisor(s), underwriters, rating agencies and others appropriate for development or sale of bonds or dissemination of information in connection therewith;

(D) Prepare bond ordinances or resolutions and any amendments thereto in order to authorize the issuance of the bonds;

(E) Prepare any trust indenture, escrow deposit agreement, registrar or paying agent agreement, and any other agreements or similar documents necessary, related or incidental to the financing;

(F) As requested by the Village, assist in or conduct any public hearings regarding such financing;

(G) Review all disclosure documents prepared or authorized by the Village insofar as such documents describe the bonds and summarize the underlying documents; provided, however, that Bond Counsel assumes no responsibility for the disclosure documents insofar as such documents describe the financial circumstances of the offering or any other statistical projections or data, nor does Bond Counsel assume any responsibility for preparing "Blue Sky Memorandums," registering obligations of the Village in any State, or preparing legal investment surveys;

(H) Prepare, obtain, deliver and file all closing documents necessary in connection with the sale and issuance of the bonds, including, but not limited to: certified copies of all minutes, ordinances, resolutions and orders; certificates such as officers, seal, incumbency, signature, arbitrage and others; and verifications, consents and opinions, as needed, from accountants, engineers, consultants, and attorneys;

(I) Prepare documents for obtaining a loan or grant with the New York State Environmental Facilities Corporation;

(J) Review all underwriting proposals, and attend and assist in closing; and

(K) Render an opinion in written form at the time the bonds are delivered, which opinion shall cover (i) the legality of the bonds and the proceedings by which they are issued, and (ii) the exemption from gross income for federal income tax purposes of the interest paid on the bonds.

Section 3. Professional Fees and Expenses. The Village shall pay to Bond Counsel for professional services rendered hereunder the following fees: $165.00 per hour with a $5,000.00 maximum. Reimbursement of expenses shall be made by the Village for reasonable out-of-pocket expenses including, but not limited to, photocopying, postage, court costs, and travel costs

incurred by Bond Counsel in the performance of the duties hereunder. Said fees and expenses shall be payable monthly as billed.

Section 4. Ancillary Services. In addition to the services listed in Section 2 herein, Bond Counsel agrees to provide certain ancillary services, such as ongoing consultation with the Village on such financing, bond validation proceedings, preparation of legislation, and performance of other legal services at the request of the Village, all of which shall be performed at the hourly rate specified in Section 3 herein.

Section 5. Indemnification and Insurance. Bond Counsel agrees, through the provision of professional liability insurance and similar coverages, to protect, defend and indemnify the Village and its officers, employees and agents from and against any and all losses, penalties, damages, settlements, costs, charges, professional fees and other expenses or liabilities of every kind and character caused by any negligent act or omission of Bond Counsel, its employees and agents in connection with or arising out of this Agreement and/or the performance hereof.

Section 6. Construction and Amendments. This Agreement shall be governed and construed in accordance with the laws of the State of New York. This Agreement may be amended only by a writing duly entered into by the Village and Bond Counsel.

IN WITNESS WHEREOF, the Village and Bond Counsel have executed this Agreement as of the date first written above.

WATER PRODUCTION AND ACCESS EASEMENT

THIS WATER PRODUCTION AND ACCESS EASEMENT (this "Easement") is made as of this 20th day of April 2016, between **LYME ADIRONDACK TIMBERLANDS I, LLC**, a Delaware limited liability company with a mailing address of 23 South Main Street, Hanover, NH 03755 (hereinafter called "Grantor", which term shall include Grantor's successors and assigns) and the **VILLAGE OF TUPPER LAKE**, a municipal corporation having an office at 53 Park Street, Tupper Lake, New York 12986 (hereinafter called "Grantee"; which term shall include Grantee's successors and assigns).

WHEREAS, Grantor is the owner of certain parcel or parcels of land in the Town of Tupper Lake, County of Franklin, State of New York described in a Bargain and Sale Deed dated August 16, 2006 given by S.P. Forests L.L.C. to Grantor recorded in Franklin County Clerk's Office on August 31, 2006 in Book 924 of Deeds, Page 165 and a Quitclaim Deed dated August 16, 2006 given by S.P. Forests L.L.C., International Paper Company and IP Timberlands Operating Company, Ltd. to Grantor recorded in Franklin County Clerk's Office on August 31, 2006 in Liber 924 of Deeds, Page 208 (the premises described in such deeds, referred to herein as the "Larger Property");

WHEREAS, Grantee requires certain easements on and over a portion of the Larger Property referenced in such deeds as "Parcel 6 Altamont Tract-Altamont NW Parcel" and identified on the Town of Tupper Lake tax maps as parcel 469.-1-1 (said portion of the Larger Property referred to herein as the "Premises") for the purpose of construction, installation and maintenance of a water production facility and distribution system;

WHEREAS, Grantor and Grantee desire to establish the rights of Grantee in the Premises with respect to said easements and water production facility and distribution system;

NOW, THEREFORE, Grantor, in consideration of One and 00/100 ($1.00) Dollar paid to Grantor, and in further consideration of the covenants herein contained and other good and sufficient consideration, receipt whereof is hereby acknowledged, does hereby grant, convey, and release to Grantee, its successors and/or assigns forever, the following rights and easements on the terms and conditions contained herein, and which, by Grantee's execution hereof, Grantee accepts, and with which Grantee agrees to comply:

1. **Water Production Easement**. The right and perpetual easement (the "Water Production Easement") to install, construct, maintain, operate, inspect, repair, protect and replace a water production facility, comprised of not more than two (2) water supply wells and three (3) monitoring wells, and the water lines and other fixtures used in association therewith, and the appurtenances thereto, including, but not be limited to, pumps, piping, valves, hydrants, shelter structures to protect the well-caps, a well-house building, electrical components, generator, chlorination system, antenna, fencing and power lines (hereinafter, collectively, the "Water Production

Improvements"). Any power lines or water lines located within the Water Production Easement Area shall be constructed to industry standards applicable to placement within public rights-of-way and at a height or depth sufficient to allow unobstructed passage on, over and across the Water Production Easement Area by Grantor, its successors and assigns, and their respective contractors and agents, with commercial forest management trucks, machinery and equipment in connection with commercial forest management operations on the Premises and adjacent and nearby lands. . The Water Production Improvements shall be installed and constructed, and thereafter maintained and replaced (but not relocated except as provided herein) within an approximately 9.8 acre portion of the Premises described on **Exhibit A** attached hereto and incorporated herein by reference (hereinafter, the "Water Production Easement Area"), which is depicted as "9.8± Acres Reputedly Owned by Lyme Adirondack Timberlands I Part of Tax Parcel 469.00-1-1" on a plan dated March 17, 2016 entitled "Map of Land Surveyed for Tupper Lake Water Town of Tupper Lake, Franklin County, New York" prepared by Lafave, White,& McGivern, L.S., P.C Land Surveyors (the "Plan"), a reduced copy of which is attached hereto and incorporated herein as **Exhibit B**.

The Water Production Easement granted hereby includes:

(i) the right to discharge water from such facilities on and over the Premises as may be needed from time to time in connection with the construction, operation and maintenance of the Water Production Improvements;

(ii) the right, after advance notice to Grantor, to trim and/or remove trees, shrubs or other obstructions within the Water Production Easement Area (provided, however, that such trees shall remain the property of Grantor and upon harvesting and removal by Grantee, shall be stacked and stored in lengths designated by Grantor at a location on the Premises outside and immediately adjacent to the Water Production Easement Area that has been designated by Grantor; and provided, however, that Grantor may upon such advance notice from Grantee, elect to trim and remove such trees with its own men, machinery and equipment within sixty (60) days of such notice);

(iii) the right to take immediate action of tree trimming or removal in the event of an occurrence that endangers Grantee's ability to operate its wellfield and related infrastructure, as provided for in this Easement, to meet requirements of its NYSDOH Water Supply Permit, provided simultaneous notification is given to a Grantor by both electronic mail and telephone.

(iv) the right to store pipe on the Water Production Easement Area;

(v) the right to remove material or fill within the Water Production Easement Area; and

(vi) the right to pass machinery, men and equipment over the Water Production Easement Area during construction, maintenance, operation or repair of the Water Production Improvements.

Upon completion of construction of the Water Production Improvements, but prior to providing water to the Village and Town of Tupper Lake and/or residents thereof, Grantee shall: (i) provide Grantor with an As-Built Survey (the "Survey") depicting the location of such Improvements on the Premises and the location of a 200 foot wide radius around each of the two supply wells (the "Well Protection Zones"); (ii) monument such 200 foot wide radius on the ground; and (iii) enter into an amendment to this Easement (the "Amendment") which references the recorded Survey. Upon recording of such Survey and the Amendment, (i) Grantee may commence to supply water from such wells; (ii) Grantor may undertake commercial timber operations in the ordinary course of Grantor's business within the Water Production Easement Area, except within the Well Protection Zones; however, (iii) Grantee shall not have the right to relocate or construct additional Water Production Improvements within the Water Production Easement Area except with the prior approval of Grantor.

The Water Production Improvements shall at all times be the property of Grantee, and shall be separately assessed to Grantee, whether treated as personal or real property. If Grantee ceases to use such Improvements, Grantee shall, at Grantor's request, remove the Improvements from the Premises at Grantee's cost and expense. If the construction of the Improvements on the Premises results in any tax, penalty or assessment to Grantor, Grantee agrees to reimburse Grantor for such expense.

2. **Access Easement**. The non-exclusive right and easement of ingress and egress (hereinafter, the "Access Easement") to and from Kildare Road to the Water Production Easement Area, on and over a 50 foot wide corridor of land, the centerline of which is described on **Exhibit A** and which is depicted by such centerline on **Exhibit B** (the "Access Easement Area"), for the purpose of exercising the rights set forth in Section 1 above and for any other purpose reasonably incidental to the exercise of the Water Production Easement and the installation, operation, maintenance and repair of (i) the Water Production Improvements within the Water Production Easement Area and (ii) a water transmission main and electric power lines within the Access Easement Area. The Access Easement shall be subject to the terms and conditions set forth on **Exhibit C** attached hereto and incorporated herein by reference.

3. **Limitation on Grantor's Activities**. Grantor, or their successors or assigns in title, shall not construct any improvements within the Water Production Easement Area which shall, in any way, interfere with installation, operation of and/or access to the Water Production Improvements by the Grantee for the purposes set forth in this Easement. In addition, Grantor shall not store any chemicals on the Water Production Easement Area that could impact the wells constructed thereon.

4. **Indemnification.** Grantee shall defend, indemnify, protect and hold harmless Grantor and its managers, members, parent or subsidiaries, directors, officers, agents, successors and assigns, from and against all losses, liabilities, damages, claims, actions, proceedings, lawsuits, judgments, orders, penalties, fines, costs and expenses, including reasonable attorneys' fees and expenses, in connection with the exercise of Grantee's rights and obligations under this Easement or the loss of or

damage to property or death or injury to persons (collectively, the "Losses") arising from, relating to, or in connection with (a) the construction, use, operation, maintenance, replacement or repair of the Water Production Improvements by Grantee or its agents, employees, contractors or representatives, or (b) the breach of this Easement by Grantee or its agents, employees, contractors or representatives. Notwithstanding anything in the proceeding sentence to the contrary, the indemnification obligation outlined in this paragraph shall not apply to Losses to the extent caused by or arising out of the negligence or willful misconduct of Grantor, its successors and assigns._

5. **Permits and Environmental Laws**. It shall be the responsibility of Grantee to obtain and comply, at Grantee's cost, with any and all permits to satisfy all national, state or local environmental requirements in connection with exercising its rights under this Easement. Grantor shall be provided with copies of all permits and permitting correspondence submitting to national, state or local authorities. Grantor will be held harmless from any and all legal actions arising out of application of environmental laws and valid rules and regulations promulgated thereunder resulting from acts performed by or for Grantee, specifically including any laws, rules, and regulations concerning the transportation, storage, or disposal of hazardous wastes. .

6. **Successors and Assigns**. This instrument shall inure to the benefit of and be binding upon the parties and their respective successors and assigns.

7. **Multiple Counterparts**. This instrument may be executed in multiple counterparts on separate signature pages, which when assembled shall constitute a single instrument.

8. **Designation of Grantor Representative.** To facilitate communications hereunder, Grantor may at any time and from time to time provide Grantee with written notice of a designated representative of Grantor in connection with day to day operations and activities of either party on the Premises. Absent such designation or if such designated representative is not available, Grantee shall contact Grantor at its place of business as show on the tax records of the Town.

The Easement conveyed hereby is subject to a certain Sustainable Forestry Conservation Easement entered into between Lyme Adirondack Timberlands I, LLC and Lyme Adirondack Timberlands II, LLC, as grantors, and The People of the State of New York, as grantee, dated August 25, 2006, and recorded in the Offices of the Clerk of Franklin County in Book 924 of Deeds at Page 253.

FURTHER SUBJECT TO all covenants, conditions, restrictions and easements of record, to the extent they apply to the Easements herein conveyed.

FURTHER SUBJECT TO:

a. Any and all municipal, state, or federal laws, regulations, and ordinances including, without limitation, permits and approvals heretofore issued by any federal, state, or municipal government authority;

b. Any governmentally imposed or required zoning, subdivision, environmental, and other land use restrictions;

c. Any condition which a physical examination or adequate survey of the Premises might reveal; and

d. All outstanding real estate and/or personal property taxes assessed against buildings and improvements on the Premises.

EXHIBIT B
DEPICTION OF WATER PRODUCTION EASEMENT AREA AND ACCESS EASEMENT

EXHIBIT C
Terms and Conditions of Access Easement

A. Purpose. The sole purpose of this Access Easement is to provide pedestrian and vehicular access on, over, under and across the Premises, as well as the permanent installation, operation and maintenance of a water transmission main and electric power poles, lines and anchors to the Water Production Easement Area to exercise the rights granted hereunder. Grantee acknowledges that the primary use of the Premises and the Larger Property, including the roads and trails thereon, is commercial forestry, including the hauling of timber, and any use by Grantee of such roads and trails is at the sole risk of Grantee. Any power lines or water line located within the Access Easement shall be constructed to industry standards applicable to placement within public rights-of-way and at a height or depth sufficient to allow unobstructed passage on, over and across the Access Easement Area by Grantor, its successors and assigns, and their respective contractors and agents, with commercial forest management trucks, machinery and equipment in connection with commercial forest management operations on the Premises and adjacent and nearby lands.

B. Reservations to Grantor: Reserving to Grantor the full and free use of said Access Easement Area and the right to relocate, repair, reconstruct, or improve and maintain the road within the Access Easement Area to the extent that Grantor shall deem appropriate, and in such case the right as needed to reasonably interrupt traffic to accomplish such purposes. Nothing herein shall restrict Grantor's right to relocate the road or the Access Easement Area provided that the Access Easement shall apply to the portions thereof as they may be relocated from time to time and Grantee shall have a continuous road access from a public road to the Water Production Easement Area.

C. Maintenance; Construction: Grantor shall be under no obligation to maintain or improve the Access Easement Area. To the extent that Grantor does not improve or maintain a road within the Access Easement Area, Grantee shall have the right to maintain and improve an unpaved gravel road within the Access Easement Area. Such activities under this paragraph C shall be performed by Grantee, at Grantee's expense.

D. Clearing: In connection with such maintenance and construction under paragraph C, Grantee shall have the right to keep the Access Easement Area clear of obstruction and may cut down, from time to time, dead trees or other trees which, because of their abnormal condition, may constitute a hazard to the use of the Access Easement. Any timber felled by Grantee in connection with such maintenance and construction of the Access Easement Area shall be and remain the property of Grantor to be salvaged at the discretion of Grantor and shall be neatly stacked at locations off of the Access Easement Area.

E. Litter and Obstruction: Grantee shall keep the Access Easement Area free and clear of all litter and refuse caused by Grantee and Grantee's employees, agents, guests, and independent contractors, directly or indirectly, and shall not obstruct or in any manner close off the road located within, or the Access Easement Area.

F. Damage: Any damage to any road constructed by Grantor within the Access Easement Area caused by Grantee and Grantee's employees, agents, guests, and independent contractors, directly or indirectly, shall be repaired by and at the expense of Grantee, and so that the condition after repair is at least as good as it was before damage, such repair to be performed within a reasonable time (but in any event, within ninety days of notice by Grantor). If Grantee fails to effect such repair within a

reasonable time, or at the request of Grantee, Grantor may repair such damage, and the costs thereof shall be billed to and paid by Grantee.

G. Gate: Grantor has the exclusive right to close, gate, lock or otherwise restrict access along or through the Access Easement Area. Grantor will provide Grantee reasonable means to pass through the closed, gated, locked or restricted access point(s) via separate key(s), passcode, or other means allowing unescorted access, including access for reasons as specified in Section 1 (ii) above. Unless otherwise instructed by Grantor, Grantee agrees the gate or other barriers utilized to restrict access shall remain closed and locked when the right of way is not in use by Grantee and shall be opened only for a period of time necessary to permit passage.
