Whereas our major industries of agriculture and outdoor tourism are affected by unpredictable and changing weather, and

Whereas in our lifetime we have already experienced environmental changes that have endangered our farmers' crops and our winter tourism, and

Whereas climate change, based on the known changes that have already occurred, will accelerate over the next ten years, likely changing our temperatures in our community at three times the national rate, and

Whereas there is still time to tackle climate change, but it will require effort from all sectors of society, and

Whereas to boost ambition and accelerate actions to implement the Paris Agreement on Climate Change, UN Secretary-General António Guterres will host the 2019 Climate Action Summit on 23 September to meet the climate challenges.

Now, Therefore, Be it Resolved, that the Village of Tupper Lake does hereby supports our local students in their participation in the Global Climate Strike on September 20th and our local community in the collective effort to urgently focus on climate change during the week of September 20th to 27th and into the future.
