Subject: December Meeting / 2019 Dues
From: "Adirondack Association Towns & Villages" <aatvny@gmail.com>
Date: 9/17/2018 4:08 PM
To: Pamela Wright <aatvny@gmail.com>
BCC: villtupplake@centralny.twcbc.com

Good Afternoon -

I wanted to let you all know a couple of items of interest:

The December membership meeting will be held December 2nd and 3rd at the Holiday Inn in Lake George. More information to follow. Please Save The Date and we hope to see you there.

I'm sure you are all working on your 2019 budgets and want to ask that you continue your support of AATV.

If you have any questions, please do not hesitate to email me or call.

Thank you and have a great afternoon!

Pam

Mayor Paul A. Maroun
Village of Tupper Lake
53 Park Street, PO Box 1290
Tupper Lake, NY 12986

Dear Paul:

Adirondack town and village funding of the Adirondack Park Local Government Review Board has been instrumental in helping Adirondack communities by providing strong, unified, effective representation on important Adirondack Park policy issues like recently adopted and needed amendments to the "forever wild" clause of the New York State Constitution to address local government concerns, state land tax payments, protection of property rights of pre-existing landowners, invasive species and Adirondack Park Agency procedural and substantive reform. The Review Board helps provide factual and legal research to legislators and policy makers and disseminates information through almost daily emails, and periodic Op-Eds and Opinion pieces. Here are a few examples:

We worked again last year with our state legislators, the Adirondack Association of Towns and Villages (AATV) and environmental groups on the required second passage of an amendment to the forever wild clause of the NYS Constitution. The amendment allows local governments to use a limited number of acres of forest preserve land for necessary highway and bridge safety improvements, utility and broadband projects and other necessary municipal health and safety projects. The amendment passed in a statewide vote last Fall.

We worked this year with our state legislators, the Adirondack Association of Towns and Villages (AATV) and environmental groups to oppose the provision in Governor Cuomo's proposed budget that would have converted state land tax payments to counties, towns and school districts, from the current taxation as if privately owned based on assessed values, to a capped payment in lieu of taxes. We believe that change would have ultimately been devastating for Adirondack and Catskill municipalities. The legislature agreed and the provision was removed from the finally adopted budget.

We attended and spoke at hearings throughout the state on the largest state land classification package ever proposed by the Adirondack Park Agency. The final adopted classifications will enable the DEC to meet most of our goals for the classified lands.

Current law allows the APA to pursue alleged violations by Adirondack landowners literally forever. We believe that is unreasonable. We drafted a proposed bill which would create a statute of limitations on alleged violations of the Adirondack Park Agency Act and Regulations.

Every special interest group in the Adirondacks has an influential, well-financed lobbying organization in Albany. Local governments are not a special interest, but we must ensure that our voices – and those of our constituents — are heard loud and clear.

Working closely with our state legislators, the Review Board is a critical information and advocacy resource for Adirondack towns and villages – collecting and disseminating news media, state agency and advocacy group information immediately to local officials while providing state leaders and the news media with timely, accurate bulletins on the needs of Adirondack communities. We're in regular communication with the APA, DEC, the Cuomo Administration, legislative leaders and statewide news media organizations.

While there are literally dozens of issues the Review Board is working on, let me highlight two of the most important:

1. Legislation to reform the APA's basis for subdivision jurisdiction. Current law requires landowners to provide the APA with a title search establishing the chain of title of the parcel to be subdivided back to May 22, 1973, and to document every sale from the 1973 parcel. That requires a search of more than 45 years of deeds, while title standards require a search of only 40 years. The burden and problem becomes worse each year. The Review Board and AATV are working together to revise the law to base jurisdiction on lot size, rather than lot counting.

2. Legislation to create a statute of limitations on alleged violations of the APA Statute and Regulations. Current law does not provide any statute of limitations protection for Adirondack landowners. The APA is allowed to pursue alleged violations literally forever, and even if the alleged violation occurred as early as 1973 by a former owner several owners back in the chain of title. The Review Board believes that is wrong and must be corrected.

We need your help. Your assistance is crucial to our continued success this year and next.

The Review Board strives to keep expenses low while operating effectively on behalf of local governments. Because of these continued efforts, we are requesting that, if you have not already funded the Review Board in 2018, that you consider 2018 funding in the amount of $300 so we can continue our critical work on your behalf, and budget the same amount in your 2019 budget. All of our futures may depend on it.

If you require a contract, please sign and return the enclosed contract to me. I will return a signed copy to you. If you have any questions or concerns, or there is something the Local Government Review Board can do for you, please don't hesitate to call me at 518-796-2415

Sincerely,

Fred Monroe
Executive Director

AGREEMENT

THIS AGREEMENT made _____, 2018/19 between the **TOWN OF** _____, hereinafter referred to as the **TOWN**, and the **ADIRONDACK PARK LOCAL GOVERNMENT REVIEW BOARD**, a Board duly organized and existing pursuant to the provisions of §803-a of the Executive Law of the State of New York, acting by and through its duly appointed members, hereinafter referred to as the **REVIEW BOARD**.

WHEREAS, the **REVIEW BOARD** was created by the Legislature of the State of New York and is composed of representatives appointed by the county legislatures of the counties lying in whole or in part within the Adirondack Park; and

WHEREAS, the Legislature of the State of New York has provided only partial funding for the **REVIEW BOARD** to perform its statutory functions as outlined in Executive Law §803-a, and recently reduced that funding by 53%, and

55WHEREAS, the **TOWN** has authorized an appropriation in the sum of _____Dollars ($ _____) in support of the work of the **REVIEW BOARD** in representing the interests of the local governments of the Adirondacks; and

NOW, THEREFORE, it is agreed as follows:

1. The **TOWN** agrees to pay to the **REVIEW BOARD** the sum of _____Dollars ($ _____) for the services of the **REVIEW BOARD** in representing the **TOWN** in matters relating to the Adirondack Park.

2. The **REVIEW BOARD** agrees to provide to the **TOWN** the benefit of its services, including but not limited to, attendance at meetings of the Adirondack Park Agency, attendance and participation at public hearings conducted by the Adirondack Park Agency on projects and state land classification under review by said Agency, periodic reports on the activities of the Adirondack Park Agency to the Supervisor of the **TOWN**, especially as such activities affect the residents of the **TOWN,** and generally to report on the administration and enforcement of the Land Use and Development Plan set forth in the Executive Law of the State of New York.

Village of Tupper Lake
Board of Trustees
Minutes

Date:	Wednesday, August 15, 2018	
Location:	Board Room	
Meeting:	Regular Monthly	6:00-7:01 PM

At the Regular Meeting of the Board of Trustees held this date, the following were present: Mayor Paul A. Maroun, Trustees David Maroun, Leon LeBlanc, Clint Hollingsworth and Village Clerk/Treasurer Mary A. Casagrain.

Absent from the Regular Meeting was Trustee Ronald LaScala.

Also present were Code Enforcement Officer Peter Edwards, Electric Superintendent Marc Staves, Fire Chief Royce Cole, Assistant Chief Nick Rolley, Residents Jan Yaworski, Mercy Living Center Administrator Madeline Talliver and News Reporters Aaron Cerbone and Benjamin McClelland.

Call Regular Meeting To Order	Mayor Maroun called the Regular Meeting to order at 6:00 pm.
Pledge	Pledge of allegiance to the flag and a moment of silence and prayer for the safe return of missing teen Colin Gillis.
Public comment	None.
STOP Domestic Violence Awareness Month	Mayor Maroun acknowledged that the month of October is STOP Domestic Violence Awareness month and Ms. Kellie Savage is the safe dwelling coordinator for STOP Domestic Violence and she has invited the community to a Survivor's Walk event September 25, 2018 at the Ivy Terrace beginning at 7: pm where they will have a luminary's testimonial walk.
TL Republican Caucus 8/21/18	Mayor Maroun announced that the Tupper Lake Republicans will caucus August 21, 2018 at 7:00 pm at the Aaron Maddox Hall for the two (2) Village Trustee vacancies.
Local Gov't Day 10/9/18	Mayor Maroun announced that the annual Local Government Day is slated for October 9, 2018 in Potsdam if anyone is interested in attending.
NYCOM Fall Training 9/24/18	Mayor Maroun announced that the NYCOM Fall Training School has been announced for September 24-27, 2018 in Lake Placid, NY if any board member is interested in attending.
Board Minutes Approved	Motion by Trustee Maroun, seconded by Trustee Hollingsworth to approve the board minutes from July 18, 2018 and July 26, 2018 respectively. (Carried 4-0)
Code Enforcement: Accept July Monthly Report	Motion by Trustee LeBlanc seconded by Trustee Maroun to

	to proceed with the bid for abatement and demolition of the building. (Carried 4-0)
Police:	
Accept July Monthly Report	Motion by Trustee Maroun, seconded by Trustee Hollingsworth to approve the July 2018 Monthly Police Report for the Village and Town of Tupper Lake. (Carried 4-0)
Annual Touch A Truck Event	Reminder that the annual "Touch A Truck" event will be held in the Municipal Park on September 8, 2018.
Radar Speed Sign Update	Mayor Maroun advised the board that the radar speed signs are being located with our engineers AEDA and expect them to be ordered once reviewed by NYS DOT for final placement. It was noted that they are exempt from the Village and Town local zoning laws since they are subject to NYS DOT's approval.
Fire:	
Accept July Monthly Report	Motion by Trustee LeBlanc, seconded by Trustee Maroun to approve the July 2018 Monthly Fire Report. (Carried 4-0)
Membership Approved Ms. Abigail Cowan	Motion by Trustee Maroun, seconded by Trustee LeBlanc to approve membership for Ms. Abigail Cowan.
Annual Fire Department Block Dance	Fire Chief Royce Cole announced that the Annual Fire Department Block Dance will be held this Saturday, August 18, 2018 from 6-9 pm. There will be free food, drinks, games and DJ for the kids.
DPW:	
Arden Street	Trustee LeBlanc announced that the DPW crews have moved to Arden Street and are in the process of pulling the sidewalks up and preparing for the reconstruction of the top of the street.
Band Shell Stone Delivered	Trustee LeBlanc announced that the second load of stone is anticipated to arrive next Tuesday, August 21, 2018 for our terrace seating.
Municipal Park Roof Bid Results	After review of the bid results from the Municipal Park Roofing bids it was so moved by Trustee Maroun, seconded by Trustee Hollingsworth to award to Premier Roof Systems, Inc. in the amount of $45,900.00. (Carried 4-0)
W/WW:	
Annual Drinking Water Quality Report	It was noted that our Annual Drinking Water Quality report will be mailed to each home in the coming days for our results from 2017.
Stetson Road & Arden Street Update	Mayor Maroun noted that the W/WW Crews have been on Stetson Road and expect to complete that work on 8/30 in anticipation of the Franklin County Highway Department's resurfacing and road work planned for that area in the coming month. They will then proceed to the top of Arden Street for installation of water lines etc.
Electric:	
Scheduled Power Outage	Electric Superintendent Marc Staves advised that there will be a scheduled power outage this Sunday evening into Monday morning from 11:pm to 2:am from 171 Demars Blvd. to and

2018. Representatives from MRB Group assessed the current conditions of the garage and they will formalize a standard AIA Agreement for us to review in the coming week. In addition, an initial needs layout schematic floor plan is expected by the end of the week for us to review and start assessing our needs in the new facility.

Tree Trimming & Removal Bid — Review Tree Trimming and Removal Service bid results and award to the low bidder Ironwood Heavy Highway, LLC in the amount of $74,427.56 for the services to the Route 30 South line. (Carried 4-0)

Discharge Electric Balance — Motion by Trustee Hollingsworth, seconded by Trustee LeBlanc to discharge an electric account balance in the amount of $227.45 for a deceased customer. (Carried 4-0)

Promote Mr. Michael Dominie to Position Chief Line Worker — Motion by Trustee Hollingsworth, seconded by Trustee LeBlanc to promote Mr. Michael Dominie to the position of Chief Line Worker effective August 1, 2018. (Carried 4-0)

August 23, 2018

Mr. Paul A. Maroun, Mayor
Village of Tupper Lake
53 Park Street
P.O. Box 1290
Tupper Lake, NY 12986

Re: Tupper Lake (V) – 16 McFarland Avenue Demolition

Dear Mayor Maroun,

As indicated in our proposal to the Village, the process for demolition of 16 McFarland Avenue will include:

1. Field confirmation of building condition (measurements/photos)
2. Pre-Demolition Asbestos survey/report
3. Pre-Demolition Abatement plan package
4. Coordination with Village for site access
5. Abatement (as applicable) and demolition of the building
6. Air monitoring and pre/post clearances for demolition.

The Pre-Demolition Asbestos survey/report was completed by KAS for this property (see attached). Asbestos was identified in a number of materials that requires abatement. In order to proceed with abatement KAS is required to complete items 3 and 6 outlined above. Accordingly, AEDA has secured a proposal from KAS for these needed services. The estimated fees for KAS's services can be outlined as follows:

Pre-Demolition Abatement Plan Package =	$ 1,920.00
Air monitoring and pre/post clearances for demolition =	$ 4,215.00
Total Estimated Fee =	$ 6,135.00

Attached for your review and approval is KAS, Inc. proposal/agreement for the work outlined above. I have requested an update version in the name of the Village of Tupper Lake, for signature.

If you have any questions, feel free to contact me.

Sincerely,

James Abdallah

Kas Project #:306185922

Professional Services Agreement
between
KAS, Inc.
and
Village of Tupper Lake

This Agreement, by and between **Village of Tupper Lake** (hereinafter called **CLIENT**),), 53 Park Street, P.O. Box 1290, Tupper Lake, New York 12986, and **KAS, Inc.** (hereinafter called **KAS**), 589 Avenue D, Suite 10, P.O. Box 787, Williston, Vermont 05495, is effective as of August 22, 2018.

Because **CLIENT** needs consulting services, and

KAS represents that it possesses the knowledge, ability, professional skills, and qualifications to perform this work in an expeditious and economical manner and

KAS recognizes the trust and confidence placed in it and covenants with **CLIENT** to furnish skills and judgment and to cooperate with **CLIENT**;

Therefore, in consideration of the mutual promises made herein, **CLIENT** and **KAS** agree as follows:

ARTICLE I - TERM OF AGREEMENT

The term of this Agreement shall be from the date this agreement is approved by both parties through the completion of the Scope of Work (the Work). Any additional work under this Agreement would be as mutually agreed by **CLIENT** and **KAS**. Changes to this Agreement shall be by written amendment.

ARTICLE II - SCOPE OF WORK

KAS shall furnish labor, material, tools, equipment, supervision, and services necessary to perform the scope of work outlined in Exhibit "A," in the time frame in Article V - Schedule, and for the compensation listed in Article III.

ARTICLE III – COMPENSATION

1. **KAS** will prepare an asbestos abatement specification amendment, perform bid services including a bid walk through with potential abatement contractors for a firm fixed price of **$1,920.00.**

2. **KAS** will provide air/project monitoring on a firm fixed unit price basis for this asbestos project. The firm fixed unit prices includes labor, mileage, equipment, shipping and laboratory analysis. Firm fixed unit prices are as follow:

- Background Air Monitoring = $540.00 (one time)
- Pre/During Air Monitoring = $800.00 (per day)
- Final Visual Inspection/Clearance Air Monitoring = $480.00 (one time)
- Report/Project Management = $795.00 (one time)

Based on completion of the work in 4 days, the air/project monitoring cost will be **$4,215.00**. The final cost of the air/project monitoring will be less or more based on the efficiency of the abatement contractor.

3. **CLIENT** shall pay any other applicable federal, state and/or local taxes in the manner and in the amount as required by law. Any other such tax is in addition to the maximum cost specified in this Agreement.
4. Delays caused by unforeseen occurrences including, but not limited to unfavorable weather conditions, partial or complete plant or process shutdowns, strikes, floods, significant delays in project start date or fires which extend the effort required will constitute a Change-of-Scope. Additional effort resulting from such delays will be billed as agreed between the **CLIENT** and **KAS**.
5. Services performed at the **CLIENT's** request beyond that defined in the Scope of Work shall constitute a Change-of-Scope, will be documented by a Change Order, and will be billed as agreed between the **CLIENT** and **KAS.**

ARTICLE IV – BILLING / SCHEDULE OF PAYMENT

Unless otherwise specified in Exhibit "A," **KAS** shall submit invoices to **CLIENT** for the Work performed. Invoices shall be deemed correct and binding upon **CLIENT** unless, within 15 days from the date of receipt, **CLIENT** notifies **KAS** in writing of the portion or portions of the invoice in dispute. **CLIENT** shall pay in full all undisputed portions of an invoice on or before the invoice due date. If payment is not received by **KAS** within thirty (30) days of the invoice date, in addition to the invoice amount, **CLIENT** shall pay a service charge of two percent (2%) per month, or portion thereof, on the unpaid balance until paid. If payment is not received as provided herein, **CLIENT** agrees to reimburse **KAS** for all costs and expenses of collection, including, but not limited to, reasonable attorney's fees.

ARTICLE V – SCHEDULE

The bid specification will take approximately two days to complete. **KAS** will schedule a mandatory bid walk through for contractors bidding on the work. Bids will be due approximately two weeks from the bid walk through and evaluation will take 1-2 days. The air/project monitoring will be scheduled to accommodate the **CLIENT** and will support the abatement contractor's schedule. **KAS** will conduct the necessary air/project monitoring as required by New York State Industrial Code Rule 56 (NYS ICR 56). A summary report will be completed in approximately one week of receipt of satisfactory clearance air sample results.

ARTICLE VI - CONFIDENTIAL INFORMATION

In the course of performance of services by **KAS** and **CLIENT**, it is possible that certain confidential information will be revealed to **KAS** by **CLIENT** or that **KAS** will obtain knowledge of such confidential information through other sources. Likewise, it is possible that **CLIENT** will become acquainted with certain techniques and procedures used by **KAS** which **KAS** considers confidential. **KAS** and **CLIENT** will use best efforts to maintain the confidentiality of, and will not release or allow access to, any information, documents, or materials which are designated as confidential by **KAS** or **CLIENT**.

ARTICLE VII - TERMINATION

CLIENT reserves right to terminate this Agreement at any time, for any reason, upon 14 days written notice to **KAS**. **CLIENT** reserves the right to terminate this Agreement in the event of a default, upon forty eight (48) hours written notice to **KAS**. Default shall mean abandonment or other substantial failure to perform the tasks of this Agreement.

In the event **CLIENT** shall fail to make timely payment of any sum owing and due **KAS** or to promptly fulfill any other **CLIENT** obligations as contained in this Agreement, **KAS** shall have the right, notwithstanding any other provision of this Agreement, to terminate this Agreement upon immediate written notice to **CLIENT**.

In either event, payment shall be due to **KAS** only for those services performed by **KAS** up to the date of receipt of termination plus reasonable costs incurred in terminating the services. Upon termination, **KAS** shall provide and turn over to **CLIENT** all data and records prepared up to and including the date of such termination.

ARTICLE VIII - INSURANCE

KAS shall at all times during this Agreement maintain such insurance as is generally available at reasonable expense to businesses similarly situated and as will protect it from claims under worker's compensation laws, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, sickness or disease, or death of any person other than its employees including claims insured by usual personal injury liability coverage; and from claims for injury to or destruction of tangible property, including loss of use resulting therefrom - any or all of which may arise out of or result from any action of **KAS** or its employees in its performance of this Agreement.

ARTICLE IX – LIMITATION ON LIABILITY

KAS' liability relating to performance of this Agreement SHALL BE LIMITED to $1,000,000; said amount to be consistent with the insurance coverage maintained by **KAS**. **CLIENT** understands and agrees that reliance upon the Work is limited to **CLIENT**. Any third party reliance that may be available is contingent upon agreement by **KAS**, authorization by **CLIENT** and upon the execution by a third party of a letter of understanding provided by **KAS**.

ARTICLE X - NONDISCRIMINATION

1. **KAS** will not discriminate against any employee or applicant for employment because of race, creed, color, sex, or national origin.

2. **KAS** agrees to comply with all local, state, and federal laws and ordinances regarding discrimination in employment against any individual on the basis of race, color, religion, sex, national origin, physical, or mental impairment, or age.

ARTICLE XI - STANDARD OF PERFORMANCE

KAS will deliver its services under this Agreement in a thorough, efficient, and professional manner, promptly and with due diligence and care, and in accordance with the standard practices of the engineering and environmental consulting profession. No Warranty or Representation, either expressed or implied, is included or intended in **KAS** proposals, contracts or reports.

ARTICLE XII - GENERAL CONDITIONS

1. It is mutually understood and agreed that this contract shall be governed by the laws of the State of Vermont, both as to interpretation and performance, and that any action at law, suit in equity or judicial proceeding for the enforcement of this contract or any provision thereof shall be instituted only in the courts of the State of Vermont and maintained only in any court of competent jurisdiction in the State of Vermont.

2. In the event any legal or other action is necessary, as a result of an action directly caused by willful misconduct or negligent performance by either party, to enforce the terms of this Agreement, the prevailing party shall be entitled to recover all costs incurred, including court costs and a reasonable sum for attorney fees at trial and on appeal.

3. Any supplement or amendment to this Agreement to be effective shall be in writing and signed by **KAS** and **CLIENT**.

4. This Agreement, including attachments incorporated herein by reference, represents the entire agreement and understanding between the parties, and any negotiations, proposals, purchase orders, or oral agreements are superseded by this written Agreement and are not intended to be integrated herein.

5. The provisions of this Agreement are severable; and, should one or more provisions be unenforceable, all other provisions will remain in full force and effect.

6. When participating in any activities in connection with this Agreement, **CLIENT** will comply at its own expense with all health and safety programs required by law, including but not limited to requiring its employees to attend health and safety training workshops and to use safety equipment and procedures required by applicable law.

7. Prior to the start of any work under this Agreement or at any time thereafter when new information becomes available to **CLIENT**, **CLIENT** will provide prompt, full and complete disclosure to **KAS** of known potential hazardous conditions or risks to the health or safety of employees, agents, representatives, officers, or directors of **KAS** or its subcontractors or consultants which may be encountered on **CLIENT's** properties or in connection with work performed for **CLIENT** under this Agreement.

8. **CLIENT** agrees that if this Agreement requires the containerization, transportation, or disposal of any hazardous or toxic substances, **KAS** is not and has no authority to act as a generator, transporter, or disposer of any hazardous or toxic waste, materials, or substances that may be found or identified on, at, or around the Site. **KAS** may, with appropriate authorization from **CLIENT**, act as an agent for the **CLIENT** in arranging for transportation and disposal of hazardous wastes, and may sign manifests, disposal tickets or like document but in doing so shall not assume any liability for the wastes. **KAS** shall not have any right, title or interest in any portion of the Site, including but not limited to any hazardous materials.

ARTICLE XIII – INDEMNITY

1. **CLIENT** and **KAS** shall each indemnify, defend, and hold harmless the other from and against those claims, demands, judgements, losses, damages, costs and expenses, including reasonable attorney's fees arising from personal injury, death or damage to property, to the extent, resulting from its negligence or willful misconduct.

2. Where injury or damage results from joint negligence or misconduct of both parties, the indemnitor's duty of indemnification shall be in proportion to its relative fault. The parties agree that neither will be liable to the other for any consequential or incidental damages arising from or in connection with performance of the Work.

3. **CLIENT** and **KAS** shall each indemnify, defend, and hold harmless the other from and against those claims, demands, judgements, losses, damages, costs and expenses, including reasonable attorney's fees to the extent, arising from the violation or alleged violation of any laws, rules, regulations or valid orders or patent infringement.

ARTICLE XIV – ENTIRE AGREEMENT

The parties hereto agree that this Agreement (and the documents attached hereto and/or incorporated herein by reference) is intended by the parties as final, complete, and exclusive expression of the terms and conditions of their agreement. No course of action or prior dealings between the parties shall be relevant to supplement this Agreement. This Agreement shall supersede all prior written or oral agreements between the parties hereto and shall not be modified, added to, superseded or otherwise altered except by a written modification signed by both parties.

KAS, INC.	VILLAGE OF TUPPER LAKE
By:	By:
Name: Aaron Roth (Typed or Printed)	Name: (Typed or Printed)
Title: Branch Manager	Title:
Date 8/23/18	Date:

Exhibit "A"
Scope of Work

KAS shall furnish labor, material, equipment, supervision, and services necessary to prepare a bid specification, assist in obtaining bids and conduct a bid walkthrough at the property located at 16 McFarland Avenue, Tupper Lake, New York. **KAS** will also provide air/project monitoring for the asbestos abatement project at the residence. Specifically, **KAS** will conduct the following scope of work.

Bid Specification and Bidding Services

KAS will prepare a bid specification. The bid specification will provide guidance and requirements for the contractor's bidding on asbestos abatement with an option of demolition. Upon completion, **KAS** will distribute the specification to contractors approved by **CLIENT** and a pre-bid walk through will be scheduled and conducted. **CLIENT** will be responsible to any required public announcements or notification required by village bidding rules and regulations. **KAS** will walk the contractors through the residence. Upon receipt of the bids, **KAS** will review and provide recommendations regarding the bids/contactors.

Air/Project Monitoring

KAS will provide background air monitoring, pre-abatement air monitoring, during abatement air monitoring and a final visual inspection in accordance with New York State Industrial Code Rule 56 (NYS ICR 56). Background air monitoring will be conducted prior to commencement of abatement activities. Pre-abatement air monitoring will be conducted while the work areas are being prepped for abatement activities. During abatement air monitoring will be conducted during abatement and cleaning activities. The final visual inspection will be conducted following the completion of abatement activities and after the proper waiting/settling/drying time has been observed. Upon completion of a satisfactory visual inspection, **KAS** will conduct clearance air monitoring. All air samples will be analyzed by Phase Contrast Microscopy (PCM). Upon receipt of satisfactory laboratory analysis of the clearance air samples, the work area will be cleared.

Final clearance air sample results will be verbally communicated to the **CLIENT** and abatement contractor upon receipt and a report will be completed once the final clearance air results are received. The report will include laboratory results and a summary of onsite work completed.

Conditions for the air/project monitoring include the following:

- Air samples will be analyzed by PCM;
- A separate mobilization to conduct the final visual inspection is anticipated. If the final visual inspection is unsatisfactory an additional mobilization will be needed;
- A 24-hour laboratory turnaround time for PCM air samples.
- 3-hour turnaround time for clearance samples using PCM air samples will be used.
- Project Monitoring will be limited to a Final Visual Inspection.

Mary –

Attached is an invoice for the pre-demolition asbestos inspection at 16 McFarland Avenue, Tupper Lake, NY. Our price exceeded the purchase order due to the wide-variety of building materials especially roofing materials associated with the structure that required sampling. We had estimated $1,452 in laboratory costs, but due to the number of samples the actual cost was $2,508. If you have any questions let me know.

Thanks

Aaron Roth

INVITATION TO BID

Sealed Bids will be received at the offices of KAS Environmental Science & Engineering, P.O. Box 787, 589 Avenue D, Suite 10, Williston, Vermont 05495 until 2:00 PM local time on Saturday, October 6, 2018, for:

16 McFarland Avenue
Village of Tupper Lake
Tupper Lake, New York

The work includes the removal of any and all asbestos containing materials, and an option for subsequent demolition of the vacant structure located at 16 McFarland Avenue, Tupper Lake, NY. The work also includes proper fill and compaction of building foundation and site preparation.

Bids will be received on a lump sum basis as broken down on the specification bid form.

Bids actually received by mail or by hand after the appointed time on the date specified shall be rejected, notwithstanding that such Bid may have been placed in a mail box or other mail receptacle regularly maintained by the United States Postal Service before such time, and ordinarily in sufficient time to have been delivered on time.

Specifications have been provided to invited bidders. Extra copies may be obtained from KAS Environmental Science & Engineering, Attn: Daniel Ormsbee Jr., PO Box 787, 589 Avenue D, Suite 10, Williston, Vermont 05495, tel. (518) 569-9445, from 8:00 AM to 5:00 PM Monday through Friday or at the Village of Tupper Lake Offices.

A mandatory walk through and pre-bid meeting will be held at 10:30 AM local time on Friday September 21, 2018, at the subject property.

The following is the monthly report for the Tupper Lake Police Department for the month of

August , 2018.

New York State Volunteer Firefighter Cancer Benefit Program

General Information about NYS General Municipal Law Section 205-CC (the Law)

Background of the Cancer Benefit Program (the Program) sponsored by FASNY, AFDNYS, NYSAFC and NYSAC (the Associations)

Q1. Why did the Associations partner to create a cancer benefit program for eligible NYS volunteer firefighters?

A1. The Associations participated directly in the drafting and negotiation of the Law. As part of that work, the Associations identified the need for a consistent and clearly communicated program for eligible NYS volunteer firefighters. Working with Willis Towers Watson, the Associations approached the insurance market to identify possible insurance carrier partners. Upon completion of a broad Request for Proposals, the Associations chose Hartford as its partner.

Q2. Is the Association Program available for all eligible NYS volunteer firefighters?

A2. Yes.

Q3. Is the Association Program the only source of insurance compliant with the Law?

A3. No. The Law allows for other sources of insurance provided they are approved by the New York State Department of Financial Services as being compliant with the Law.

Purpose of the Law

Q4. What is the purpose of the Law?

A4. It provides volunteer firefighters with monetary assistance in the event they are diagnosed with cancer. The initial intent was to provide a VFBL benefit but this would have resulted in an estimated increase of a 150% to VFBL costs. While negotiating the language of the legislation, many self-insured counties stated the extreme cost increase would force them to drop VFBL

coverage. This was the case in Pennsylvania, where more than half the claims are denied as insurers aggressively challenged those claims. The New York State Assembly and Senate worked with the fire service and the localities to craft a bill which would provide extensive coverage but meet the cost needs of the localities.

Q5. Why does the Program only cover volunteer firefighters with five years of active interior firefighting service?

A5. First, when addressing the cancer legislation with policy staff in the Assembly, the issue of a cancer study focusing solely on volunteer firefighters was raised. Although there have been numerous studies relating cancer to firefighting, those studies have only addressed career firefighters who are all interior rated. The policy staff expressed concerns that if the position of the volunteer fire service was to have the same status as career firefighters, the bill should be narrowly tailored to mirror the coverage provided to them. Secondly, working with leading experts on occupational cancer, it was determined that exposure to a toxin would generally take at least five years before a blood form of cancer would be diagnosed. These two issues resulted in the bill being narrowly tailored to mirror the career firefighter provisions and to meet the likely health issues associated with cancer and volunteer firefighting.

Q6. What is the effective date of the coverage under the Law?

A6. Coverage begins on January 1, 2019. The insurance market will require time to develop insurance products that conform to the Bill. New York State will also require time to further assess the cost if there are dramatic changes in the insurance markets.

Q7. Who pays for volunteer firefighter coverage under the Bill?

A7. The Law requires that any fire district, department or company provides and maintains insurance coverage for each eligible volunteer firefighter.

Compliance with the Law

Q8. How do I know if my fire service entity is required to comply with the Law?

A8. In the most basic terms, if your entity – fire district, department or company - utilizes volunteer firefighters then your fire service entity is subject to the Law.

Q9. Is New York State creating an insurance program at the State level?

A9. No. Insurance for the program will be provided only by private insurance companies licensed in the State of New York. Any company offering a program must be approved by the NYS Department of Financial Services.

Q10. Has a compliant insurance program been established?

A10. Yes. FASNY, AFDSNY, NYSAC and NYSAFC assisted in developing a program that is compliant with the Law.

Q11. Who determines if a fire district, department or company has complied with the provisions of the Law?

A11. The NYS Office of Fire Prevention and Control will determine the rules and regulations governing the cancer insurance coverage and what constitutes compliance.

Q12. I've determined that my fire service entity is subject to the Law. How does it comply?
A12. There are two methods: First, insurance can be purchased via the Program that is in compliance with the Law or it can be purchased outside of the Program. The insurance offered under the program has been specifically created to conform with the mandates of the law. Any carrier offering coverage outside of the program must demonstrate formal compliance with the Law. Also, the district, department or company must confirm with the Office of Fire Prevention and Control that the insurance it plans to purchase complies with OFPC rules and regulations. Secondly, as an alternative, the law permits the authority having jurisdiction to certify that it will pay claims.

Q13. Does the Law allow for different plan aspects to be offered?
A13. Yes. The Law defines a "minimum requirement". To the extent those requirements are met or exceeded will be determined by how an individual fire service entity chooses to meet their requirements.

Features of the Program Sponsored by FASNY, AFDSNY, NYSAC and NYSAFC

Q14. Is the Program compliant with the Law?
A14. Yes.

Q15. Has the Department of Financial Services approved the plan design and rates marketed under the Program as compliant with the Law?
A15. The Department of Financial Services is reviewing both the plan design and pricing of the Program for compliance with the Law.

Q16. Has the Office of Fire Prevention and Control approved the coverage offered by the Program as compliant with its rules and regulations in support of the Law?
A16. The Office of Fire Prevention and Control is reviewing the Program to confirm it is compliant with its rules and regulations in support of the Law.

Q17. Is the Program available to all volunteer firefighters?
A17. A volunteer firefighter would be eligible for coverage under the Program if the following criteria are met:

1. The volunteer has served at least five years as an interior firefighter as evidenced by passing an OSHA compliant mask fit test each year; and,
2. Upon entrance into the volunteer service, the volunteer firefighter successfully passed a physical examination which did not reveal any evidence of cancer.

Q18. Must a volunteer firefighter have served for a period of time to be eligible?
A18. All firefighters must have served at least five years as an interior firefighter.

Q19. Will a firefighter who satisfied the five year service requirement prior to 1/1/19 in addition to the other eligibility requirements be covered under the Program as of 1/1/19?

A19. Yes.

Q20. If a firefighter satisfies the eligibility requirements after 1/1/19, when will their coverage be effective under the Program?

A20. Firefighters who satisfy the eligibility requirement after 1/1/19 will be added as a covered firefighter the month following satisfaction of the eligibility requirements.

Q21. Who is responsible for determining whether a volunteer firefighter is eligible for coverage under the Program?

A21. The authority having jurisdiction (AHJ) is responsible for determining whether a firefighter is eligible for coverage under the Program.

- For fire districts, the Board of Fire Commissioners is the responsible agency;
- For village fire departments, the Village Board is the responsible agency;
- For fire companies, outside of cities, villages, and fire districts, the Town Board is the responsible agency.

Q22. Should a municipal administrator ask a volunteer firefighter details about the results of their entry physical?

A22. No. That information is protected under HIPAA as personal health information. The respective AHJ will determine eligibility.

Q23. Who holds the firefighter records?

A23. In most cases it will be the AHJ.

Q24. What if a firefighter had a physical 10 years ago but has no record of it?

A24. In the absence of a record of the firefighter's entry physical, the AHJ will determine eligibility in the Program.

Q25. What are the benefits provided under the Program?

A25. There are three separate benefits which are provided independent of each other:

1. The lump-sum benefit provides a payout for a diagnosis of cancer based upon the severity of the illness. For less severe forms of cancer, there is a lump-sum benefit of $6,250. If the cancer is more severe, based upon the guidelines of the Law, there will be a lump-sum payment of $25,000. This lump-sum is drawn from a pool of $50,000 per firefighter which will be available if there is more than one cancer diagnosis over the volunteer firefighter's career.
2. If the volunteer firefighter becomes totally disabled and unable to perform their duty as an interior firefighter as a result of cancer, the volunteer firefighter will be eligible for a monthly benefit of $1,500, payable up to 36 months.

3. In the case of death from cancer, the volunteer firefighter's beneficiary will be eligible to receive a death benefit of $50,000.

Q26. Does the income replacement benefit cover income earned in employment outside of the service?

A26. No. The volunteer firefighter maximum benefit is a flat $1,500

Q27. If the volunteer firefighter is receiving disability benefits from other sources not privately purchased by the firefighter related to the cancer diagnosis under the Law, is the monthly benefit reduced?

A27. Yes. The monthly benefit will be reduced based on the other sources of disability benefits so as not to exceed $1,500 per month.

Q28. If a firefighter owns a privately purchased insurance policy paying benefits in addition to those received under the program, would the Program monthly benefit be reduced?

A28. No, provided the firefighter purchased a privately owned policy (not one offered on a group basis through their employer).

Q29. For the multiple pay out under the lump-sum benefit, how much time must separate the two diagnoses to allow for more than one payout?

A29. The firefighter must be symptom free for 180 days between diagnoses.

Q30. If a firefighter dies within 30 days of filing a claim for the lump-sum benefit, would the benefit still be paid?

A30. Yes.

Q31. What is the maximum amount of benefits a firefighter would receive under the lump-sum benefit?

A31. A firefighter may receive up to a maximum of $50,000 under the lump-sum benefit payable either at $25,000 for more severe cancers or $6,250 for less severe cancers.

Q32. Are fire districts, departments and companies required to continue coverage for eligible firefighters when they leave the fire service?

A32. Yes. Compliance with the Law requires fire districts, departments and companies to continue the firefighter's coverage for the lump-sum benefit and death benefit for five years after separation from the fire service.

Q33. May the firefighter take the benefits with them when they leave service?

A33. Yes, after the five year extension and provided they have not exhausted their $50,000 limit **while employed** or volunteering, the firefighter may continue the lump-sum benefit and death benefit provided they pay the premium to continue coverage.

Q34. Is there an age limit to how long a firefighter may continue the lump-sum and life coverages?

A34. No.

Q35. Are the lump-sum and death benefits taxable at the state or federal level if the firefighter pays the premium to continue coverage?
A35. No.

Premiums for the Insurance Provided through the Program

Q36. What is the estimated per firefighter cost for the Program?
A36. Although not finalized, the estimated cost per firefighter is less than $250 per year.

Q37. Will the cost for each eligible firefighter vary by age, occupation, years of service tobacco use, or other distinctions?
A37. No. The cost for each eligible firefighter will not vary under the Program.

Q38. Is the State of New York paying for any of the local governments' costs for the Program?
A38. No.

Q39. How do I obtain a quote/proposal through the Program?
A39. In August, the Program developed by the fire service associations will reach out to every NYS fire district, department and company to offer participation in the Program. The fire service entity will provide to the Program the number of eligible firefighters as of 1/1/19. The Program will then send back a formal proposal and quote. Local insurance agents will also have access to the Program quoting/proposal resources if a fire service entity wishes to work through a local agent.

Q40. How is the premium calculated?
A40. The premium is calculated based upon the number of firefighters. Each quarter the responsible fire service entity reports the number of eligible volunteer firefighters. That number is then multiplied by the quarterly rate and remitted.

Q41. When are premiums due?
A41. The Program works on a quarterly billing cycle. Those participating in the Program will receive an electronic invoice in January, April, July and October. Premium is due 30 days after receipt of the invoice. The premiums will be auditable on a quarterly basis to allow for addition of newly eligible firefighters and to transition firefighters who are leaving the service to the five year continuation coverage.

Q42. Where are premiums sent?
A42. Fire districts, departments and companies participating in the Program will remit premiums to Willis Towers Watson. A consolidated premium will then be sent to the insurance carrier with an accounting of the number of volunteer firefighters covered under the Program.

Q43. If a firefighter satisfied the eligibility requirement and is covered under the benefit program and decides to become an exterior firefighter, are they no longer eligible for coverage?
A43. Once a firefighter satisfies the eligibility requirements of the Law, they are covered under the benefit Program until five years after separation from the Fire Service.

Q44. If a newly active firefighter serves three years with one department then moves to a second department and satisfies the eligibility requirements, which fire department pays the benefit premium for the firefighter?

A44. The firefighter's current authority having jurisdiction is the agency responsible for premium payment.

Q45. If a firefighter is covered under the Program for a number of years, then leaves the Fire Service for a period of time, and then returns to the Fire Service, do they need to re-satisfy eligibility?

A45. First, the firefighter would be eligible for the 5 year extension of the lump-sum and term life benefits. However, they would need to re-satisfy eligibility to be fully covered under the Program.

Q46. A firefighter leaves the service and his/her entity continues coverage under the five year continuation provision. The firefighter then returns to active service for a period of time. After a period of time, the firefighter leaves the service a second time. Would the firefighter's second continuation period be five years or the balance of continuation?

A46. Because the Law does not limit the number of periods of continuation, in the event a firefighter returns to active service after a period of continuation, the subsequent continuation period would be five years.

Q47. When a covered firefighter leaves one department and moves to another with *no break in service*, is the prior department required to continue coverage for five (5) years?

A47. The prior department is not required to continue coverage for five years for an eligible firefighter who simply moves to a new department without a break in service. The new department is required to pay premium for the eligible firefighter who transitioned to the new department. If the covered firefighter decides to end service with his/her fire department and not transition to a new department, the current fire department is required to continue coverage for the lump-sum and death benefit for *five years*.

Q48. When a covered firefighter leaves one department and moves to another with *a break in service*, is the prior department required to continue coverage for five (5) years?

A48. The prior department is required to continue coverage (lump-sum and death benefits) for five years for a eligible firefighter who ends service with his/her department during the break in service. If the firefighter returns to the fire service, they are immediately eligible for coverage. The new department is required to pay premium for the eligible firefighter including the lump-sum, disability and death benefits. If the firefighter then decides to end service with his/her fire department and not transition to a new department, the current fire department is required to continue coverage for the lump-sum and death benefit for *five years*.

Q49. Is a career firefighter who is also a volunteer firefighter eligible for two benefit Programs?

A49. An eligible volunteer firefighter is ineligible for the benefits provided under the Law if that firefighter is already provided a paid firefighter benefit.

Claims Administration and Management

Q50. How does a firefighter submit a claim under the Program?

A50. A firefighter must submit their claim directly to the benefits provider, typically an insurance carrier. First, they will contact the benefits provider for claim filing instructions and complete their part of the form. Second, they will supply the contact information of their fire district, department or company and attending physician. The benefits provider will contact the fire service entity to confirm eligibility of the firefighter and follow up with the attending physician for any necessary medical records.

Q51. Is the Program involved in claim administration?

A51. No. The carrier providing coverage will manage information received from the claimant, the fire service entity and medical records of the attending physician.

Questions regarding the Program

Q52. If I have questions regarding plan designs and rates, how do I contact the Program?

A52. The Program will establish the following methods of communication with the Program:

1. A website will be created with detailed information about administration of the Program and all necessary documents including contracts, claim forms, FAQs, and instructions on premium remittance and claim filing;
2. A call center is established to answer any questions via telephone toll free - 833 678 1985;
3. An email address is available to forward any written questions – NYSVFB@willistowerswatson.com

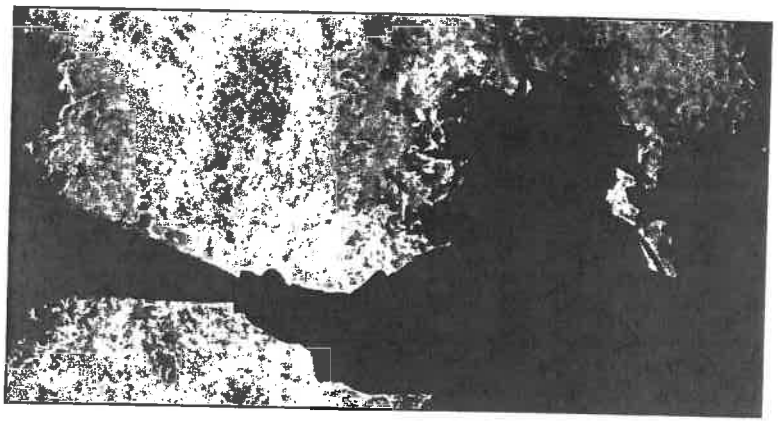
Information Bulletin

PROPOSED REGULATIONS: VOLUNTEER FIREFIGHTER ENHANCED CANCER DISABILITY BENEFITS PROGRAM

On May 30, 2018, the Division of Homeland Security and Emergency Services adopted the following regulations relating to the Volunteer Firefighter Cancer Disability Benefits Program on an emergency basis. The regulations will be published in the June 20, 2018 edition of the State Register and will be proposed for permanent adoption through the State Administrative Procedures Act (SAPA). Public comment on the proposed regulations will be accepted until August 19, 2018.



Title 9 of the New York State Codes, Rules & Regulations

A new part 210 is added to read as follows:

Volunteer Firefighter Enhanced Cancer Disability Benefits Program

(Statutory authority: General Municipal Law §205-cc)

Section 210.1. Authority, intent and purpose

(a) The Division of Homeland Security and Emergency Services, Office of Fire Prevention and Control has authority to establish rules and regulations related to claims, denials and qualifications for the enhanced cancer disability benefit, pursuant to General Municipal Law Section 205-cc.

(b) The intent and purpose of the regulations are to establish processes by which an active volunteer firefighter or his or her beneficiaries can establish qualification for benefits, file a claim for benefits or appeal from a denial of benefits.

Section 210.2. Definitions

For purposes of this Part:

(a) "Authority Having Jurisdiction" shall mean the governmental body which possesses the legal responsibility for providing fire protection as follows:

(1) For a fire district and joint fire district it shall mean the board of fire commissioners.

(2) For a village it shall mean the village board of trustees.

(3) For a fire protection district, it shall mean the town board that contracts to provide fire protection.

(4) For a city it shall mean the governing body vested with such power.

(b) "Active Volunteer Firefighter" shall mean a person who has been approved by a legally organized fire district, department or company as a firefighter and who is faithfully and actually performing service in the protection of life and property from fire or other emergency, accident or calamity in connection with which the services of the fire district, department or company are required.

(c) "Benefit Provider" shall mean an insurance company authorized to engage in the business of insurance in this State providing Enhanced Cancer Disability Benefits to eligible volunteer firefighters or the authority having jurisdiction that is self-funding an Enhanced Cancer Disability Benefits Program.

(d) "Cancer" shall mean (i) a disease caused by an uncontrolled division of abnormal cells in a part of the body or a malignant growth or tumor resulting from the division of abnormal cells and (ii) affecting the prostate or breast, lymphatic, hematological, digestive, urinary, neurological, or reproductive systems or melanoma.

(e) "Enhanced Cancer Disability Benefits" shall mean the benefits set forth in General Municipal Law section 205-cc(2)(a)-(d).

(f) "Faithful and actual service" shall mean participation in the firefighting activities of a legally organized volunteer fire district, department or company.

(g) "Fit Test" shall mean the self-contained breathing apparatus fit test conducted yearly pursuant to requirements of 29 CFR 1910.134 for an immediately dangerous to life and health atmosphere.

(h) "Interior Firefighter" shall mean an active volunteer firefighter who (a) has the minimum training to conduct interior structural firefighting duties as determined by the fire district, department or company,

(b) has been deemed physically and medically qualified pursuant to 29 CFR 1910.134 to use self-contained breathing apparatus; (c) has successfully completed fit test(s); and (d) has been designated by the fire district, department or company to perform interior structural firefighting duties in an immediately dangerous to life and health atmosphere.

(i) "Office of Fire Prevention and Control" shall mean the New York State Division of Homeland Security and Emergency Services Office of Fire Prevention and Control.

(j) "Physical Examination" shall mean a medical evaluation by a board-certified physician or other licensed health care professional, who, within the scope of their practice, determined the interior firefighter's ability to use a respirator and perform interior structural firefighting activities, and shall include completion of the mandatory OSHA Respiratory Medical Evaluation Questionnaire contained in 29 CFR 1910.134, Appendix C.

(k) "Reporting Year" shall mean December 1st through November 30th.

(l) "Total disability" means a disability caused by cancer and that prevents a volunteer firefighter from being an active volunteer firefighter.

(m)"Year of firefighting service" means a consecutive twelve-month period during which an active volunteer firefighter participates in the service of and meets the minimum standards established by the fire district, department or company.

Section 210.3. Eligibility

(a) A volunteer firefighter must meet the following criteria to be eligible for enhanced cancer disability benefits:

(1) Five or more years of faithful and actual firefighting service as an interior firefighter;

(2) Has submitted proof of five years of interior structural firefighting service by providing verification that he or she has passed at least five annual fit tests;

(3) Successful completion of a physical examination prior to the commencement of duties as an interior firefighter, which failed to reveal evidence of cancer; and

(4) Diagnosis of cancer.

(b) A volunteer firefighter shall remain eligible for enhanced cancer disability benefits specified in General Municipal Law section 205-cc(2)(a), (b), and (d) for 60 months after the formal cessation of the volunteer firefighter's status as an active volunteer firefighter.

Section 210.4. Documentation

(a) Fire districts, departments and companies shall provide information on the enhanced cancer disability benefit to all its members and make available such information upon request.

(b) Upon request, the fire district, department or company shall provide a claim form and instructions to its member or their beneficiary(ies) detailing how to file a claim for enhanced cancer benefits with the benefits provider.

(c) As part of any claim submitted and filed with the benefit provider, fire districts, departments and companies shall provide a certification of eligibility for enhanced cancer disability benefits using a form prescribed by the office of fire prevention and control. This form must be signed by the head of the department or company, sworn to under penalty of perjury as true, correct and complete, notarized and contain, at a minimum, the following information:

(1) The full legal name of the eligible volunteer firefighter;

(2) The full legal name of the fire district, department or company;

(3) The dates the eligible volunteer firefighter was an active volunteer firefighter of the fire district, department or company;

(4) The number of years of firefighting service as an interior firefighter;

(5) A statement that the eligible volunteer firefighter performed interior structural firefighting duties inside a building; and

(6) A statement that the eligible volunteer firefighter successfully completed a physical examination, prior to the commencement of duties as an interior firefighter, which failed to reveal any evidence of cancer;

Section 210.5 Proof of Benefit Coverage

(a) A fire district, department or company must submit to the Office of Fire Prevention and Control by January 1, 2019 and annually thereafter an attestation that the fire district, department or company will provide the enhanced cancer disability benefit by:

(1) carrying an insurance policy issued by an insurance company authorized to engage in the business of insurance in this State sufficient to cover its eligible volunteer firefighters and provide a death benefit to their beneficiaries; or

(2) proof that the authority having jurisdiction: (i) possesses taxing authority; (ii) has agreed in writing to fund any and all claims of eligible volunteer firefighters and their beneficiaries through existing and future revenues.

(b) The policy coverages and or financial responsibilities of a fire district, department or company shall include:

(1) A lump sum payment of $25,000 for each diagnosis payable to the eligible volunteer firefighter upon acceptable proof to the benefit provider of a diagnosis by a board-certified physician in the medical specialty appropriate for the type of cancer diagnosed that there are one or more malignant tumors characterized by the uncontrollable and abnormal growth and spread of malignant cells with invasion of normal tissue and that either:

i. there is metastasis; and

a. surgery, radiotherapy, or chemotherapy is medically necessary; or

b. there is a tumor of the prostate, provided that it is treated with radical prostatectomy or external beam therapy; or

c. the firefighter has terminal cancer, his or her life expectancy is 24 months or less from the date of diagnosis, and will not benefit from, or has exhausted, curative therapy;

(2) A lump sum payment of $6,250 for each diagnosis, payable to the eligible volunteer firefighter upon acceptable proof to the benefit provider of a diagnosis by a board-certified physician in the medical specialty appropriate for the type of cancer involved that either:

ii. there is a carcinoma in situ such that surgery, radiotherapy, or chemotherapy has been determined to be medically necessary; or

iii. there are malignant tumors that are treated by endoscopic procedures alone; or

iv. there are malignant melanomas;

(3) A monthly benefit of $1500, of which the first payment shall be made six months after total disability and submission of acceptable proof of said disability to the benefit provider that such disability is caused by cancer and that the cancer precludes the eligible volunteer firefighter from serving as a firefighter, provided that the benefit shall continue for up to thirty-six (36) consecutive months; and

(4) A death benefit of $50,000 payable to the eligible volunteer firefighter or his or her beneficiary upon acceptable proof by a board-certified physician that the firefighter's death resulted from complications associated with cancer.

Section 210.6. Claims Process

(a) (1) An eligible volunteer firefighter or their beneficiary(ies) shall file a claim with the benefit provider within 120 days after the diagnosis of a covered cancer, the death of the eligible volunteer firefighter, or commencement of a covered total disability. Failure to file a claim within such time shall not invalidate or reduce any claim if it shall be shown not to have been reasonably possible to file such claim and that a claim was filed as soon as reasonably possible. A claim shall be filed by submitting a claim form(s) as may be required by the benefit provider to the benefit provider. The claim form must be signed by the

eligible volunteer firefighter or their beneficiary(ies) and sworn to under penalty of perjury as true, correct and complete.

(2) The benefit provider shall have the right and opportunity to examine the person of the eligible volunteer firefighter when and as often as the benefit provider may reasonably require during the pendency of claim and also the right and opportunity to make an autopsy in case of death where it is not prohibited by law.

(b) The benefit provider shall review the claim and determine if the claim will be paid within thirty (30) days of receipt of the claim. However, if the benefit provider requires additional information from the claimant to make a determination, the benefit provider shall provide written notice to the claimant within such thirty (30) days requesting the information. The claimant shall be afforded at least forty-five (45) days from receipt of the request to furnish the information. The thirty (30) days in which the benefit provider shall make a determination on the claim shall be tolled and shall resume as of the date the claimant furnishes the information to the benefit provider or the end of the forty-five (45) day period afforded to the claimant to provide such information.

(c) If the claim is approved, the benefit provider shall mail or deliver written notification to the claimant and the fire district, department or company within five (5) business days of the approval. The benefit provider shall pay benefits within thirty (30) days of mailing or delivering such notification.

(d) If the claim is denied, the benefit provider shall mail or deliver written notification to the claimant and the fire district, department or company within five (5) business days of the denial. If the benefit provider making the denial is an insurance company, then the written denial notification shall include a statement that the claimant may file a complaint with the New York State Department of Financial Services and provide the Department's website address, mailing address, and telephone number. Any denial

notification by a benefit provider shall include the reasons for such denial. The only permissible reason(s) for denial of a claim shall be the following:

(1) the volunteer firefighter does not have 5 or more years of service as interior firefighter; or

(2) the volunteer firefighter did not successfully complete a physical examination, prior to the commencement of duties as an interior firefighter, which examination failed to reveal any evidence of cancer; or

(3) the volunteer firefighter has not passed 5 yearly fit tests; or

(4) the volunteer firefighter ceased to be an active volunteer firefighter for more than sixty (60) months prior to the submission of the claim for benefits; or

(5) The volunteer firefighter is receiving or has already received benefits as a paid firefighter under General Municipal Law Article 10; or

(6) The diagnosis of cancer is not for a type covered by this Part; or

(7) the volunteer firefighter does not have a total disability as referenced in General Municipal Law section 205-cc(2)(c).

(e) Upon receipt of the denial of the claim, the claimant shall have sixty (60) days to appeal the denial pursuant to section 210.7 of this Part.

Section 210.7. Denial of Benefits

(a) If the benefit provider is an insurance company, then the claimant shall appeal the denial to the insurance company. If the insurance company denies the claimant's appeal, then a claimant may bring an action at law or in equity to recover on the insurance policy. However, a claimant shall not bring an action at law or in equity to recover on the insurance policy prior to the expiration of sixty (60) days after the claim was filed pursuant to section 210.6 of this Part and a claimant shall not bring such an action after the expiration

of two (2) years following the time the claimant was required to file the claim pursuant to section 210.6 (a)(1) of this Part.

(b) Except where the benefit provider is an insurance company, as provided in subdivision (1) of this section, any denial of benefit of Enhanced Cancer Disability Benefits shall be considered a final and binding agency determination within the meaning of the New York State Civil Practice Law and Rules.

Section 210.8. Annual Reports

(a) Annual Claims Report. The fire district, department or company shall report to the office of fire prevention and control, no later than December 1, 2019 and annually thereafter, on the claims and benefits payments for the reporting year using forms prescribed by the office for fire prevention and control.

(1) This report must be signed by the head of the department or company, sworn to under penalty of perjury as true, correct and complete and shall be notarized.

(2) The office of fire prevention and control shall develop an annual claims report form to be maintained on its website, containing at a minimum the following information:

i. Number of claims in the reporting year;

ii. The types of claims in the reporting year;

iii. The types of cancer claims in the reporting year; and

iv. The number of eligible volunteer firefighters who received enhanced cancer disability benefits in the reporting year.

(b) Annual Roster of Interior Firefighters. The fire district, department or company shall report to the Office of Fire Prevention and Control, no later than December 1, 2019 and annually thereafter, a complete list of its interior firefighters for the reporting year.

(c) The office of fire prevention and control shall make information related to interior firefighters and applicable training available to fire districts, departments or companies upon request.

Subject: RE: V/TL Balsam Street Discontinuance LEAF Pt 1 Rev 091718
From: <kbedore@nycap.rr.com>
Date: 9/17/2018 8:20 PM
To: "'Mary Casagrain'" <villtupplake@centralny.twcbc.com>
CC: <nrace@racelawfirm.com>

Mary / Nathan-

As discussed with Mary earlier today, I have edited the LEAF Part I as attached to remove references to the County Planning Board referral and also updated to reflect the Joint Planning Board approval recommendation on 3/27/18.

Finally, I added to the State APA line reference to a potential JD and also kept the coordination to eventually update their GIS. I am not sure if that comes directly from the local Tax Assessor vis updated Tax maps or from the County to the APA vis the updated tax maps. Either way, this is a minor technicality and doesn't detract from the final determination.

Feel free to edit the LEAF as you see fit in that regard.

If the APA does not reply with guidance or a determination by the Board meeting on 9/19/18, believe that it is within the purview of the Village Board to approve the discontinuance contingent upon input from the APA.

I infer this to be an APA Class B action falling under local home rule and do not anticipate the APA getting involved in or having jurisdiction in this matter.

As always, do not hesitate to contact me if there are any further questions or concerns.

Thanks.

Subject: V/TL Balsam Street Discontinuance Developed and undeveloped portions - SEQRA due diligence Action recommendations 091318

Mary / Nathan-

As requested, please find attached the following materials as part of our due diligence in support of the proposed action by the Village Board to discontinue ownership of the developed and undeveloped portions of Balsam Street on the south side of NY Route 3.

Our SEQRA determination recommendations to the Village Board is that these two actions are UNLISTED with NEGATIVE DECLARATIONS with no further action required except as listed in the beginning of Part 1 related to coordination with other agencies. I do not anticipate any adversarial inputs from those agencies as this is primarily an Administrative / APA Class B Planning action on the Village's part with the benefit that it will lower its O&M burden and potentially increase the tax base vis a future purchase.

Procedurally, we understand that the Joint Village - Town Planning Board at their meeting on 9/19/18 will review these documents and provide a recommendation to the Village Board for their follow on determinations. In the interim, these actions should be duly coordinated with the County Planning Board and the APA. Their inputs should be received prior to rendering and filing a final decision.

Thereafter, the Zoning and Tax maps should be updated concurrent with APA GIS update efforts that will reportedly be published in early 2019. I see no need for a change to the Zoning District boundaries at this time.

I defer to the Village's Legal Counsel with regard to sale and filing procedures.

Attached supporting documents:

1. LEAF Part 1 - summary and due diligence information
2. LEAF Part II - Recommended Findings
3. LEAF Part III with determination recommendations
4. Tax Map 480.63 excerpt at 100' scale with Zoning District and indexed adjoiner overlay annotations (to scale on 11x17 paper).
5. Tax Map 480.63 excerpt at 50' scale with indexed adjoiner overlay and dimension annotations in support of the area calculations (to scale on 11x17 paper).
6. Table with summary of indexed adjoiner lots
7. County GIS map with aerial photogrammetry and parcel labels
8. State Environmental mapper showing wetlands and within a ring of unidentified rare or endangered species (street and parcel layers won't show).

Kindly note that these maps are the only documents which are of sufficient resolution to the project scale onto which I can annotate the necessary information. The current zoning map is a pdf file originating from the APA GIS database and is grainy when scaled down to the project vicinity.

In the end, during but no later than after the discontinuance and sale, a certified title research will be needed and it will be incumbent upon a licensed Professional Land Surveyor to perform the requisite lot line adjustment

mapping, deed descriptions and filings from which the Zoning & Tax maps and APA GIS data base can be updated.

Please review and advise if acceptable. Feel free to contact me to discuss or if you require anything further. I believe the SEQRA forms are suitable for both actions.

Thanks.

LEAF Part 1 - Balsam St developed Rev 091718.pdf 527 KB

Full Environmental Assessment Form
Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part 1is accurate and complete.

A. Project and Sponsor Information.

Name of Action or Project: Balsam Street Discontinuance south of NY Route 3 - north developed and south undeveloped portions		
Project Location (describe, and attach a general location map): Balsam Street (south NY Route 3), Village of Tupper Lake, Franklin County, NY 2986		
Brief Description of Proposed Action (include purpose or need): Village intends to discontinue Ownership and control of the Balsam Street right of way (ROW) to the south of NY Route 3. ROW width varies between 45 feet and 50 feet. Total length is approximately 479 LF and consists of an initial 314 LF of developed surface currently used for access to adjoining commercial uses on each side of the street (Raquette River Brewing, LLC) and the southern165 LF is undeveloped running through a wooded upland / wetland connecting to an undeveloped portion of Berkley Ave. The ROW also runs by an unnamed paper street to the east and paper street Ottawa Street to the west.		
Name of Applicant/Sponsor: Village of Tupper Lake	Telephone: 518-359-3341 E-Mail: villtupplake@centralny.twcbc.com	
Address: Village Hall, 53 Park Street		
City/PO: Tupper Lake	State: NY	Zip Code: 12986
Project Contact (if not same as sponsor; give name and title/role): Mayor Paul Maroun & Mary Casagrain, Village Clerk	Telephone: See above E-Mail: See above	
Address: See above		
City/PO:	State:	Zip Code:
Property Owner (if not same as sponsor): See above	Telephone: E-Mail:	
Address:		
City/PO:	State:	Zip Code:

B. Government Approvals

B. Government Approvals Funding, or Sponsorship. ("Funding" includes grants, loans, tax relief, and any other forms of financial assistance.)		
Government Entity	**If Yes: Identify Agency and Approval(s) Required**	**Application Date (Actual or projected)**
a. City Council, Town Board, or Village Board of Trustees ☑Yes☐No	Village Board - Discontinuance of Ownership action, update to tax maps and Zoning Map	October, 018
b. City, Town or Village Planning Board or Commission ☑Yes☐No	Joint Village - Town Planning Board - recommend approval to Town Board	3/27/2018
c. City Council, Town or Village Zoning Board of Appeals ☐Yes☐No		
d. Other local agencies ☐Yes☐No		
e. County agencies ☐Yes☑No		
f. Regional agencies ☐Yes☐No		
g. State agencies ☑Yes☐No	APA Jurisdictional Determination coordination update to GIS database	Sept. 2018
h. Federal agencies ☐Yes☐No		

i. Coastal Resources.
i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway? ☐Yes☑No
If Yes,
ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program? ☐Yes☐No
iii. Is the project site within a Coastal Erosion Hazard Area? ☐Yes☐No

C. Planning and Zoning

C.1. Planning and zoning actions.

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? ☑Yes☐No

- **If Yes,** complete sections C, F and G.
- **If No,** proceed to question C.2 and complete all remaining sections and questions in Part 1

C.2. Adopted land use plans.

a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? ☐Yes☑No
If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? ☐Yes☐No

b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) ☐Yes☑No
If Yes, identify the plan(s):

_____
_____
_____

c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan? ☐Yes☑No
If Yes, identify the plan(s):

_____
_____
_____

C.3. Zoning

a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. ☑ Yes ☐ No
If Yes, what is the zoning classification(s) including any applicable overlay district?
R-C (Residential - Commercial) in northern half and HDR (High Density Residential) in southern half

b. Is the use permitted or allowed by a special or conditional use permit? ☐ Yes ☑ No

c. Is a zoning change requested as part of the proposed action? ☐ Yes ☑ No
If Yes,
i. What is the proposed new zoning for the site? _____

C.4. Existing community services.

a. In what school district is the project site located? Tupper Lake Central School District

b. What police or other public protection forces serve the project site?
Village Police Dept.

c. Which fire protection and emergency medical services serve the project site?
Tupper Lake Volunteer Fire Dept.

d. What parks serve the project site?
n/a

D. Project Details

D.1. Proposed and Potential Development

a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? Administrative only - Village ownership discontinuance

b. a. Total acreage of the site of the proposed action? 0.54 acres
b. Total acreage to be physically disturbed? 0 acres
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? n/a acres

c. Is the proposed action an expansion of an existing project or use? ☐ Yes ☑ No
i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % _____ Units: _____

d. Is the proposed action a subdivision, or does it include a subdivision? ☐ Yes ☑ No
If Yes,
i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)

ii. Is a cluster/conservation layout proposed? ☐ Yes ☑ No
iii. Number of lots proposed? _____
iv. Minimum and maximum proposed lot sizes? Minimum _____ Maximum _____

e. Will proposed action be constructed in multiple phases? ☐ Yes ☑ No
i. If No, anticipated period of construction: _____ months
ii. If Yes:
- Total number of phases anticipated _____
- Anticipated commencement date of phase 1 (including demolition) _____ month _____ year
- Anticipated completion date of final phase _____ month _____ year
- Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: _____

f. Does the project include new residential uses? ☐Yes ☑No
If Yes, show numbers of units proposed.

	One Family	Two Family	Three Family	Multiple Family (four or more)
Initial Phase	_____	_____	_____	_____
At completion of all phases	_____	_____	_____	_____

g. Does the proposed action include new non-residential construction (including expansions)? ☐Yes ☑No
If Yes,
i. Total number of structures _____
ii. Dimensions (in feet) of largest proposed structure: _____height; _____width; and _____ length
iii. Approximate extent of building space to be heated or cooled: _____ square feet

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage? ☐Yes ☑No
If Yes,
i. Purpose of the impoundment: _____
ii. If a water impoundment, the principal source of the water: ☐ Ground water ☐ Surface water streams ☐Other specify:
_____
iii. If other than water, identify the type of impounded/contained liquids and their source.
_____
iv. Approximate size of the proposed impoundment. Volume: _____ million gallons; surface area: _____ acres
v. Dimensions of the proposed dam or impounding structure: _____ height; _____ length
vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete):
_____

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite) ☐Yes ☑No
If Yes:
i .What is the purpose of the excavation or dredging? _____
ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?
- Volume (specify tons or cubic yards): _____
- Over what duration of time? _____

iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them.
_____
_____
iv. Will there be onsite dewatering or processing of excavated materials? ☐Yes ☐No
If yes, describe. _____
_____
v. What is the total area to be dredged or excavated? _____acres
vi. What is the maximum area to be worked at any one time? _____ acres
vii. What would be the maximum depth of excavation or dredging? _____ feet
viii. Will the excavation require blasting? ☐Yes ☐No
ix. Summarize site reclamation goals and plan: _____
_____
_____

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? ☐Yes ☑No
If Yes:
i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): _____
_____

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

_____

_____

_____

_____

iii. Will proposed action cause or result in disturbance to bottom sediments? ☐Yes☐No

If Yes, describe: _____

iv. Will proposed action cause or result in the destruction or removal of aquatic vegetation? ☐Yes☐No

If Yes:

- acres of aquatic vegetation proposed to be removed: _____
- expected acreage of aquatic vegetation remaining after project completion: _____
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): _____

_____

- proposed method of plant removal: _____
- if chemical/herbicide treatment will be used, specify product(s): _____

v. Describe any proposed reclamation/mitigation following disturbance: _____

_____

c. Will the proposed action use, or create a new demand for water? ☐Yes☑No

If Yes:

i. Total anticipated water usage/demand per day: _____ gallons/day

ii. Will the proposed action obtain water from an existing public water supply? ☐Yes☐No

If Yes:

- Name of district or service area: _____
- Does the existing public water supply have capacity to serve the proposal? ☐Yes☐No
- Is the project site in the existing district? ☐Yes☐No
- Is expansion of the district needed? ☐Yes☐No
- Do existing lines serve the project site? ☐Yes☐No

iii. Will line extension within an existing district be necessary to supply the project? ☐Yes☐No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____

_____

- Source(s) of supply for the district: _____

iv. Is a new water supply district or service area proposed to be formed to serve the project site? ☐Yes☐No

If, Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- Proposed source(s) of supply for new district: _____

v. If a public water supply will not be used, describe plans to provide water supply for the project: _____

_____

vi. If water supply will be from wells (public or private), maximum pumping capacity: _____ gallons/minute.

d. Will the proposed action generate liquid wastes? ☐Yes☑No

If Yes:

i. Total anticipated liquid waste generation per day: _____ gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): _____

_____

_____

iii. Will the proposed action use any existing public wastewater treatment facilities? ☐Yes☐No

If Yes:

- Name of wastewater treatment plant to be used: _____
- Name of district: _____
- Does the existing wastewater treatment plant have capacity to serve the project? ☐Yes☐No
- Is the project site in the existing district? ☐Yes☐No
- Is expansion of the district needed? ☐Yes☐No

- Do existing sewer lines serve the project site? ☐Yes☐No
- Will line extension within an existing district be necessary to serve the project? ☐Yes☐No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____

_____

_____

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site? ☐Yes☐No

If Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- What is the receiving water for the wastewater discharge? _____

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge, or describe subsurface disposal plans):

_____

_____

vi. Describe any plans or designs to capture, recycle or reuse liquid waste: _____

_____

_____

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction? ☐Yes☑No

If Yes:

i. How much impervious surface will the project create in relation to total size of project parcel?

_____ Square feet or _____ acres (impervious surface)

_____ Square feet or _____ acres (parcel size)

ii. Describe types of new point sources. _____

_____

iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?

_____

_____

- If to surface waters, identify receiving water bodies or wetlands: _____

_____

_____

- Will stormwater runoff flow to adjacent properties? ☐Yes☐No

iv. Does proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? ☐Yes☐No

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? ☐Yes☑No

If Yes, identify:

i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)

_____

ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)

_____

iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)

_____

g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? ☐Yes☑No

If Yes:

i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year) ☐Yes☐No

ii. In addition to emissions as calculated in the application, the project will generate:

- _____Tons/year (short tons) of Carbon Dioxide (CO_2)
- _____Tons/year (short tons) of Nitrous Oxide (N_2O)
- _____Tons/year (short tons) of Perfluorocarbons (PFCs)
- _____Tons/year (short tons) of Sulfur Hexafluoride (SF_6)
- _____Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)
- _____Tons/year (short tons) of Hazardous Air Pollutants (HAPs)

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? ☐Yes ☑No

If Yes:

i. Estimate methane generation in tons/year (metric): _____

ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): _____

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? ☐Yes ☑No

If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? ☐Yes ☑No

If Yes:

i. When is the peak traffic expected (Check all that apply): ☐Morning ☐Evening ☐Weekend ☐Randomly between hours of _____ to _____.

ii. For commercial activities only, projected number of semi-trailer truck trips/day: _____

iii. Parking spaces: Existing _____ Proposed _____ Net increase/decrease _____

iv. Does the proposed action include any shared use parking? ☐Yes ☐No

v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe:

vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site? ☐Yes ☐No

vii Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles? ☐Yes ☐No

viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes? ☐Yes ☐No

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy? ☐Yes ☑No

If Yes:

i. Estimate annual electricity demand during operation of the proposed action: _____

ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other):

iii. Will the proposed action require a new, or an upgrade to, an existing substation? ☐Yes ☐No

l. Hours of operation. Answer all items which apply.

i. During Construction:

- Monday - Friday: n/a
- Saturday: _____
- Sunday: _____
- Holidays: _____

ii. During Operations:

- Monday - Friday: n/a
- Saturday: _____
- Sunday: _____
- Holidays: _____

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both? ☐Yes ☑No

If yes:

i. Provide details including sources, time of day and duration:

ii. Will proposed action remove existing natural barriers that could act as a noise barrier or screen? ☐Yes ☐No

Describe:

n.. Will the proposed action have outdoor lighting? ☐Yes ☑No

If yes:

i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:

ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen? ☐Yes ☐No

Describe:

o. Does the proposed action have the potential to produce odors for more than one hour per day? ☐Yes ☑No

If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:

p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? ☐Yes ☑No

If Yes:

i. Product(s) to be stored

ii. Volume(s) _____ per unit time _____ (e.g., month, year)

iii. Generally describe proposed storage facilities:

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? ☐ Yes ☑No

If Yes:

i. Describe proposed treatment(s):

ii. Will the proposed action use Integrated Pest Management Practices? ☐ Yes ☐No

r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? ☐ Yes ☑No

If Yes:

i. Describe any solid waste(s) to be generated during construction or operation of the facility:

- Construction: _____ tons per _____ (unit of time)
- Operation : _____ tons per _____ (unit of time)

ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:

- Construction:
- Operation:

iii. Proposed disposal methods/facilities for solid waste generated on-site:

- Construction:
- Operation:

s. Does the proposed action include construction or modification of a solid waste management facility? ☐ Yes ☑ No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____

ii. Anticipated rate of disposal/processing:

- _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
- _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: _____ years

t. Will proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐ Yes ☑ No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: _____

ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

iii. Specify amount to be handled or generated _____ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: _____

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐ Yes ☐ No

If Yes: provide name and location of facility: _____

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: _____

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

☐ Urban ☐ Industrial ☑ Commercial ☑ Residential (suburban) ☐ Rural (non-farm)
☑ Forest ☐ Agriculture ☐ Aquatic ☐ Other (specify): _____

ii. If mix of uses, generally describe:

Mixed residential and low intensity commercial (Brewery)

b. Land uses and covertypes on the project site.

Land use or Covertype	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces	0.2	0.2	0
• Forested	0.189	0.189	0
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)			
• Agricultural (includes active orchards, field, greenhouse etc.)			
• Surface water features (lakes, ponds, streams, rivers, etc.)			
• Wetlands (freshwater or tidal)			
• Non-vegetated (bare rock, earth or fill)			
• Other Describe: Grass / gravel surfaces on sides of north end	0.151	0.151	0

c. Is the project site presently used by members of the community for public recreation? ☐Yes ☑No
i. If Yes: explain: _____

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? ☐Yes ☑No
If Yes,
i. Identify Facilities:

_____
_____

e. Does the project site contain an existing dam? ☐Yes ☑No
If Yes:
i. Dimensions of the dam and impoundment:

- Dam height: _____ feet
- Dam length: _____ feet
- Surface area: _____ acres
- Volume impounded: _____ gallons **OR** acre-feet

ii. Dam's existing hazard classification: _____
iii. Provide date and summarize results of last inspection:

_____
_____

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? ☐Yes ☑No
If Yes:
i. Has the facility been formally closed? ☐Yes ☐ No

- If yes, cite sources/documentation: _____

ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:

_____
_____

iii. Describe any development constraints due to the prior solid waste activities: _____
_____

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? ☐Yes ☑No
If Yes:
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:

_____
_____

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? ☐Yes ☑ No
If Yes:
i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: ☐Yes ☐No

☐ Yes – Spills Incidents database — Provide DEC ID number(s): _____
☐ Yes – Environmental Site Remediation database — Provide DEC ID number(s): _____
☐ Neither database

ii. If site has been subject of RCRA corrective activities, describe control measures: _____
_____
_____

iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? ☐Yes ☐No
If yes, provide DEC ID number(s): _____
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):

_____
_____

v. Is the project site subject to an institutional control limiting property uses? ☐Yes ☐No

- If yes, DEC site ID number: _____
- Describe the type of institutional control (e.g., deed restriction or easement): _____
- Describe any use limitations: _____
- Describe any engineering controls: _____
- Will the project affect the institutional or engineering controls in place? ☐Yes ☐No
- Explain: _____

E.2. Natural Resources On or Near Project Site

a. What is the average depth to bedrock on the project site? Unknown - n/a feet

b. Are there bedrock outcroppings on the project site? ☐Yes ☑No
If Yes, what proportion of the site is comprised of bedrock outcroppings? _____%

c. Predominant soil type(s) present on project site: Unknown - n/a _____%
_____%
_____%

d. What is the average depth to the water table on the project site? Average: 1 - 3 feet feet

e. Drainage status of project site soils: ☑ Well Drained: 60 % of site
☑ Moderately Well Drained: 40 % of site
☐ Poorly Drained _____% of site

f. Approximate proportion of proposed action site with slopes: ☑ 0-10%: 100 % of site
☐ 10-15%: _____% of site
☐ 15% or greater: _____% of site

g. Are there any unique geologic features on the project site? ☐Yes ☑No
If Yes, describe: _____

h. Surface water features.

i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)? ☑Yes ☐No

ii. Do any wetlands or other waterbodies adjoin the project site? ☑Yes ☐No

If Yes to either *i* or *ii*, continue. If No, skip to E.2.i.

iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? ☑Yes ☐No

iv. For each identified regulated wetland and waterbody on the project site, provide the following information:

- Streams: Name NYSDEC / APA Classification C(t)
- Lakes or Ponds: Name _____ Classification _____
- Wetlands: Name APA Approximate Size 0.134
- Wetland No. (if regulated by DEC) _____

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? ☐Yes ☑No

If yes, name of impaired water body/bodies and basis for listing as impaired: _____

i. Is the project site in a designated Floodway? ☐Yes ☑No

j. Is the project site in the 100 year Floodplain? ☐Yes ☑No

k. Is the project site in the 500 year Floodplain? ☐Yes ☑No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer? ☐Yes ☑No
If Yes:

i. Name of aquifer: _____

m. Identify the predominant wildlife species that occupy or use the project site:
n/a

n. Does the project site contain a designated significant natural community? ☐Yes ☑No
If Yes:
i. Describe the habitat/community (composition, function, and basis for designation):
ii. Source(s) of description or evaluation:
iii. Extent of community/habitat:
- Currently: _____ acres
- Following completion of project as proposed: _____ acres
- Gain or loss (indicate + or -): _____ acres

o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species? ☐Yes ☑No

p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern? ☐Yes ☑No

q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? ☐Yes ☑No
If yes, give a brief description of how the proposed action may affect that use:

E.3. Designated Public Resources On or Near Project Site

a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? ☐Yes ☑No
If Yes, provide county plus district name/number:

b. Are agricultural lands consisting of highly productive soils present? ☐Yes ☑No
i. If Yes: acreage(s) on project site?
ii. Source(s) of soil rating(s):

c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? ☐Yes ☑No
If Yes:
i. Nature of the natural landmark: ☐ Biological Community ☐ Geological Feature
ii. Provide brief description of landmark, including values behind designation and approximate size/extent:

d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? ☐Yes ☑No
If Yes:
i. CEA name:
ii. Basis for designation:
iii. Designating agency and date:

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on, or has been nominated by the NYS Board of Historic Preservation for inclusion on, the State or National Register of Historic Places? ☐ Yes ☑ No

If Yes:

i. Nature of historic/archaeological resource: ☐ Archaeological Site ☐ Historic Building or District

ii. Name: _____

iii. Brief description of attributes on which listing is based:

_____

f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory? ☐ Yes ☑ No

g. Have additional archaeological or historic site(s) or resources been identified on the project site? ☐ Yes ☑ No

If Yes:

i. Describe possible resource(s): _____

ii. Basis for identification: _____

h. Is the project site within fives miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? ☑ Yes ☐ No

If Yes:

i. Identify resource: Raquette River Blueway Corridor, Remsen - Lake Placid railway corridor (UMP)

ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): recreational rhistorical iver corridor

iii. Distance between project and resource: 0.67 / 0.25 respectively miles.

i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? ☑ Yes ☐ No

If Yes:

i. Identify the name of the river and its designation: Raquette River /Raquette Pond - recreational

ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666? ☑ Yes ☐ No

F. Additional Information

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

I certify that the information provided is true to the best of my knowledge.

Applicant/Sponsor Name Kurt M.. Bedore, PE (Applicant Sponsor) Date 9/17/18

PRINT FORM

Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "**Yes**" to a numbered question, please complete all the questions that follow in that section.
- If you answer "**No**" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land
Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) ☑ NO ☐ YES
If "Yes", answer questions a - j. If "No", move on to Section 2.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	☐	☐
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	☐	☐
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	☐	☐
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	☐	☐
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	☐	☐
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	☐	☐
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i	☐	☐
h. Other impacts: _____ _____		☐	☐

2. Impact on Geological Features

The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) ☑NO ☐YES

If "Yes", answer questions a - c. If "No", move on to Section 3.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached: _____ _____	E2g	☐	☐
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature: _____	E3c	☐	☐
c. Other impacts: _____ _____		☐	☐

3. Impacts on Surface Water

The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) ☑NO ☐YES

If "Yes", answer questions a - l. If "No", move on to Section 4.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h	☐	☐
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b	☐	☐
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a	☐	☐
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	☐	☐
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h	☐	☐
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c	☐	☐
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d	☐	☐
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e	☐	☐
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h	☐	☐
j. The proposed action may involve the application of pesticides or herbicides in or around any water body.	D2q, E2h	☐	☐
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d	☐	☐

l. Other impacts: _____ _____		☐	☐

4. Impact on groundwater

The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquifer. (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t) ☑NO ☐YES

If "Yes", answer questions a - h. If "No", move on to Section 5.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c	☐	☐
b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source: _____	D2c	☐	☐
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c	☐	☐
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l	☐	☐
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h	☐	☐
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	☐	☐
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c	☐	☐
h. Other impacts: _____ _____		☐	☐

5. Impact on Flooding

The proposed action may result in development on lands subject to flooding. (See Part 1. E.2) ☑NO ☐YES

If "Yes", answer questions a - g. If "No", move on to Section 6.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i	☐	☐
b. The proposed action may result in development within a 100 year floodplain.	E2j	☐	☐
c. The proposed action may result in development within a 500 year floodplain.	E2k	☐	☐
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	☐	☐
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	☐	☐
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?	E1e	☐	☐

g. Other impacts: _____ _____		☐	☐

6. Impacts on Air

The proposed action may include a state regulated air emission source. (See Part 1. D.2.f., D,2,h, D.2.g) ☑NO ☐YES

If "Yes", answer questions a - f. If "No", move on to Section 7.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels:			
i. More than 1000 tons/year of carbon dioxide (CO_2)	D2g	☐	☐
ii. More than 3.5 tons/year of nitrous oxide (N_2O)	D2g	☐	☐
iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs)	D2g	☐	☐
iv. More than .045 tons/year of sulfur hexafluoride (SF_6)	D2g	☐	☐
v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions	D2g	☐	☐
vi. 43 tons/year or more of methane	D2h	☐	☐
b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g	☐	☐
c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g	☐	☐
d. The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g	☐	☐
e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s	☐	☐
f. Other impacts: _____ _____		☐	☐

7. Impact on Plants and Animals

The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. m.-q.) ☑NO ☐YES

If "Yes", answer questions a - j. If "No", move on to Section 8.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o	☐	☐
b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o	☐	☐
c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	☐	☐
d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p	☐	☐

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	☐	☐
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source: _____	E2n	☐	☐
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	☐	☐
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source: _____ _____	E1b	☐	☐
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q	☐	☐
j. Other impacts: _____ _____		☐	☐

8. Impact on Agricultural Resources

The proposed action may impact agricultural resources. (See Part 1. E.3.a. and b.) ☑NO ☐YES

If "Yes", answer questions a - h. If "No", move on to Section 9.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.	E2c, E3b	☐	☐
b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc).	E1a, Elb	☐	☐
c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.	E3b	☐	☐
d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.	E1b, E3a	☐	☐
e. The proposed action may disrupt or prevent installation of an agricultural land management system.	El a, E1b	☐	☐
f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.	C2c, C3, D2c, D2d	☐	☐
g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.	C2c	☐	☐
h. Other impacts: _____		☐	☐

9. Impact on Aesthetic Resources
The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.) ☑NO ☐YES
If "Yes", answer questions a - g. If "No", go to Section 10.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource.	E3h	☐	☐
b. The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views.	E3h, C2b	☐	☐
c. The proposed action may be visible from publicly accessible vantage points: i. Seasonally (e.g., screened by summer foliage, but visible during other seasons) ii. Year round	E3h	 ☐ ☐	 ☐ ☐
d. The situation or activity in which viewers are engaged while viewing the proposed action is: i. Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities	E3h E2q, E1c	 ☐ ☐	 ☐ ☐
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h	☐	☐
f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile ½ -3 mile 3-5 mile 5+ mile	D1a, E1a, D1f, D1g	☐	☐
g. Other impacts: _____ _____		☐	☐

10. Impact on Historic and Archeological Resources
The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) ☑NO ☐YES
If "Yes", answer questions a - e. If "No", go to Section 11.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on or has been nominated by the NYS Board of Historic Preservation for inclusion on the State or National Register of Historic Places.	E3e	☐	☐
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f	☐	☐
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source: _____	E3g	☐	☐

d. Other impacts: _____ _____		☐	☐
e. If any of the above (a-d) are answered "Yes", continue with the following questions to help support conclusions in Part 3:			
i. The proposed action may result in the destruction or alteration of all or part of the site or property.	E3e, E3g, E3f	☐	☐
ii. The proposed action may result in the alteration of the property's setting or integrity.	E3e, E3f, E3g, E1a, E1b	☐	☐
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3	☐	☐

11. Impact on Open Space and Recreation

The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan.
(See Part 1. C.2.c, E.1.c., E.2.q.)
If "Yes", answer questions a - e. If "No", go to Section 12.

☑ NO ☐ YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p	☐	☐
b. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q	☐	☐
c. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c E1c, E2q	☐	☐
d. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c	☐	☐
e. Other impacts: _____ _____		☐	☐

12. Impact on Critical Environmental Areas

The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d)
If "Yes", answer questions a - c. If "No", go to Section 13.

☑ NO ☐ YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.	E3d	☐	☐
b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.	E3d	☐	☐
c. Other impacts: _____ _____		☐	☐

13. Impact on Transportation

The proposed action may result in a change to existing transportation systems. (See Part 1. D.2.j) ☑ NO ☐ YES

If "Yes", answer questions a - g. If "No", go to Section 14.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Projected traffic increase may exceed capacity of existing road network.	D2j	☐	☐
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j	☐	☐
c. The proposed action will degrade existing transit access.	D2j	☐	☐
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j	☐	☐
e. The proposed action may alter the present pattern of movement of people or goods.	D2j	☐	☐
f. Other impacts: _____ _____		☐	☐

14. Impact on Energy

The proposed action may cause an increase in the use of any form of energy. (See Part 1. D.2.k) ☑ NO ☐ YES

If "Yes", answer questions a - e. If "No", go to Section 15.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k	☐	☐
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k	☐	☐
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k	☐	☐
d. The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed.	D1g	☐	☐
e. Other Impacts: _____ _____			

15. Impact on Noise, Odor, and Light

The proposed action may result in an increase in noise, odors, or outdoor lighting. (See Part 1. D.2.m., n., and o.) ☑ NO ☐ YES

If "Yes", answer questions a - f. If "No", go to Section 16.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may produce sound above noise levels established by local regulation.	D2m	☐	☐
b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home.	D2m, E1d	☐	☐
c. The proposed action may result in routine odors for more than one hour per day.	D2o	☐	☐

d. The proposed action may result in light shining onto adjoining properties.	D2n	☐	☐
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, E1a	☐	☐
f. Other impacts: _____ _____		☐	☐

16. Impact on Human Health
The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. and h.) ☑ NO ☐ YES
If "Yes", answer questions a - m. If "No", go to Section 17.

	Relevant Part I Question(s)	No,or small impact may occur	Moderate to large impact may occur
a. The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	E1d	☐	☐
b. The site of the proposed action is currently undergoing remediation.	E1g, E1h	☐	☐
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	E1g, E1h	☐	☐
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	E1g, E1h	☐	☐
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	E1g, E1h	☐	☐
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t	☐	☐
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f	☐	☐
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f	☐	☐
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s	☐	☐
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	E1f, E1g E1h	☐	☐
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	E1f, E1g	☐	☐
l. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r	☐	☐
m. Other impacts: _____ _____			

17. Consistency with Community Plans

The proposed action is not consistent with adopted land use plans. ☑ NO ☐ YES
(See Part 1. C.1, C.2. and C.3.)
If "Yes", answer questions a - h. If "No", go to Section 18.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action's land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b	☐	☐
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2	☐	☐
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3	☐	☐
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2	☐	☐
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, Elb	☐	☐
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j	☐	☐
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a	☐	☐
h. Other: _____ _____		☐	☐

18. Consistency with Community Character

The proposed project is inconsistent with the existing community character. ☑ NO ☐ YES
(See Part 1. C.2, C.3, D.2, E.3)
If "Yes", answer questions a - g. If "No", proceed to Part 3.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community.	E3e, E3f, E3g	☐	☐
b. The proposed action may create a demand for additional community services (e.g. schools, police and fire)	C4	☐	☐
c. The proposed action may displace affordable or low-income housing in an area where there is a shortage of such housing.	C2, C3, D1f D1g, E1a	☐	☐
d. The proposed action may interfere with the use or enjoyment of officially recognized or designated public resources.	C2, E3	☐	☐
e. The proposed action is inconsistent with the predominant architectural scale and character.	C2, C3	☐	☐
f. Proposed action is inconsistent with the character of the existing natural landscape.	C2, C3 E1a, E1b E2g, E2h	☐	☐
g. Other impacts: _____ _____		☐	☐

PRINT FULL FORM

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:
To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: ☐ Type 1 ☑ Unlisted

Identify portions of EAF completed for this Project: ☑ Part 1 ☑ Part 2 ☑ Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information
Annotated tax maps with Zoning Districts overlay, County GIS aerial mapping and State Environmental Mapper

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Village of Tupper Lake Town Board as lead agency that:

☑ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.d).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

Name of Action: Balsam Street Discontinuance - Developed and Undeveloped portions south of NY Rt. 3 (2 actions)

Name of Lead Agency: Villaeg of Tupper Lake Village Board

Name of Responsible Officer in Lead Agency: Paul Maroun

Title of Responsible Officer: Mayor

Signature of Responsible Officer in Lead Agency: Date:

Signature of Preparer (if different from Responsible Officer) //signed - Kurt M. Bedore, PE// Date: 9/13/2018

For Further Information:

Contact Person: Mary Casagrain, Village Clerk

Address: Village Hall, 53 Park Street, Tupper Lake, NY 12986

Telephone Number: 518-359-3341

E-mail: villtupplake@centralny.twcbc.com

For Type 1 Actions and Conditioned Negative Declarations, a copy of this Notice is sent to:

Chief Executive Officer of the political subdivision in which the action will be principally located (e.g., Town / City / Village of)
Other involved agencies (if any)
Applicant (if any)
Environmental Notice Bulletin: http://www.dec.ny.gov/enb/enb.html

PROPOSED VILLAGE OF TUPPER LAKE - BALSAM STREET DISCONTINUANCE

Developed and Undeveloped Portions

ADJOINING LOT INFORMATION

MAP INDEX #	SBL #	REPUTED OWNER(S)	AREA (ACRES)	CURRENT USE
1	480.63-10-12	Raquette River Brewing, LLC (RRB)	0.40 acres	Brewery facility & pavilion, 11 Balsam Street #2
2	480.71-1-1	Paul Mitchell	0.68 acres	Vacant, wooded contiguous to same 20 ac vacant lot to west (some wooded and mostly workshop yard)
3	480.71-3-2.100	Leo Sarazen	1.36 acres	Vacant, wooded
4	480.71-5-1	Greg Jessie, et. al.	1.9 +/- acres	Mostly vacant, wooded except for gravel parking at extreme northwest corner with Balsam Street and with Map Index #5
5	480.63-9-6	Raquette River Brewing, LLC	0.20 acres	West half RRB Gravel parking lot, east half grassed
6	480.63-9-1	Raquette River Brewing, LLC	0.20 acres	Residential house / RRB commercial office, 137 Main Street
7	N/A	Village of Tupper Lake	0.351 acres / 15,285 SF	Developed portions of Balsam Street (231' x 50' plus 83' x 45')
8	N/A	Village of Tupper Lake	0.189 acres / 8,250 SF	Undeveloped portions of Balsam Street (165' x 50')

Hello all-

Attached is CO report #13 for the project covering the last 2 stone deliveries. Pictures included. The balance of the stone should be delivered in the next few days.

Please advise if there has been any new work accomplished. We look forward to the installation of the terrace and plaza stone later this week!!!!

Please send pictures!!!!

Thanks.

Franklin County, NY
DOS Project #C1000656

Progress Report (Rev)

November 16, 2017 to July 16, 2018 to September 11, 2018

PROJECT ACTIVITIES THIS REPORTING PERIOD:

1. **Project meetings held on 2/26/18 (kick off) and 5/21/18 (stone changes).**
2. **Project idle through winter season. Site construction activities commenced last week of Mach, 2018.**
3. **Construction site observations generally performed weekly from 3/25/18 t 7/16/18 and periodically thereafter.**
4. **Stone and lighting supply RFPs issued and vendors selected this period. Includes field and specification changes to each.**

PROJECT SCHEDULE:

1. **Bandshell structure construction has progressed to include foundation, slab, timber framing, storage room enclosure and roofing.**
2. **Completed site work included initial terracing / entrance and plaza subbase preparation, light pole base and conduit installation, rain garden / under drain and storm pipe installation, ESC and continuous dewatering measures.**
3. **Site work has generally been idle since the end of April while the stone bids, selection and field changes as directed by the Project Mason have been resolved with fine grading of the subbase in August.**
4. **Terrace block and plaza paver stone manufacturing in progress deliveries received the weeks of July 30 (most of the third terrace stone, 8/27 (rest of the third and most of the second terrace) and 9/3/18 (rest of the second terrace, most of the first terrace and about 220 SF of the plaza stone). dimensions are irregular but I general conformance with the specifications..**
5. **RFP to procure a hired Landscaper was let out by Owner in August, 2018.**
6. **Placement of terracing stone block was tentatively scheduled for 9/6-7 and rescheduled for 9/14-15/18.**

PROJECT BUDGET:

Project budget is 78.35% expended. Actual labor has greatly exceeded project budget due to sustained coordination with Project Stakeholders and resolving related project delays, major field changes to the site design / layout / specifications & stone / lighting material changes. The remaining budget is relegated for up to 3 final inspections of punchlist items and the majority of the Task 19 Project Closeout items.

ANTICIPATED ACTIVITIES DURING NEXT PERIOD:

See project schedule above for anticipated activities through to closeout.

Punchlist items include: stone terracing and plaza stone, paving / ramp, lights, sod turf, landscaping, finish raingarden and remove ESC measures

Hello all-

Attached is CO report #14 for the project covering this past weekend's work to place much of the terracing stone along with pictures.

I understand that a couple of the first terrace stones need to be replaced per the Owner's request as being out of tolerance.

Just prior to today's observation, I was notified that the top terrace stone appeared to be too low.

Upon checking the vertical grades versus the plans, it appears that the third terrace was correctly set and the first and second terraces were set 6" +/- higher than plan (based of the design plan differentials with the Bandshell FFE). The problem appears to have manifested itself because the subbase grades for T1 and T2 were not adjusted (lowered) as per previous report comments & discussions and were installed first with the top terrace last (which is when the volunteers realized it visually). Had the top terrace been installed first and worked down grade, this might have been realized and avoided.

Nevertheless, I discussed this in the field with Clint and Adam and we agreed the best approach going forward is to reset (raise) the third terrace (only 5 blocks) to ensure a uniform 18" reveal throughout and adjusting the plaza grades accordingly to retain the intent of the drainage patterns.

I shot the top of the first terrace at 20" above the BS FFE with a hand level. Subtracting an 18" reveal and grading a uniform 4" reveal across the front face of the bandshell stage should address the needed field changes and retain the intent of the design plans. This assumes the first terrace is set level throughout.

See attached sketch with suggested field changes to the plaza area grades. These should be validated by the Contractor / excavator / volunteers with a more accurate tripod autolevel!

Some of the bollard light sonotubes as need to be reset horizontally.

Please call to discuss if anyone has other ideas to address the above. Note that it is important that there be no less than 1.25% to 1.5% grades on the plaza stone in any direction to ensure positive drainage to the area drains and preferable to keep the max grades below 5% in the short perimeter runs along the edge.

Thanks.

Kurt

Mined Land Inspection Report

NEW YORK STATE OF OPPORTUNITY. | Department of Environmental Conservation

MineID: **50081**
Status: Active
County: Franklin

Company Name: Tupper Lake, Village of
Mine Name: Tupper Lake Sand Pit
Town: Altamont

Inspection Date: **8/28/2018**
Weather: cloudy, overcast, 74 degrees F.

Inspector: Joseph Barbeito
Inspection Type: Routine Inspection

Persons Interviewed: Robert DeGrace- Village DPW Super.

Comments: Met with Village DPW Super. and reviewed the sites status and work remaining. Discussed constructing a cross-drain, or, swale in the N.E. part of the pit, which would prevent runoff from eroding the roadway and direct water towards the west and into the pit.

Topsoil was being spread by a small dozer in the south-central and southeastern parts of the pit, along the side-slope area. While walking just north of the area where topsoil was being spread, I noticed that there are areas where there is a considerable amount of grass and clover growing on it. Some of these areas do not require any additional seeding, or topsoil, either and are sufficiently enough vegetated- to call reclaimed. In additon, the access roads and associated ditching- will not require re-vegetating and will only need proper closing. Overall, there were no problems at the mine site and the pit was found to be in-compliance with all permit requirements.

Inspection Item:	Result:	Compliance Comments:
Permit posted	Yes	
Permit current	Yes	expires 10-31-2022.
Within permitted area	Yes	
Within LOM	Yes	
Setbacks OK	Yes	
Mining OK with plans	Yes	
Overburden/spoil piles ok	Yes	
Adequate topsoil	Yes	
Haul roads OK	Yes	
Dust control OK	N/A	was not operating
Noise control	N/A	was not operating
Drainage OK	Yes	see Comments above
Screening in place	Yes	
Screening OK	Yes	
Entrance road OK	Yes	
Special conditions met	Yes	
Operational	No	

RECEIVED
SEP - 4 2018

Please Note:
A 'No' in any item other than 'Operational' indicates that there were, on the date of this inspection, certain deficiencies in the operation of your mine which constitute violation of your permit. Corrective measures must be undertaken immediately on any deficiencies noted. Contact the Department if you have any questions about this inspection.

3. BASE BID AND ALTERNATE:

Base Bid: The Subcontractor proposes to perform all of the Work of Section 100-L Instructions to Bidders, and as required by the Contract Documents for the amount of: (Fill in amount in words and numbers, inclusive of Overhead and Profit).

Base Bid Total: $ 129,000.00* One-Hundred-Twenty nine-thousand-zero dollars and zero cents.

*Base Bid Price includes 40,000 square feet of area requiring topsoil and 35,000 square feet of Sod. The drawings do not delineate limits of topsoil or sod.

Add-Alternate Pavilion Area Paving Installation: State the sum to be added to the base bid to supply setting materials and install Owner's paving stones and area drains: (Fill in amount in words and numbers, inclusive of Overhead and Profit).

Add-Alternate Total: $ 14,485.00 Fourteen-thousand-four-hundred-eighty-five dollars and zero cents.

4. TIME:

The Subcontractor proposes the following dates (Fill in):

Proposed Starting Date: October 1, 2018

Proposed Date of Substantial Completion: November 1, 2018

5. By submitting this Proposal Form, the Subcontractor certifies that they are aware of existing conditions which affect the work, and have reviewed the Contract Documents, including the following Addenda:

(Insert addenda received, if any): N/A

6. If the Letter of Intent is sent or delivered to the undersigned within sixty (60) calendar days after the date of opening of bids, or any time thereafter before the bid is withdrawn, the undersigned shall, within seven (7) business days after the date of such Letter of Intent, execute and deliver an Agreement in the form included in the Contract Documents.

7. Subcontractor's Project Manager to be assigned to the Project (name):

John E. Moody

8. Signature and Date

Signature _____ Date: SEPT. 12, 2018

Address Land Pro Inc., P O Box 6028, Watertown, New York 13601

Please note that Affidavit of Non-Collusion must be submitted with this Bid Form.

Attention of bidders is particularly called to the requirements as to prevailing wage rates to be paid under the contract, Equal Employment Opportunity, Minority and Woman-Owned Enterprises (MWBE) participation, and all other federal, New York State and local requirements.

The Village of Tupper Lake is an Equal Employment Opportunity employer. This project is funded with a grant provided by the NYS Department of State under Title 11 of the Environmental Protection Fund, which has established Minority and Women Owned Business Enterprise goals of 30% for use of grant funds (15% MBE, 15% WBE.)

Bidders should submit a Form D Utilization Plan with their MWBE goals and/or a Form E Waiver Request if they cannot meet those goals.

END OF SECTION

NON-COLLUSION BIDDING CERTIFICATE

Section 103-d of the General Municipal Law requires every bid or proposal made to a political subdivision or any public department agency or official where competitive bidding is required by statute rule, regulation or local law, to contain a Non-Collusion Bidding Certificate in the following form:

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and, in the case of a joint bid, each party thereto certifies as to its own organization under penalty of perjury, that to the best of knowledge and belief:

1. The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

2. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the Bidder and will not knowingly being disclosed by the bidder prior to the opening, directly or indirectly, to any other bidder or to any competitor; and

3. No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

Title: OWNER

Form **W-9**
(Rev. November 2017)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

Print or type. See **Specific Instructions** on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Land Pro Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
P O Box 6028, 27017 NYS Route 37

Requester's name and address (optional)

6 City, state, and ZIP code
Watertown, New York 13601

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
[ ][ ][ ] - [ ][ ] - [ ][ ][ ][ ]

or

Employer identification number
2 0 - 1 0 9 5 7 8 2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ _____ Date ▶ 9/12/18

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Tupper Lake Water System Upgrades

Proposed Changes II

Hyde-Stone Mechanical Contractors

DESIGN INSTALL SERVICE

August 8, 2018 rev. I

Project: Village of Tupper Lake Water System Improvements

Client: Village of Tupper Lake c/o C2AE

Hyde-Stone Mechanical Contractors is pleased to offer the following proposal for consideration;

This scope of work includes;

- **Relocate chlorine injection quill as per directive of email correspondence dated Wednesday 6/5/2018.**
  - **Materials..... $ 74.25**
  - **Labor..... $ 1,216.00**
  - **Subtotal..... $ 1,290.25**
  - **15% Overhead & Profit..... $ 193.54**
  - **Total..... $ 1,483.79**
- **Install tank probe access per attached detail.**
  - **Materials..... $ 92.00**
  - **Labor..... $ 304.00**
  - **Subtotal..... $ 396.00**
  - **15% Overhead & Profit..... $ 59.40**
  - **Total..... $ 455.40**

- **Install S.S. shelving and S.S. hardware at both sites to carry the metering pumps in lieu of setting them on the tanks.**
  - **Materials & Consumables..... $ 192.00**
  - **Labor..... $ 760.00**
  - **Subtotal..... $ 952.00**
  - **15% Overhead & Profit..... $ 142.80**
  - **Total..... $1,094.80**

Propane Tank Installation

- **Materials ..... $ 11,933.22**
  (Includes Tanks, Spec. Tank Fittings, Black Pipe, Stock Sheets)
- **Tools and Consumables..... $ 125.00**
- **Freight Shipping and Handling..... $ 450.00**
- **Labor..... 48 hours@ 78/hour..... $ 3,744.00**
- **Design/Engineering.....4 hours@ 95/hour..... $ 380.00**
- **Subtotal..... $ 16,692.22**
- **15% Overhead & Profit..... $ 2,503.83**

- **Bonds..... $ 232.42**
- **Total..... $ 19,428.47**

Supply and deliver new dehumidifier..... $ 2,271.00

- **15% Overhead & Profit..... $ 340.65**
- **Total..... $ 2,611.65**
- **The offer is from an online source.**

Thank You for this opportunity. Any questions or concerns regarding this proposal should be directed towards;

Kenny Cutway

Hyde-Stone Mechanical

-Watertown – Potsdam – Plattsburgh

Direct Line (315) 755-2281

Cell (315)955-4041

TERMS AND CONDITIONS

1. Client shall permit Hyde-Stone free and timely access to areas and equipment, and allow Hyde-Stone to start and stop the equipment as necessary to perform required services. All planned work under this Agreement will be performed during Hyde-Stone's normal working hours.

2. Hyde-Stone warrants that the workmanship hereunder shall be free from defects for thirty hundred and sixty five (365) days from date of installation. If any replacement part or item of equipment proves defective, Hyde-Stone will extend to Client the benefits of any warranty Hyde-Stone has received from the manufacturer. Removal and reinstallation of any equipment or materials repaired or replaced under a manufacturer's warranty will be at Client's expense and at the rates then in effect.

3. Client will promptly pay invoices within ten (30) days of receipt. Should a payment become thirty (30) days or more delinquent, Hyde-Stone may stop all work under this Agreement without notice and/or cancel this Agreement, and the entire Agreement amount shall become due and payable immediately upon demand.

4. If Client chooses to utilize Financing through Hyde-Stone/Horizon Keystone, than terms are as follows: 50% down and 50% when project is complete and equipment has been started. Equipment paperwork must be completed and turned into Hyde-Stone Project Manager.

5. Client shall be responsible for all taxes applicable to the services and/or materials hereunder.

6. Any alteration to, or deviation from, this Agreement involving extra work, cost of material or labor will become an extra charge (fixed-price amount to be negotiated or on a time-and-material basis at Hyde-Stone Service's rates then in effect) over the sum stated in this Agreement.

7. In the event Hyde-Stone must commence legal action in order to recover any amount payable under this Agreement Client shall pay Hyde-Stone all court costs and attorneys' fees incurred by Hyde-Stone.

8. Any legal action against the Hyde-Stone relating to this Agreement, or the breach thereof, shall be commenced within one (1) year from the date of the work.

9. Hyde-Stone shall not be liable for any delay, loss, damage or detention caused by unavailability of machinery, equipment or materials, delay of carriers, strikes, including those by Hyde-Stone's Service's employees, lockouts, civil or military authority, priority regulations, insurrection or riot, action of the elements, forces of nature, or by any cause beyond its control.

10. To the fullest extent permitted by law, Client shall indemnify and hold harmless Hyde-Stone, its agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from the performance of work hereunder, provided that such claim, damage, loss or expense is caused in whole or in part by any active or passive act or omission of Client, anyone directly or indirectly employed by Client or anyone for whose acts Client may be liable, regardless of whether it is caused in part by the negligence of Hyde-Stone.

11. Client shall make available to Hyde-Stone's personnel all pertinent Material Safety Data Sheets (MSDS) pursuant to OSHA's Hazard Communication Standard Regulations.

12. Hyde-Stone's obligation under this proposal and any subsequent contract does not include the identification, abatement or removal of asbestos or any other toxic or hazardous substances, hazardous wastes or hazardous materials. In the event such substances, wastes or materials are encountered, Hyde-Stone's sole obligation will be to notify the Client of their existence. Hyde-Stone shall have the right thereafter to suspend its work until such substances; wastes or materials and the resultant hazards are removed. The time for completion of the work shall be extended to the extent caused by the suspension and the contract price equitably adjusted.

13. Hyde-Stone's design is based on published ASHRAE 62-1999 or applicable local code ventilation regulations and does not purport to address health effects attributed to smoking.

14. UNDER NO CIRCUMSTANCES, WHETHER ARISING IN CONTRACT, TORT (INCLUDING NEGLIGENCE), EQUITY OR OTHERWISE, WILL HYDE-STONE BE RESPONSIBLE FOR LOSS OF USE, LOSS OF PROFIT, INCREASED OPERATING OR MAINTENANCE EXPENSES, CLAIMS OF CLIENT, TENANTS OR CLIENTS, OR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

Village of Tupper Lake
Water and Sewer Department
4 Water Street
Tupper Lake, NY 12986

Attention: Mark Robillard, Superintendent

Reference: Village of Tupper Lake - Sunmount Tank and Park Street Booster Pump Station SCADA Integration

AquaLogics Systems, Inc. is pleased to offer the following proposal for your consideration.

Scope of Supply/Services:

AquaLogics will provide a new Allen-Bradley PLC and Microwave Data System spread spectrum radio transceiver and install them in the existing control panels at the Park Street Booster Pump Station and Sunmount Water Storage tank. The PLC's and radios will replace the existing devices at each location. In addition to the PLC and radio to be installed in the Park Street Booster Pump Station panel, AquaLogics will provide and install a 7" color touchscreen Operator Interface Unit and 240-watt DC power supply for local control and monitoring of the Booster Pump Station and Tank. The new PLC's, radios, and Operator Interface Unit will be the same make as those provided on the overall Water System Improvements Project and shall be programmed to provide the same features and controls. AquaLogics will provide all system programming and configuration services to integrate the Park Street Booster Pump Station and Sunmount Tank into the overall radio and SCADA network, providing remote control and monitoring of the system identical to those provided for pump stations and tanks on the overall Water System Improvements Project.

Equipment:

Location: Park Street Booster Pump Station

Qty.1- Lot Modifications to the existing Usemco Pump Control Panel to include the following:

- Provide and install (1) Allen-Bradley MicroLogix 1400 Programmable Logic Controller (PLC)
- Provide and install (1) Allen-Bradley PanelView Plus 7, 7" color touch screen Operator Interface Unit
- Provide and install (1) PULS 240-watt, 24VDC power supply with input and output fuses as required
- Provide and install (1) Microwave Data Systems (MDS) Transnet 900 spread spectrum radio transceiver with mounting bracket and required communications cabling
- All required wire, cabling, fuses and misc. control panel hardware

Location: Sunmount Water Storage Tank

Qty.1- Lot Modifications to the existing Usemco Remote Telemetry Unit to include the following:

- Provide and install (1) Allen-Bradley MicroLogix 1400 Programmable Logic Controller (PLC)
- Provide and install (1) Microwave Data Systems (MDS) Transnet 900 spread spectrum radio transceiver with mounting bracket and required communications cabling.
- All required wire, cabling, fuses and misc. control panel hardware

Services

Qty.1- Lot field service to install the above referenced equipment in the existing control panels at each location.

Qty.1- Lot Engineering services to program all supplied PLC's and Operator Interface Units as required to provide a completely operation system.

Qty.1- Lot Engineering services for integration of booster PS and tank information into the radio telemetry and SCADA network, including incorporation of control and monitoring screens into the Pitchfork Pond OIU, DPW OIU and SCADA workstation.

Qty.1- Lot field service for system start-up and testing

Qty.1- Lot field service to provide training to operational personnel

Documentation

Qty.1- As-built drawings (marked-up copies of the existing Usemco drawings)

Pricing:

Total Net Price..... $18,875.00

Taxes

Sales or Use Taxes are not included

Warranty:

All proposed equipment is warranted against system failure due to defects in workmanship and/or materials for a period of twelve (12) months from equipment start-up, not to exceed eighteen (18) months from date of shipment from our factory. This warranty does not cover failures due to human negligence and/or acts of nature.

Freight:

FOB, Factory prepaid and included.

Delivery:

6 weeks after receipt of order

Terms:

95% Net 30 days, 5% retainage allowed, not to exceed 90 days from shipment.

Thank you for the opportunity to provide you with our quotation, should you have any questions or desire additional information please don't hesitate to contact our office.

Best regards,
AquaLogics Systems, Inc.

Hey Mary,
Good afternoon, hope you are staying cool today!
Please find attached to this email, change order 3-2 for Contract #3 and change order 4-2 for Contract #4 for consideration and processing.
If we could receive a scanned copy back of the fully signed versions, it would be greatly appreciated.
Thank you and have a great afternoon!

Re: DEC # 5-1620-00425/00001
Water Withdrawal #12,201
Tupper Lake Water Supply
Tupper Lake (V), Franklin County

Dear Mayor Maroun:

Based on a conversation between you and Department staff on July 30, 2018, we understand that the Village of Tupper Lake will not be able to meet Condition No. 20 of WWA 12, 201 regarding "meter all sources and customers". At the time, we asked the Village to look into installing meters within a five-year period. We have since received the Village's letter, dated August 9, 2018 stating that you plan to move forward with implementing a five (5) year phased metering plan.

At this time, we will be reserving our enforcement discretion with regards to WWA 12,201 Permit Condition No. 20 with the understanding that the Village is working towards providing DEC with a metering plan that can be used to modify the permit. We anticipate receiving the phased metering plan in the near future.

Sincerely,

Andrew L. Luce
Environmental Engineering Technician 3

MEETING MINUTES

Project: Village of Tupper Lake Water System Improvements – Town Water District #3 Upgrades
Contract #1 – Water Distributions System Upgrades and Water Storage Tank

Date: September 13, 2018
Time: 8:00 am
Location: Tupper Lake Police/Emergency Services Building at 21 Santa Clara Avenue

---

1. Introductions
    a. Attendees: Jeff Proulx, Mark Robillard, Carrie Tuttle, Paul O'Leary, Bill Backus, Steve Willard, Patricia Littlefield, Marc Staves, Kevin Scheuer, Bill Dechene, Carl Larson, Kevin Feuka

2. Schedule and Completion Date
    a. Jeff will prepare and submit a project schedule. Substantial completion is currently 12/31. Ability to meet this date is weather dependent.

3. Administrative Items (payment application, change orders, date & place for monthly construction meeting, etc).
    a. Payment applications and change orders for Mitchell Lane/Kildare Road and Country Club Road/Tank work must be separate because of the two distinct funding sources.
    b. Because the Town is providing short-term funding of the project, all fiscal matters must be approved first by the Town. The Village will then approve and sign the paper work with payments forwarded by the Town.
    c. Payment applications to the Town must be submitted by the first Friday of the month. Change Order 1-C and the first payment application for stored materials are scheduled for Town approval at tonight's Town Board meeting.
    d. 1st cutoff for the quantities in the next payment application will be Friday, 9/28. Progress meetings will be held the 2nd Thursday of the month 11 am at the Emergency Services Building.

4. Construction Sequencing
    a. NCC will mobilize tomorrow and start Mitchell Lane pipe work on Tuesday, 9/18. Mitchell pipe work is expected to take 7 days followed by Country Club Road pipe work to be completed before 10/8.
    b. Aquastore planning to install the tank foundation the week of 10/8.
    c. Home pressure reducing valves must be installed before tank is placed in use since tank will provide water to system while conversion from hydropneumatic to permanent high-lift pumps is made.
    d. The tank will be filled either by a temporary placement of the high-lift pump outside the pump station, or via water hauling from Tupper Lake and regional fire department trucks as needed. This is being reviewed.

5. Electrical Extension – Pole by pump station
    a. Electric conduit and wire are going in the same trench as the water. Marc has the wire in stock. He needs to know the supplier for the sectionalizing cabinets.
    b. Weydman needs a change order for time extension for base project work.
    c. Based on APA permit height allowance, the tank antenna needs to be secured to ladder and not the hand rail. Marc Staves needs input from Aqualogics on exact location of power pole at the Tamarac Drive Pump Station.

6. Questions and concerns
    a. Shop drawing for insulation, mixer and heater needed.
    b. Patti will confirm last day of Country Club operation expected to be on or about Columbus Day.
    c. Bill Dechene has concerns about cover over entrance culvert. Jeff, Bill and Kevin Scheuer to review.
    d. Developer is working on the ski lodge site generating traffic on Country Club Road. One lane of traffic must be kept open at all times.

Next progress meeting: Thursday, 10/11/18, 11:00 a.m., Emergency Services Building 21 Santa Clara Avenue

Subject: 180007 Tupper Lake/Village I/I Study - Smoke Testing
From: "Feuka, Kevin" <kevin.feuka@C2AE.COM>
Date: 9/12/2018 4:57 PM
To: "Mark Robillard (norbert0222@yahoo.com)" <norbert0222@yahoo.com>, "Mary Casagrain (villtupplake@centralny.twcbc.com)" <villtupplake@centralny.twcbc.com>, "Wegener, Maureen" <maureen.wegener@C2AE.COM>

Attached is smoke testing information sent from Steve Grimm of the New York Rural Water Association. They will be conducting the smoke testing on October 9 and 10 under C2AE Maureen Wegener's direction.

Please see Steve Grimm's email below, in particular the items highlighted in yellow. This motion will need to be made at your next Village Board meeting so the Mayor can sign the hold harmless clause.

Let me know if you have questions.

Kevin,
We should be able to smoke most if not all of the area by the sewer plant in 2 days. I have attached the smoke testing packet which includes a hold harmless for. A motion needs to be made and recorded at a Village board meeting requesting Rural Water's assistance and the mayor needs to sign it. PLEASE don't mail it to the office. Just give it to Mark to hold on to until I get there. Please contact me when you are back in the office to set a date. I have October 9, 10, 11, 23, 24, 25, 29 and 30 available at this time. Thanks.
Steve

Re: New York State Clean Water State Revolving Fund ("CWSRF")
$4,816,183.00 Short-Term CWSRF Financing and $1,605,395.00 WIIA Grant to the Village of Tupper Lake (the "Recipient")
CWSRF Project No.: C5-5534-03-00
Execution of Closing Documents

Dear ~~Mr. Schachter~~ Charlie,

In final preparation for the closing of the above-referenced financing, enclosed are copies of the following documents:

1. One (1) execution form of the **$4,816,183.00 E.F.C. Clean Water Facility Note – 2018 A**;

2. Two (2) execution copies of the Project Finance Agreement, dated as of September 27, 2018 (the "PFA");

3. Two (2) execution copies of the Closing Certificate, consistent with the form "Form of Closing Certificate," which is **Exhibit J** to the PFA;

4. Two (2) execution copies of the Supplemental Certificate, consistent with the "Form of Supplemental Certificate," which is **Exhibit L** to the PFA;

5. One (1) execution copy of a Certification For Contracts, Grants, Loans and Cooperative Agreements, 40 CFR 34, to be executed by the Recipient; and

6. One (1) execution copy of a Certification For Contracts, Grants, Loans and Cooperative Agreements, 40 CFR 34, to be executed by each contractor and subcontractor with a contract in excess of $100,000 related to the project, which is Exhibit M to the PFA.

Please note, this financing is subject to mandatory redemption in whole or in part within five Business Days of the Recipient's receipt of any grant, loan or other moneys which will finance all or

Business Days of the Recipient's receipt of any grant, loan or other moneys which will finance all or any portion of the Project being financed with this financing.

These documents have been drafted to reflect a closing date of September 27, 2018. A closing on that date will allow EFC to process the Recipient's first request for a Disbursement on October 4, 2018.

Page E-1 of the PFA specifies a minimum principal repayment if this financing extends beyond the date that a principal payment is required under Local Finance Law. The amount of the principal payment may be reduced based on actual draws and will be set forth in a billing statement by the Corporation in advance of the due date.

Please arrange for the Recipient to properly execute the Note, and each of the two (2) originals of the PFA, and the Closing Certificate. Two (2) originals of the Supplemental Certificate must also be returned with the other closing documents if the Recipient will be requesting that its initial Advance be disbursed on October 4, 2018.

The Supplemental Certificate is the vehicle by which the Recipient will request the Advance of moneys under the Note. Therefore, you should instruct your client to retain an original, blank photocopy of the Supplemental Certificate, for its use in making future requests for Advances.

The Recipient should use the work sheet on the last page of the Supplemental Certificate to determine the amount of the first Advance it is requesting. Please be advised that Exhibit K to the PFA requires that documentation evidencing project costs be provided for each disbursement request made by the Recipient. Please instruct your client to provide this documentation with each disbursement request so that EFC may disburse financing proceeds in an expeditious manner.

If you or your client has any questions regarding the procedure for completing the Supplemental Certificate, please contact EFC's Financial Services Unit at (518) 402-7085.

Please be advised, that the disbursement of financing proceeds to cover costs relating to construction may be contingent upon the Recipient's fulfilling special project condition(s). Please advise your client to take the necessary steps to fulfill any such special condition(s) in a timely manner so as not to interfere with or delay the disbursement of financing proceeds relating to construction costs.

Once all of the enclosed documents have been properly executed, please return all of them to my attention at EFC, along with two (2) executed originals of the Bond Counsel's opinion, on your letterhead, in the form attached as Exhibit H to the Project Finance Agreement. (Please note: The bond counsel opinion must be dated as of September 27, 2018).

By copy of this letter, I am also transmitting two execution copies of the Opinion of the Recipient's local counsel. I ask that both originals be executed and returned to me by the deadline set

forth below. Please do not retype this document.

In order to allow for my final review of the executed documents and a closing of this financing on September 27, 2018, please return all fully executed documents to me by no later than close of business September 20, 2018.

Please note that these documents are transmitted to you prior to certain governmental approvals which are anticipated to be received prior to closing. Therefore, the execution of the documents by EFC and closing is contingent upon receipt of such approvals.

Thank you for your prompt attention to this matter. Please call me if you have any questions or concerns, or if I can be of any further assistance.

Very truly yours,

Michael P. Hale
Deputy Counsel

Professional Services Agreement

Parties

This Agreement is made this 7th day of September, 2018 between **KB Engineering & Consulting, PLLC (a NYS S-Corp)**, in the State of New York, *Doing Business As:* **KB Consulting,** herein known as "Consultant", whose principal place of doing business is located at PO Box 210, 89 Kingsbury Road, Burnt Hills, NY 12027 AND **Village of Tupper Lake**, herein known as "Client", whose principal place of doing business is located at 53 Park Street, Tupper Lake, NY 12986, Tel. 518-3593341.

Term

This Agreement shall be in force for a period of **one year** from the date of signing unless modified and agreed to by both parties.

If either party wishes to renew this Agreement, it must provide written notice to the other party no later than thirty (30) days prior to the end of the Term.

Either party may terminate this Agreement at any time for whatever reason upon providing thirty (30) days written notice to the other party. Upon termination, the Client will only be obligated to make payments due for work performed up and to the date of termination.

Description of Services

The work to be performed by Consultant shall be on a project by project basis and includes services generally performed by Consultant in Consultant's usual line of business, including, but not limited to:

1. Municipal Engineering Review & consulting services acting under your behalf as the Municipal Designated Engineer to primarily include but not be limited to:
    a. General Engineering tasks, as may be agreed to by both parties, on a project by project basis.

Compensation

The Client agrees to pay the Consultant a fee based on the hourly rates listed below.

Normal 2018 Hourly Rate: $120.00 ***Expedited 2018 Hourly Rate: $150.00**

*Expedited 2018 Hourly Rate shall be charged for services requested and due to Client 72 hours or less from the time both parties acknowledge and agree to commence expedited services.

The Consultant shall issue Invoices for services and reimbursable expenses (See Attachment A), at Consultant's option, either upon completion of the services, completion of project milestone or on a monthly basis. Invoices shall be payable within 7 calendar days after Client receives payment from the project's clientele.

The Client agrees to pay a late fee interest charge of 1.5%, compounded monthly on the unpaid balance of an Invoice **overdue by 60 days** from Invoice date. Client agrees to pay related costs, court costs and attorney's fees incurred by Consultant in order to collect overdue Invoices.

The Consultant shall be solely responsible for the payment of applicable taxes, assessments and deductions in respect of the compensation paid by the Client under this Agreement, together with appropriate and applicable remittances, withholdings and deductions required, including without limitation, income tax, unemployment insurance, pension plan contributions, workers' compensation deductions and other remittances, withholding and reductions required by law.

Relationship of Parties

The parties agree that the relationship of the Consultant to the Client is that of an independent contractor and acknowledge that it is not the intent of the parties to create a relation of employment, partnership, agency or joint venture.

Professional Seal

The use of the Consultant's professional seal as a Professional Engineer (P.E.), shall **NOT** be part of services included under this Agreement.

The Client shall assume responsibility in obtaining and affixing applicable professional seals, required by law, for issuance of review letters, plans, reports, specifications and other construction documents prepared by the Consultant under this Agreement. The licensee who seals and signs work prepared by the Consultant as part of this Agreement is accepting of responsibility for the work as though the licensee had personally prepared all documents.

Ownership of Digital Data and Digital Data Transfer

For the purposes of this Agreement, Digital Data is defined as information, documents, communications, drawings, and designs created or stored by the Consultant for services under this Agreement.

Digital Data created or produced by Consultant under this Agreement shall become the property of the Client after transfer by Consultant.

The Consultant retains its rights to, and use or reference of the contents within Digital Data transferred to the Client. By transmitting the Digital Data, the Consultant does not grant or convey to the Client any right in the software used to generate the Digital Data.

Liability and Indemnity

To the fullest extent permitted by law, the Client shall indemnify and hold harmless the Consultant and its officers, directors, employees, agents and assigns from claims, losses, damages, liability, and associated costs (including without limitation judgments, court costs and attorney's fees) which relate to or arise directly or indirectly out of negligent acts, errors, or omissions of the Client in connection with items, goods, plans, specifications, documents and/or other services provided under this Agreement.

To the fullest extent permitted by law, the Client shall indemnify and hold harmless the Consultant and its officers, directors, employees, agents and assigns from and against claims arising from or related to the Client's modification to, misuse of, or unlicensed use of the Digital Data transferred by Consultant.

Governing Law

This Agreement shall be governed by and construed under the laws of the State of New York.

This Agreement represents the entire Agreement of the parties and may not be amended unless the same shall be in writing and signed by the parties.

IN WITNESS WHEREOF, the parties have executed this Agreement on the day and year first above written.
