To: Mayors, Managers, Administrators and Clerks

From: Barbara Van Epps, NYCOM Deputy Director

Re: ACTION REQUIRED – Bills Awaiting Governor's Action

The purpose of this email is to make you aware of four bills that passed both houses of the State Legislature which could have significant impacts on cities and villages throughout New York State. Although these bills have not yet been delivered to the Governor for him to approve or veto, we are asking our membership to make their position known now to ensure that the appropriate action is taken.

S. 1411-B (Griffo) – Volunteer Firefighter Cancer Disability Benefit – *NYCOM Opposes* – Unfunded Mandate

This bill would amend the General Municipal Law (GML) to mandate rather than authorize enhanced disability benefits to volunteer firefighters who develop any one of a variety of different types of cancers such as lymphatic, hematological, digestive, urinary, prostate, neurological, breast, reproductive and melanoma. The enhanced benefits would include lump sum payments for varying types and severity of cancer (in an amount not to exceed $50,000), up to 36 monthly disability payments of $1,250, and a lump sum death benefit of $50,000. NYCOM opposes this bill because of the fact that municipal governments would be mandated to fund this benefit, while having no discretion as to whether to offer the program to their volunteer firefighters. NYCOM believes this could cost local governments approximately $16 million per year.

NYCOM Letter in Opposition to S. 1411-B

S. 5925 (Hannon) – Paid Leave for Cancer Screening – *NYCOM Opposes* – Unfunded Mandate

This bill would amend § 159-b of the Civil Service Law to grant any municipal employee, among others, up to four hours of paid leave annually for cancer screening. The employee would not be required to charge leave against any other available and existing accrued leave.

NYCOM Letter in Opposition to S. 5925

S. 4622 (Golden) – Filing Deadline for Accidental Disability Benefits – *NYCOM Opposes* – Unfunded Mandate

This bill would increase the amount of time, from two years to five years, for firefighters in the NYS and Local Police and Fire Retirement System to file an application for disability benefits due to certain cancers. It should be noted that this bill was vetoed last year due to its potential fiscal impact on local governments. The cost would depend on the age, service, salary and plan of the affected firefighters, as well as whether such person would have otherwise been eligible for, or has been receiving, an ordinary disability, a performance of duty disability or a service retirement.

NYCOM Letter in Opposition to S. 4622

S. 4324 (Tedisco) – Health Insurance Contract Change Notice – *NYCOM Opposes*

This bill would mandate the time and manner in which a municipality must notify their retired officers, employees and their families of health benefit contract changes. Specifically, this legislation would require municipalities to give retirees, employees and their families a minimum of 45 days notice of any proposed health insurance plan changes prior to the governing board authorizing or approving a health insurance contract or contract change. In the case of an officer or employee that is part of a collective bargaining unit, the municipality would have to provide such notice at the time such health insurance contract is binding. While NYCOM agrees that retired officers, employees and their families should be given as much notice as possible, we believe this legislation could significantly restrict a local government's ability to make prudent fiscal decisions.

NYCOM Letter in Opposition to S. 4324

NYCOM needs your help to convince the Governor to veto these bills. Attached are the four letters we have sent to the Governor's Counsel. I ask you to send similar letters, including the bill number, to:

Hon. Alphonso David
Counsel to the Governor
State Capitol - Room 225
Albany, NY 12224
Please email the letter ASAP to me and to:

Legislative.Secretary@exec.ny.gov

If you have any questions or concerns, please feel free to email or call me (518-463-1185) and I thank you in advance for your active participation in NYCOM's advocacy efforts.

At the Public Hearing of the Board of Trustees held this date, the following were present: Mayor Paul A. Maroun, Trustees Clint Hollingsworth, Ronald LaScala and Village Clerk/Treasurer Mary A. Casagrain.

Trustee Leon LeBlanc was absent from the meeting.

Call Public Hearing To Order

Mayor Maroun called the Public Hearing to order for the purpose of hearing the public's comments on the adoption of a Best Value Procurement Policy at 5:45 pm and read the public hearing notice aloud.

Close Public Hearing At 5:59 pm

There were no comments from the public therefore Mayor Maroun closed the hearing at 5:59 pm.

At the Regular Meeting of the Board of Trustees held this date, the following were present: Mayor Paul A. Maroun, Trustees Clint Hollingsworth, Ronald LaScala and Village Clerk/Treasurer Mary A. Casagrain.

Trustee Leon LeBlanc was absent from the meeting.

Also present were Code Enforcement Officer Peter Edwards, Water/Wastewater Superintendent Mark Robillard, Fire Chief Royce Cole, Volunteer Fire Department Member Nicholas Rolley, Police Chief Eric Proulx, Department of Public Works Superintendent Robert Degrace, Electric Superintendent Mark Staves, residents Daniel Brown, Rick Dattola, Jan Yaworski, Jed Dukett, Fred and Evelyn Gadway, Lynda and John Hoyt, Wesley, Cindy, Klarrisa and Odessa Hoyt, Darcy Robillard, Christy Keniston, Danielle Cuttaia and News Reporters Dan McClelland and Aaron Carbone.

Call Regular Meeting To Order

Mayor Maroun called the Regular Meeting to order at 6:00 pm.

Pledge

Pledge of allegiance to the flag and a moment of silence and prayer for the safe return of missing teen Colin Gillis.

Local Support Thank-You

Mayor Maroun took a moment to thank the Village of Tupper Lake Police and Fire Departments, New York State Police, Franklin County Sheriff's Department, Hamilton County Sheriff's Department, DEC Forest Rangers, Syracuse Police Department, Emergency Rescue Squad, Village Departments etc. for all those who helped with last weeks funeral services for Sgt. Matthew Dana.

Open Comment Period:
The Rotary Club of Tupper Lake & The Little League Association Of Tupper Lake

On behalf of The Rotary Club of Tupper Lake and The Little League Association of Tupper Lake Mr. Rick Dattola and Mr. Daniel Brown addressed the village board members to offer their time and efforts to fund raise through their organizations to build a youth little league field in the Municipal Park. He outlined all the features they are willing to fund raise and build as their commitment to the youth of Tupper Lake, all they need is a viable location.

It was noted by Mr. Daniel Brown that there were 130-140 youth who played baseball this past spring or 42.6% of our LP Quinn Elementary School students. He added that they are willing to consider other locations within the park if the area next to the gazebo isn't agreed upon. He also highlighted the youth fields around the North Country for comparison.

Trustee Maroun added that he like the location of a field across from McDonalds.

Mayor Maroun stated that he would like to get together with the group on side to take a closer look at the plan to move the discussion forward and materialize a viable plan for the field.

Mr. Jed Dukett stated that a field in the center of town is welcomed as entertainment and excitement for the kids since it is the hub of the community and as a parent and coach doesn't want it move to a back street or off the Municipal Park footprint.

Mrs. Lynda Hoyt added that the park was given to the community for our children's use.

Mr. Rick Dattola asked the board for a timeline when we might render a final answer on the location.

Mayor Maroun advised he contact them to set up a time tomorrow or on Friday to visit and walk the park.

In closing, Mr. Daniel Brown added that additional Little League Tournaments bring families to the area and would spur economic growth to the local businesses.

Donated Computers Skidmore College

Code Enforcement Officer Peter Edwards asked if the Village would allow the Tupper Lake Computer Recycling Program to locate their donated computers from Skidmore College in the former Village Police Department in the basement of this building to be given to local students for their personal and school use. It was so moved by Trustee Maroun, seconded by Trustee Hollingsworth. (Carried 4-0)

Evelyn Gadway

Mrs. Evelyn Gadway asked what the progress was on her request to amend the Village's local law restricting the care and keeping of farm animals in the village corporation.

	Peter Edwards the Code Enforcement Officer explained that the Village and Town of Tupper Lake are in the process of reviewing and making code revisions to the local ordinances addressing farm animals and do not expect it to be finalized until after the first of the year.
Retired Sgt. Wesley Hoyt Service Plaque	Police Chief Eric Proulx and Mayor Maroun presented retired Sgt. Wesley Hoyt with a plaque and badge for his dedication and service to the community of Tupper Lake. Police Chief Eric Proulx announced that even though Sgt. Wesley Hoyt retired he has graciously offered to help us out during this transition period as our evidence officer until we can formally train a new member of the department, for this we are grateful.
Approve Local Law #1-2017 Best Value Procurement Procedure Policy	Motion by Trustee Maroun, seconded by Trustee LaScala to formally approve Local Law #1-2017 for the purpose adopting a Best Value Procurement Procedure Policy for purchasing. (Carried 4-0)

Code: Accept July Report	Motion by Trustee LaScala, seconded by Trustee Maroun to approve the July Monthly Code Report. (Carried 4-0)
13 Vachereau Street Unsafe Building	Code Enforcement Officer Peter Edwards advised the board that the Department of Public Works Department did a fine job of cleaning the 13 Vachereau Street property up and an invoice will be sent to the property owner for payment.
Other Miscellaneous Updates	Code Enforcement Officer Peter Edwards advised the board that there are two commercial properties on Demars Blvd. that are in the process of parking lot and building improvements. In addition the 344 Park Street property the former ice cream stand was been demolition and a Water Street property that is a zombie property was only having 1/3 of it's lawn mowed and the property owner has been notified to maintain 100% of the lawn areas, he advised he will follow-up with them to check on the status as the summer progresses. Lastly he advised that we are just waiting on the go ahead from Franklin County to start our work on the Zombie

Property grant which should serve as a useful tool to help with blighted properties in our community.

Police:

Wesley Hoyt to fill in as our evidence officer until a suitable replacement can be properly. It was noted that Franklin County Civil Service has formally approved his application. (Carried 4-0)

Staffing Shortages — Police Chief Proulx advised that he has discussed our staffing shortages with Saranac Lake Police Department and Franklin County Sheriff's Department and Chief Mulverhill advised he would help with shortages in our schedule as much as possible. The Village of Saranac Lake Board has denied our request for help.

Fire:

Accept July Monthly Report — Motion by Trustee LeBlanc, seconded by Trustee Hollingsworth to approve the July 2017 Monthly Fire Report. (Carried 4-0)

Accept Santa Clara Dock Donation — Motion by Trustee LeBlanc, seconded by Trustee Hollingsworth to formally accept a donation from the Upper Saranac Lake Foundation in the amount of $4,300.00 for use to build a new dock for the boat. (Carried 4-0)

Santa Clara Substation Update& Members Approved — Fire Chief Royce Cole has advised the board that the preliminary background checks for the volunteer candidates have been completed by Franklin County and he recommended we formally authorize their memberships the department accordingly.

Motion by Trustee Hollingsworth, seconded by Trustee Maroun to formally approve membership for Thomas Hall, John F. LaHart, Patrick Sullivan, William Martin, Pamela Adams, Charles Pandolph, Ray Ross and Steven Light to Company #6 for the Tupper Lake Volunteer Fire Department for our Santa Clara Substation. (Carried 4-0)

Red Cross Smoke Alarm Program — Fire Chief Royce Cole advised the board that the Red Cross has provided the Village of Tupper Lake Fire Department with 102 smoke detector units under a new program to replace old outdated smoke alarms. They have given them to the department for free and we are allowed to give 3 units per household. Members have been properly trained to install the units and we will install them for free, the new units have a 10 year life.

DPW:

The following resolution was offered by Trustee Ronald LaScala, who moved its adoption, seconded by Trustee Clint Hollingsworth to-wit:

SECOND AMENDED AND RESTATED BOND RESOLUTION OF THE BOARD OF TRUSTEES OF THE VILLAGE OF TUPPER LAKE, FRANKLIN COUNTY, NEW YORK (THE "VILLAGE"), AMENDING AND RESTATING IN ITS ENTIRETY THE BOND RESOLUTIONS OF THE VILLAGE DATED MARCH 19, 2012 AND MARCH 4TH, 2016 AND AUTHORIZING THE ISSUANCE OF UP TO $7,000,000 IN SERIAL BONDS OR BOND ANTICIPATION NOTES OF THE VILLAGE TO FINANCE THE COST OF CONSTRUCTION AND INSTALLATION OF A REPLACEMENT GROUND WATER SOURCE AND ASSOCIATED TREATMENT AND TRANSMISSION FACILITIES

WHEREAS, the Board of Trustees (the "Board") of the Village of Tupper Lake, Franklin County (the "Village" or "Tupper Lake"), by a Bond Resolution adopted on March 19, 2012 (the "Original Bond Resolution"), previously authorized the issuance of $3,500,000 in serial bonds of the Village to finance the estimated cost of the replacement of its potable water source and construction of a ground water source, including (i) installation of two (2) production wells on the grounds of the Village's existing wastewater treatment plant, located on Water Street (each, a "Production Well"), (ii) construction of two (2) treatment and control buildings to be located at the site of each Production Well (collectively, the "Buildings"); (iii) construction and installation of a twelve-inch transmission main from the Buildings to the existing water main on Demars Boulevard; and (iv) including any ancillary or related work required in connection therewith, including the acquisition of equipment and furnishings, machinery, apparatuses, appurtenants, and any engineering and other preliminary costs, legal expenses and other costs incidental to the financing thereof (the "Original Project"); and

WHEREAS, the Original Project was being undertaken by the Village in response to and in compliance with a State of New York Department of Health ("DOH") Administrative Tribunal Stipulation, dated April 13, 2010, as amended to date (Docket No. 20100192) (the "2010 Consent Order"), which 2010 Consent Order identified a violation of applicable DOH regulations and required the Village to undertake certain specified actions towards completion of capital improvements to the Village's water supply system, consisting of upgrades to the Village's filtration plant or replacement of the filtration plant with a new groundwater source of supply (the "DOH Mandated Corrective Actions"); and

WHEREAS, the Village Board learned that the capital improvements to be undertaken as part of the Original Project would not be adequate to develop a replacement potable water source, as required by the 2010 Consent Order; and

WHEREAS, the Village adopted on March 4th, 2016 a second bond resolution in the amount of $6,500,000.00 (First Amended Bond Resolution) and modified the capital improvements to be undertaken to the Village's water supply system to comply with the 2010 Consent Order and the 2016 Consent Order (as hereinafter defined), in accordance with the recommendations set forth in the "Preliminary Engineering Report for Potable Groundwater Supply & Water Distribution System Improvements", dated September 2014 (the "Engineer's Report"), prepared for the Village by Capital Consultants, Inc. (d.b.a. Capital Consultants Architecture and Engineering, Inc.), which recommended improvements consisting of the following: (a) the installation of two (2) new production wells, to be situated on a parcel owned by Lyme Adirondack Timberlands I LLC, located near Pitchfork Pond (Tax Map Parcel 469-1-1) (the "Lyme Adirondack Timberlands Property"); (b) the construction of a well station building to house such production wells (the "Well Station Building"); (c) the construction and installation of a new three-phase electric transmission service line along Kildare Road and across the Lyme Adirondack Timberlands Property to the Well Station Building, (d) the construction of a new booster pump station, (e) the construction and installation of approximately 23,000 linear feet of new water main, including new 12-inch transmission main, along Kildare Road in the Town of Tupper Lake (the "Town"), and the replacement, upgrade and looping of 8-inch water main along McLaughlin Avenue and various other roads within the Town and the Village, and (f) all ancillary and related work in connection therewith, including the acquisition of lands or easements or rights of way therein, installation of fire hydrants and valves, road restoration, the acquisition of equipment, machinery, apparatus and furnishings, and all engineering and preliminary costs, legal expenses, and other costs incidental thereto or the financing thereof (collectively, the "Project"); and

WHEREAS, the bid amounts to complete the work the Village contemplates is necessary to satisfy the Village's obligations under the Consent Orders and to provide safe, and convenient water supply and distribution system that works in the best interests of the residents of the Village exceeded the Village's authority to borrow and spend pursuant to the Original and First Amended Bond Resolution; and

WHEREAS, by resolutions dated September 21, 2015 and October 19, 2015, the Village Board determined that (i) the actions and improvements included in the Project constitute a "Type I" action pursuant to the provisions of the New York State Environmental Quality Review Act and the regulations promulgated thereunder (6 NYCRR Part 617) (collectively, "SEQRA"), (ii) the Village Board assumed lead agency status for purposes of conducting a coordinated review of the Project for purposes of SEQRA, (iii) the Project will not result in any significant adverse environmental impacts, and (iv) a "negative declaration" has been issued and circulated, in accordance with the requirements of SEQRA; and

WHEREAS, the Project is being undertaken in response to both the 2010 Consent Order and a separate DOH Administrative Tribunal Stipulation, dated February 22, 2016 (Docket No. 20160131) (the "2016 Consent Order"), which 2016 Consent Order identified an additional violation of applicable DOH regulations and requires the Village to undertake the DOH Mandated Corrective Actions; and

WHEREAS, the Board now intends to amend and restate the Original and First Amended Bond Resolutions in their entirety pursuant to the terms of this resolution for the purpose of, among other things, (a) restating the improvements to be made to the Village's potable water supply system to include all of the improvements included in the Project; and (b) increasing the amount of serial bonds authorized to be issued thereunder from $6,500,000 to $7,000,000.

NOW THEREFORE, THE BOARD OF TRUSTEES OF THE VILLAGE OF TUPPER LAKE, FRANKLIN COUNTY, NEW YORK HEREBY RESOLVES (by the affirmative vote of not less than two-thirds of all the members of such body), TO AMEND AND RESTATE THE ORIGINAL AND FIRST AMENDED BOND RESOLUTIONS IN THEIR ENTIRETY, TO READ AS FOLLOWS:

SECTION 1. The Village is hereby authorized to issue up to $7,000,000 principal amount of serial bonds (including, without limitation, statutory installment bonds) pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (the "Law") to finance the cost of the Project. It is hereby determined that the maximum estimated cost of the aforementioned specific objects or purposes is $7,000,000, said amount is hereby appropriated therefore, and the plan for the financing thereof shall consist of (i) the issuance by the Village of up to $7,000,000 in serial bonds to be issued pursuant to this resolution, or bond anticipation notes issued in anticipation thereof, to finance said appropriation, (ii) the application of any grant funds expected to be received by the Village with respect to the Project, and (iii) the levy and collection of taxes on all the taxable real property in the Village to pay the principal of its bonds and the interest thereon as the same shall be due and payable.

SECTION 2. It is hereby determined that the period of probable usefulness for the aforementioned specific object or purpose is forty (40) years, pursuant to subdivision 1. of paragraph a. of Section 11.00 of the Law.

SECTION 3. The temporary use of available funds of the Village, not immediately required for the purpose or purposes for which the same were borrowed, raised or otherwise created, is hereby authorized pursuant to Section 165.10 of the Law, for the capital purposes described in this resolution. The Village shall reimburse such expenditures with the proceeds of the bonds or bond anticipation notes authorized by Section 2 of this resolution. This resolution shall constitute a declaration of "official intent" to reimburse the expenditures authorized by Section 1 hereof with the proceeds of the bonds and bond anticipation notes authorized herein, as required by United States Treasury Regulations Section 1.150-2.

SECTION 4. The final maturity of the bonds herein authorized to be issued shall be in excess of five (5) years measured from the date of issuance of the first serial bond or any bond anticipation notes issued in anticipation of said bonds issued pursuant to Section 1 of this resolution.

SECTION 5. Each of the serial bonds authorized by this resolution and any bond anticipation notes issued in anticipation of said bonds shall contain the recital of validity prescribed by Section 52.00 of the Law and said serial bonds and any bond anticipation notes issued in anticipation of said bonds shall be general obligations of the Village, payable as to both principal and interest by a general tax upon all the real property within the Village without legal or constitutional limitation as to rate or amount. The faith and credit of the Village are hereby irrevocably pledged to the punctual payment of the principal and interest on said serial bonds and bond anticipation notes and provisions shall be made annually in the budget of the Village by appropriation for (a) the amortization and redemption of the bonds and bond anticipation notes to mature in such year and (b) the payment of interest to be due and payable in such year.

SECTION 6. Subject to the provisions of this resolution and of the Law, pursuant to the provisions of Section 30.00 relative to the authorization of the issuance of bond anticipation notes or the renewals of said obligations and of Section 21.00, Section 50.00, Section 54.90, Sections 56.00 through 60.00 and Sections 62.10 and 63.00 of the Law, the powers and duties of the Board relative to authorizing serial bonds and bond anticipation notes and prescribing terms, form and contents as to the sale and issuance of bonds herein authorized, including without limitation the determination of whether to issue bonds having substantially level or declining debt service and all matters relating thereto, and of any bond anticipation notes issued in anticipation of said bonds, and the renewals of said bond anticipation notes, are hereby delegated to the Treasurer of the Village, as the chief fiscal officer of the Village (the "Village Treasurer"). Further, in connection with bonds and bond anticipation notes issued under the authority of Section 1 hereof, the power to issue and sell bonds or bond anticipation notes to the New York State Environmental Facilities Corporation pursuant to Section 169.00 of the Law is hereby delegated to the Village Treasurer. Such bonds or notes shall be of such terms, form and contents as may be prescribed by said Treasurer consistent with the provisions of the Local Finance Law. Further, pursuant to paragraph b. of Section 11.00 of the Law, in the event that bonds to be issued for any of the objects or purposes authorized by this resolution are combined for sale, pursuant to paragraph c. of Section 57.00 of the Law, with bonds to be issued for one or more objects or purposes authorized by other resolutions of the Board, then the power of the Board to determine the "weighted average period of probable usefulness" (within the meaning of paragraph a. of Section 11.00 of the Law) for such combined objects or purposes is hereby delegated to the Village Treasurer, as the chief fiscal officer of the Village.

SECTION 7. The Village Treasurer is hereby further authorized, at her sole discretion, to execute a project financing and loan agreement, and any other agreements with the New York State Department of Environmental Conservation and/or the New York State Environmental Facilities Corporation, including amendments thereto, and including any instruments (or amendments thereto) in the effectuation thereof, in order to effect the financing or refinancing of the specific objects or purposes described in Section 1 hereof, or a portion thereof, by a serial bond, a statutory installment bond and/or a bond anticipation note issue in the event of the sale of same to the New York State Environmental Facilities Corporation.

SECTION 8. The Village Treasurer is hereby further authorized to take such actions and execute such documents as may be necessary to ensure the continued status of the interest on the bonds authorized by this resolution and any notes issued in anticipation thereof, as excludable from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and to designate the bonds authorized by this resolution and any notes issued in anticipation thereof, if applicable, as "qualified tax-exempt bonds" in accordance with Section 265(b)(3)(B)(i) of the Code.

SECTION 9. The Village Treasurer is further authorized to enter into continuing disclosure undertaking with or for the benefit of the initial purchaser of the bonds or notes in compliance with the provisions of Rule 15c2-12, promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934.

SECTION 10. The intent of this resolution is to give the Village Treasurer sufficient authority to execute those applications, agreements and instruments, or to do any similar acts necessary to affect the issuance of the aforesaid serial bonds or bond anticipation notes without resorting to further action of this Board.

SECTION 11. The validity of the bonds authorized by this resolution and of any bond anticipation notes issued in anticipation of said bonds may be contested only if:

(a) such obligations are authorized for an object or purpose for which the Village is not authorized to expend money; or

(b) the provisions of law which should be complied with at the date of the publication of such resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty (20) days after the date of the publication undertaken in accordance with Section 12 hereof; or

(c) such obligations are authorized in violation of the provisions of the Constitution.

SECTION 12. The Village Clerk is hereby authorized and directed to cause a copy of this resolution, or a summary thereof, to be published in in the official newspaper of the Village for such purpose, together with a notice of the Village Clerk in substantially the form provided in Section 81.00 of the Law.

Resolution of Support
NYS Recreation Corridor

The Village of Tupper Lake hereby reaffirms its support of the Remsen-Lake Placid development plan as put forth by the State in 2016 Unit Management Plan. We recognize the important economic development, tourism, and health benefits that construction of the Adirondack Rail Trail will bring to our constituents. We urge the State to take every step necessary to expedite the appropriate procedural actions to allow construction of the corridor to continue including the appeal of Judge Main's rail corridor decision.

We further urge Governor Cuomo to take any necessary action or authority to designate the Lake Placid to Tupper Lake rail corridor as a NYS Recreation Corridor.

Resolution passed at the Regular Board meeting held on October 18, 2017.

State of New York
County of Franklin SS:
Town of Tupper Lake

I, Mary A. Casagrain, Village Clerk/Treasurer of the Village of Tupper Lake, Franklin County, New York

DO HEREBY CERTIFY, that I have compared the foregoing with the original minutes of the Village Board of the Village of Tupper Lake at a Meeting of said Board of Trustees of the Village of Tupper Lake held on the 18th day of October, 2017 and that the foregoing is a true and correct transcript of said original minutes and the whole thereof, and that said original minutes are on file in my office.

I DO FURTHER CERTIFY that each of the members of said Village Board had due notice of said meeting and that Mayor Paul Maroun, and Village Trustee were present at such meeting.

IN WITNESS THEREOF, I have hereto set my hand seal of the Village of Tupper Lake, this 18th day of October, 2017.

Resolution
Requesting the Inclusion of a Community Connector East of Carry Reservoir in the Draft Five Mile and Kildare Easement Amendment.

Whereas the NYSDEC has released a Draft Amendment to the Kildare and Five Mile Recreation Management Plans and is requesting public comment, and

Whereas the amendment proposes to develop a connector road between the Five Mile and Kildare easements, but fails to address other recreational opportunities as outlined in the Racquette Boreal UMP pertaining to a snowmobile connector on the east side of Cary Falls Reservoir, and

Whereas In 2012 A Study Committee was formed requesting the development of a Snowmobile Community Connector Trail per option 2 of the Racquette Boreal UMP between Franklin and St. Lawrence Counties on the East Side of Cary Reservoir, and the D.E.C. a party to these conversations on numerous occasions, and

Whereas the Draft amendment to the Easements does not include plans for this snowmobile route that has been repeatedly requested by several entities, including municipalities and that is vital to the snowmobile trail systems in St. Lawrence and Franklin Counties, and

Whereas The Racquette Boreal UMP acknowledged the importance of a snowmobile route on the east side of Cary Reservoir and listed alternative routes, but took a "no action" approach, and

Whereas eleven years have lapsed since the completion of the Racquette Boreal UMP and there is no snowmobile community connector trail on the east side of Cary Reservoir connecting Franklin and St. Lawrence Counties and the communities of Tupper Lake, Colton, Parishville and points north and which provides a connection to Santa Clara and points east, despite repeated requests for development of such a route, and

Whereas Page 17 section 4.4-B-ii Specific Plan Guidelines for Snowmobiles and P. 27 section 4.8-2 New Road, Trails, Parking Lots of the Five Mile Conservation Easement articulate language that provides the DEC with the ability to develop a snowmobile corridor between the Five Mile Conservation Easement and the Lassiter Conservation Easement, and

Whereas the Village of Tupper Lake believes such a trail would enhance regional tourism and reap economic benefit for businesses and State and Local government, and

Therefore it is resolved the Village of Tupper Lake supports the road as proposed in the amendment as it will provide improved access for a multitude of recreational purposes, and

Therefore it is resolved the Village of Tupper Lake requests implementation of option 2 pertaining to the Snowmobile trail as outlined in the Racquette Boreal UMP be included in the above draft amendment, and

Therefore it is resolved the Village of Tupper Lake requests a joint meeting with NYSDEC, Franklin and St Lawrence Count Officials, The Towns of Tupper, Hopkinton, Parishville, Colton, Franklin County and the St Lawrence County Snowmobile Associations, and

Therefore it is resolved the Village of Tupper Lake requests the trails development and requests the office of N.Y.S. governor Andrew Cuomo, the N.Y.S. Department of Environmental Conservation and the Adirondack Park Agency commence any and all actions necessary to bring this important snowmobile community connector to fruition, and

And be it further resolved the Village of Tupper Lake forward a copy of this resolution with supporting documents to Governor Andrew Cuomo, State Elected Officials, County Elected Officials, Adirondack Park Agency Local Government Review Board, the N.Y.S. DEC Commissioner, Director of the Adirondack Park Agency, Chairperson, Adirondack Park Agency, Access Adirondacks, Director N.Y.S. Snowmobile Association, Dec Region 6 Director, Dec Region 5 Director, the Adirondack Association of Towns and Villages, Access Adirondacks.

Dear Assistance to Firefighters Grant Program Applicant:

On behalf of the Federal Emergency Management Agency's (FEMA) Grant Programs Directorate, I would like to thank you for applying for assistance under the Fiscal Year (FY) 2016 Assistance to Firefighters Grant (AFG) Program. Regrettably, and after careful consideration and review, your application did not score high enough to receive further consideration through the panel review process. We regret that the news could not be more favorable.

As you are aware, the AFG Program is among the Department of Homeland Security's (DHS) and FEMA's most competitive grant programs. In FY 2016, FEMA received over 9,770 AFG applications, requesting more than $2.1 billion in feder al assistance. The large number of applications received and the finite amount of available funding resulted in many commendable applicants not being funded and accentuates the highly competitive nature of this program. FEMA encourages your organization to apply for the FY 2017 AFG funding opportunities, opening later this fall.

Given the high number of applications received, the Assistance to Firefighters Grants Program is unable to provide your organization with an individualized comprehensive review of your application at this time. However, we offer a webinar to assist you in understanding our decision and to help you in preparing future applications. For additional information, please visit https://www.fema.gov/assistance-firefighters-grants-turndown-webinar-schedule .

Your interest in the AFG Program reminds us that America's fire and emergency medical services organ izations continue to have great need for support. FEMA and DHS will continue to work closely with and support the Nation's first responders and their vital work. Thank you again for your dedication and commitment.

Regards,

C. Gary Rogers

RE: Jurisdictional Determination J2017-0585

Dear Mr. Maroun:

The proposed construction of a bandshell described in the materials received on September 18, 2017 does not require a permit or variance from this Agency, provided the facts submitted are accurate and complete, and provided there is compliance with the restrictions below.

Description

It is our understanding that the project consists of the following:

1. The property is a 0.5±-acre parcel having shoreline on Raquette Pond and is located in the Town of Tupper Lake, Franklin County, tax map designation 490.59-1-1.

2. The property is owned by the Village of Tupper Lake, as described in a deed recorded in Liber 473 of Deeds, page 430, in the Franklin County Clerk's Office.

3. A review of the history of your property since the May 22, 1973 enactment date of the Adirondack Park Land Use and Development Plan is not necessary for the Agency to make a determination on your current proposal. As such, this determination makes no reference as to the deed history of this property.

4. The property is currently vacant.

5. The Village of Tupper Lake proposes to construct a bandshell as shown on the sheet plans (C-101, C-102, C-103, C-104, C-501) prepared by KB Engineering and Consulting PLLC entitled, "Flanders Performance Park Proposed Community Bandshell Contract # 1000656" dated August 18, 2017. For purposes of Agency review, the plans have been stamped "Final".

No additional subdivision or new land use and development is proposed at this time.

If any of the above is incorrect, please contact the Agency as a different determination could result.

FOR YOUR INFORMATION:

This determination is based upon the existing laws, regulations and Park Plan Map administered by the Agency. If they change before substantial commencement of the proposed project, this determination may also change.

The property is located in a Hamlet land use area on the Adirondack Park Land Use and Development Plan Map.

Agency staff has determined that there are no wetlands subject to Agency jurisdiction on the property, based on interpretation of wetland maps available for Franklin County. However, field inspection by Agency staff is the only way to confirm the presence, location and size of wetlands (particularly along the shoreline). If you have reason to believe that any wetlands would be affected by the proposal, you are encouraged to contact the Agency to arrange a site visit prior to undertaking the project.

The property is not located in a statutory critical environmental area.

The property is not located in a designated river area pursuant to the New York State Wild, Scenic and Recreational Rivers System Act.

Restrictions

Although the proposed project described above does not require an Agency permit, the following restrictions are imposed by law.

1. In a Hamlet land use area, any new structure over 100 square feet in size (except docks and boathouses - see definitions in the enclosed flyer) must be set back at least 50 feet from the mean high water mark of any river or stream which is navigable by boat, including canoe, and all lakes and ponds. Structure setbacks are measured horizontally from the closest part of the structure to the mean high water mark. For the purposes of applying the setback requirements, a structure consists of all attached components, including, but not limited to porches, decks, and staircases.

   Vegetative cutting restrictions apply to the shoreline of any navigable water body. The removal of any vegetation is limited within 6 feet of the high water mark. The cutting of trees is limited within 35 feet of the high water mark. Enclosed is a flyer which further describes the shoreline restrictions.

The proposal may require approvals from other government entities. We recommend that you check with Town authorities to obtain all necessary approvals prior to beginning your project.

If you have any questions, please do not hesitate to contact the Agency.

Sincerely,

Douglas W. Miller
Project Administrator

NEW YORK STATE OF OPPORTUNITY. | Adirondack Park Agency

SHORELINE RESTRICTIONS

This is a supplement to the Citizen's Guide, which provides basic information about Adirondack Park Agency regulations.

Pursuant to §806 of the Adirondack Park Agency Act, the following restrictions apply regardless of whether an Agency permit is required for a new land use or development or subdivision.[1] Additional restrictions may also apply to the shoreline of rivers included in the New York State Wild, Scenic, and Recreational River System.

STRUCTURE SETBACKS
(these setbacks do not apply to docks and boathouses; see below)

Any new structure[2] exceeding 100 square feet in size must comply with the following minimum setback distances from the mean high water mark (the average annual high water level) of any lake or pond or any river or stream navigable by boat, including canoe:

Hamlet	***50 feet***	***Rural Use***	***75 feet***
Moderate Intensity Use	***50 feet***	***Resource Management***	***100 feet***
Low Intensity Use	***75 feet***		

Structures that are only partially located within the setback, as well as individual structures that are attached to each other, are measured in their entirety for the purpose of implementing these restrictions.[3] The setback is measured horizontally along the shortest line between any point of the structure and any point on the shoreline at the mean high water mark. The Agency will locate the mean high water mark upon request of any landowner contemplating development.

Structures that lawfully exist within a shoreline setback area may be replaced or rebuilt in the same location or immediate vicinity. Effective December 31, 2008, the following changes to the dimensions of a lawfully existing structure within the setback area require a variance, whether the changes occur through expansion or replacement: (i) location of the structure any closer to the mean high water mark; (ii) any increase in height; (iii) any increase in footprint; or (iv) any increase in width. However, an increase of up to two feet in height of a single family dwelling or mobile home[4], an increase of up to 250 square feet of footprint to the rear (non-shoreline side) of a single family dwelling or mobile home, and/or the addition of a stoop no larger than 25 square feet providing access to the rear or side of a single family dwelling or mobile home does not

---

1 The shoreline restrictions of APA Act §806 are incorporated in the Agency-approved local zoning program for the Towns of Arietta, Bolton, Caroga, Chester, Chesterfield, Colton, Day, Edinburg, Hague, Horicon, Indian Lake, Johnsburg, Newcomb, Queensbury, Westport, and Willsboro, and the Town and Village of Lake George. Advice on requirements and variance procedures may be obtained from the local code enforcement officer.

2 The term structure includes decks, stairways, porches, sheds, fences, picnic shelters, cabins, lean-tos, etc. Motor vehicles and trailers that are registered with the DMV, have a current inspection sticker, and are not connected to an in-ground wastewater treatment system are generally not considered structures subject to the setback requirements.

3 Structures may be considered attached for Agency purposes if they are less than ten feet apart or structurally integrated. However, stairways, patios and walkways are considered individual structures for replacement purposes, regardless of their attachment to other structures. Please contact the Agency for more information.

4 For the purpose of implementing 9 NYCRR ' 575.5, the height of buildings with roof ridgeline(s) is measured at the highest point of the highest roof ridgeline. The height of buildings without roof ridgeline(s) is measured at the highest point of the structure.

require a variance. There are minor expansions allowed for other types of lawfully existing shoreline structures, as well; please contact the Agency for more information.

No variance is required for any replacement or expansion undertaken outside the shoreline setback area.

DOCKS AND BOATHOUSES

A structure that constitutes a dock or boathouse pursuant to the definitions referenced below is not subject to the shoreline setback requirements.

> **Dock** is defined under §570.3(j) of Agency regulations. In general, a dock is a floating or fixed structure that is no more than eight feet in width, including at its attachment to a shoreline or boathouse, and is used for securing and/or loading or unloading water craft and/or for swimming or water recreation. A structure that meets this definition is considered a dock below the mean high water mark and a boardwalk, deck, or other structure upland of the mean high water mark. Docks that are hoisted or suspended above water level for storage must conform to additional parameters.
>
> **Boathouse** is defined under §570.3(c) of Agency regulations. In general, a boathouse is a covered structure with direct access to a body of water that is used only for the storage of boats and associated equipment, does not contain sanitary plumbing of any kind, does not exceed a single story in that the roof rafters rest on the top plate of the first floor wall, and has a footprint of 1200 square feet or less and a height of fifteen feet or less. The footprint of a boathouse is measured at the exterior walls, or at the perimeter of the roof if the roof is flat or there are no exterior walls. The height of a boathouse is measured from the surface of the floor serving the boat berths to the highest point of the structure. A structure within the Lake George Park may be a boathouse even if it does not meet this definition, provided the structure is in compliance with a permit from the Lake George Park Commission.

MINIMUM LOT WIDTHS

Any subdivision creating a new parcel on which a new principal building will be constructed must comply with the following lot widths, as measured along the shoreline at the mean high water mark. This standard applies even when no Agency permit is required for the subdivision.

Hamlet	***50 feet***	***Rural Use***	***150 feet***
Moderate Intensity Use	***100 feet***	***Resource Management***	***200 feet***
Low Intensity Use	***125 feet***		

Additional shoreline lot width may be required for (i) providing deeded or contractual access to water bodies and (ii) the creation of lots in designated Scenic and Recreational River areas.

SEWAGE SYSTEM SETBACKS

Any new leaching facility (including a seepage pit, drainage field, outhouse, or pit privy) receiving any form of household effluent must be set back at least 100 feet from any water body, including an intermittent stream with a defined bed and bank. The setback is measured horizontally along the shortest distance from the mean high water mark to the closest point of the leaching facility. New York State Department of Health standards also require that the absorption field (leaching

facility) of any new on-site sewage disposal system be installed at least 100 feet from the source of any water supply system.

Alteration or replacement of a lawfully existing leaching facility located within 100 feet of a water body must occur in conformance with the setback requirements to the greatest extent possible, with the leaching facility located no closer to the mean high water mark, and must provide enhanced treatment.

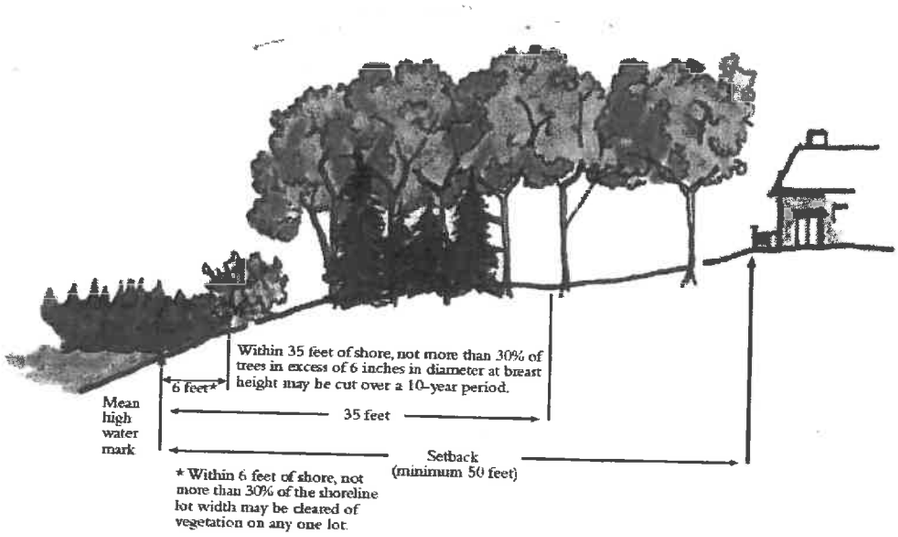
Upon the expansion of any structure to allow for an actual or potential increase in occupancy, the leaching facility serving the structure must be located at least 100 feet from all water bodies.

SHORELINE CUTTING RESTRICTIONS

Except to allow for the removal of diseased vegetation and rotten or damaged trees, all vegetative cutting on a parcel with shoreline on a lake, pond, or navigable river or stream must comply with the following restrictions:

(a) Within 35 feet of the mean high-water mark, no more than 30 percent of the trees in excess of six inches diameter at breast height (4½ feet above ground) may be cut over any 10-year period.

(b) Within 6 feet of the mean high-water mark, no more than 30 percent of any vegetation may be removed.



This flyer is intended to provide general information regarding Agency jurisdiction. Other provisions or restrictions may apply if an Agency permit or variance is required or if the property has previously been subject to Agency review.

Please contact the Agency with any questions at 518-891-4050. For a binding written response as to whether a specific proposal requires Agency review, please submit a Jurisdictional Inquiry Form (JIF). The JIF form is available on the Agency website at www.apa.ny.gov/Forms/jiform.pdf.

Dear Mayor Maroun:

On behalf of Governor Andrew M. Cuomo, I am pleased to inform you that your community has been awarded a NYS Water Infrastructure Improvement Act (WIIA) grant for the above referenced project.

Your WIIA grant has been awarded in an amount not to exceed $1,605,395, based on information provided in your application, including total estimated eligible project costs. The Environmental Facilities Corporation (EFC) will determine the actual amount of your grant when the project is complete and EFC confirms the final project costs. Your grant may be reduced if total project costs are less than anticipated or if your project receives grant from another source.

Please confirm your acceptance of the grant award and intent to proceed with this project by completing and signing the enclosed form and e-mailing it to nyswatergrants@efc.ny.gov no later than **October 27, 2017**. Without your confirmation, we may bypass your project and award these grant funds to another community. If you choose to proceed with entering into a Clean Water State Revolving Fund (CWSRF) project finance agreement with EFC, unless otherwise notified by the Corporation, the Village must execute an agreement with EFC no later than April 15, 2019 or the grant award may be forfeited.

Upon receipt of the confirmation, members of our EFC team will contact you to guide you through the program requirements and financing process and to answer any of your questions.

We appreciate your interest in the WIIA program. We look forward to working with you on your water quality improvement project.

Sincerely,

Sabrina M. Ty

GRANT OF EASEMENT

THIS INDENTURE made this 20 day of September, 2017

BETWEEN

The Town of Tupper Lake, a municipal corporation with offices at 120 Demars Boulevard, Tupper Lake, New York 12986 herein referred to as "Grantor"

and

The Village of Tupper Lake, a municipal corporation with offices at 53 Park Street, Tupper Lake, New York 12986 herein referred to as "Grantee"

WITNESSETH:

WHEREAS, Grantor Town of Tupper Lake is the owner of all that tract, piece or parcel of land situate in the Town of Tupper Lake, and being all the streets, avenues, highways, lanes and alleys described in a Deed dated March 26, 1919 and recorded in the Franklin County Clerk's Office on April 14, 1920 in Book 168 of Deeds at page 91; and

WHEREAS, Grantee Village of Tupper Lake is required to furnish, install and maintain water transmission mains and electric service lines within the full width of a portion of the Kildare Road right-of-way for purposes of compliance with USEPA Administrative Order Docket Number SDWA-02-2016-8023; and

WHEREAS, the parties have agreed to allow the water transmission mains and electric service lines to be installed and maintained pursuant to the terms set forth herein;

Now therefore for valuable consideration, the parties hereby agree as follows:

1. Grantor hereby grants to Grantee a permanent, non-exclusive easement along the Property for the sole purpose of installing, maintaining and repairing the proposed utilities. Said easement shall be the full and complete width of the right-of-way of Kildare Road, the center line of which is described as follows and is shown on the map annexed here to Exhibit A ("easement area"):

   Beginning at a centerline point of the Kildare Road right-of-way located on the Village of Tupper Lake corporation limits coinciding with the Town of Tupper Lake corporation limits, and extending from said beginning point a distance of 10,800 +/- feet in a general northerly direction to a point of termination.

2. Grantee and its agents and representatives may enter upon the easement area for the purpose of construction and installing, maintaining, operating, inspecting, repairing,

protecting, replacing, relocating, reconstructing as necessary the water transmission mains and electric service lines, upon the signing of this Grant of Easement.

3. The water transmission mains and electric service lines and appurtenances thereto within the easement area shall remain the property of the Grantee, its successors and assigns under its or their supervision and control, but the Grantor reserves the underlying fee title and ownership of the easement area, subject to the rights and privileges hereby granted, together with the right to use and enjoy the easement area provided that such use shall not interfere with the constructing, maintenance, operation, repair, replacement, relocation, reconstruction or change in said water transmission mains, electric service lines and appurtenances, or cause damage or injury thereto.

4. Grantee agrees that as a condition of this Grant of Easement, that whenever any work is done on the Property as authorized herein for water or electric system improvements now or in the future, Grantee will restore the surface of the easement area and any adjoining Property to substantially the same condition as before work was commenced, without expense to the Grantor. Grantee will cause to be remedied satisfactorily any actual damage caused by the Grantee, its agents or employees in exercising the rights, privileges, and easement hereby granted.

5. Grantee agrees to adequately guard and protect all excavations made by the Grantee or its agents or representatives in connection with the installation of the water transmission mains and electric service lines in the easement area. Grantee indemnifies, defends and holds harmless Grantor for any loss, claim, suit or damages that occur as a result of any action or inaction taken by the Grantee in connection with this easement. Grantor indemnifies, defends and holds harmless Grantee for any loss, claim, suit or damages that occur as a result of any action or inaction taken by the Grantor in connection with this easement.

6. No further use of the easement area is granted hereunder, it being specifically understood and agreed that the Grantee may not use any portion of the Property for any other purpose.

7. Grantor represents and warrants to Grantee the ownership of the Property on which the easement is located. The easement granted and covenants provided herein shall be permanent and shall run with the land and shall be binding upon and inure to the benefit of the Grantor and Grantee and their respective heirs, successors and assigns.

IN WITNESS WHEREOF, the parties have duly executed this instrument on the date set for above.

FIFTH RENEWAL TO THE
INCREMENTAL POWER SUPPLY AGREEMENT

This fifth renewal to the Incremental Power Supply Agreement ("Renewal"), dated _____, 2017 is made by and between the New York Power Authority ("NYPA" or the "Authority") and Village of Tupper Lake ("Customer"). NYPA and the Customer are collectively referred to as the "Parties."

FACTUAL RECITALS

The Authority supplies electric power to the Customer in accordance with the Customer's 1986 Application for Service, as amended and extended, which includes provisions for the sale and purchase of hydroelectricity and incremental electricity.

The Parties entered into an Incremental Power Supply Agreement ("Incremental Agreement") on April 30, 2007 as a supplement to the 1986 Application for Service to supersede any prior agreement between the Parties pertaining to NYPA's supply of incremental electricity to the Customer.

Under the Incremental Agreement, the Customer agreed, *inter alia,* to purchase its full incremental electricity needs from NYPA for a two-year term commencing midnight January 1, 2008 and expiring on 11:59 p.m. December 31, 2009, which may be renewed successively by mutual written agreement for a one year term each year thereafter.

Consistent with the Incremental Agreement, the Parties successively executed timely, written agreements, on December 10, 2009 and December 14, 2010, for the renewal of the Incremental Agreement for the term January 1, 2010 through December 31, 2010 and for the term January 1, 2011 through December 31, 2011.

The Parties mutually agreed in writing to renew the Incremental Agreement for a three-year term, on November 21, 2011, commencing January 1, 2012 through December 31, 2014.

The Parties mutually agreed in writing to the First Amendment to the Incremental Power Supply Agreement on November 17, 2014 which i) permitted the Incremental Agreement's renewal for terms of either one, two or three additional years, as may be mutually agreed in writing by the Parties; and ii) renewed the Incremental Agreement for a three-year term commencing January 1, 2015 through December 31, 2017.

The Parties now seek to renew the Incremental Agreement to extend its term for three years, commencing January 1, 2018 through December 31, 2020.

Now, Therefore, in consideration of the premises and covenants herein, the Parties hereby agree as follows:

1. To renew the Incremental Agreement for a three-year term, effective midnight January 1, 2018 and expiring on 11:59 PM on December 31, 2020.

2. Except as provided in Section 1 of this Renewal, all other terms and conditions of the Incremental Agreement remain in full force and effect.

In Witness Whereof, the Authority and the Customer have executed this Renewal to the Incremental Agreement on the date written above.

Re: RJD from Village of Tupper Lake – Woulf Avenue

Dear Nathan:

My clients attended the Planning Board meeting two months ago with drawn plans for four duplex units. We presented the plan to the Planning Board and requested a public hearing.

The Planning Board asked for additional items, such as landscaping plans, modifications to the building plans and information regarding matters such as public safety vehicle turn around and parking designs. They also wanted additional items added to the drawing, clarifying matters such as where the garage entrances and exits were and where additional off street parking would be located.

A new set of plans was delivered to the Town; however, the Planning Board declined to approve the public hearing as they wanted more information.

There were issues with the plans regarding ingress and egress to the residential structure from the garage and additional building code questions.

My clients have determined that the changes that are being requested to the plans and the additional cost and expense of again revising the plans makes the project not feasible for them to undertake. Accordingly, they are requesting that the transaction be cancelled and that their deposit be returned.

Please contact me with any questions you may have.

Sincerely,

Kirk Gagnier
